

## The Man Who Makes Comparisons Will Buy His Next Suit at BIEBER'S

Our system of pricing insures men a material saving. Men who have looked around tell us that no store approaches us in values. If every man would make comparison before he bought his clothes it would be the best advertisement we could think of, for our Men's Clothing Department. Suits at \$12.50, \$15.00, \$17.50 and \$20.00, nothing in the clothing line to equal them.

"WHIPCORD" TROUSERS, "Key Brand," Guaranteed the best value at, a pair, \$1.75

MEN'S UNDERWEAR for Summer. We have a splendid line to offer this season. All colors are represented in the "Blood Ribbed" Underwear at, a garment, 50c

Hats, Shirts,  
Neckwear,  
Hosiery,  
Belts, Shoes,

"From Head  
To Foot"

## EDUCATOR MAKING TOUR

Continued from first page

his present work. His experience qualifies him to speak as authority along the lines he discusses and adds weight to the movement he represents.

In his address here Tuesday night he said the fundamental object of the movement was to dignify all legitimate labor in the minds of the rising generation and especially to show them the beauty, dignity and rewards of intelligently directed efforts in scientific agriculture. He said agriculture is the basis of our wealth and prosperity and that livestock is the chief cornerstone of agriculture. He said we are passing through a speculative era which has dissipated the whole country and is doing inestimable damage by depopulating the country and overcrowding the cities and that the fruit business has been boomed till the impression has gone abroad that we don't raise anything in Oregon but big red apples and the price of real estate. He emphasized the importance of slowing down a little, getting down to first principles and on better terms with mother earth. He also emphasized the importance of beautifying the farm home and making it more pleasant and attractive and of providing the children more amusements, giving them more holidays and more personal ownership in order to keep them on the farm. He told of the excellent results that have been attained through this movement in other states and how Oregon led them all last year and would do so again this. He said the tendency of the times is to make our education more elastic and practical and to fit the course of study to the child rather than to give equal and similar doses of text books to all children regardless of their needs. The "high cost of living," in his opinion, is to a great extent the cost of high living and when we become more of a producing people and a plainer living people the cost of living will be less. He dwelt somewhat upon the value and importance of agricultural fairs and urged the citizens of this county to organize and take advantage provided by the new county fair law which provides state aid for each county on a millage basis.

Mr. Maris and Superintendent Oliver left Wednesday morning for Paisley and from there were going to Summer Lake and Silver Lake. After their meeting at New Pine Creek Monday night a committee was appointed and plans laid for holding a school and agricultural fair at that place. Mr. Oliver expects the people of Paisley and Summer Lake to hold fairs also.

Some State Wool Sold

amount of wool produced in the world this season, will eventually bring the milling interests to recognize the values.

**Chautauqua Circle**  
The Lakeview Chautauqua Circle will meet next Monday evening at 7:30 o'clock at the home of Mrs. C. A. Watson. Program: roll call; current events. Subject—"Home Life in Germany," chapter XVI, Shops and Markets; chapter XVII, Expenses of Life; chapter XVIII, Hospitality; chapter XIX, German Sundays; chapter XX, Sports and Games. General discussion by the Circle.

Watch our store for new goods in all lines. Merc. Co.

## 4 WATER PERMITS ISSUED IN LAKE

State Engineer Lewis Submits Summary of First Quarter

The Examiner is indebted to State Engineer John Lewis for the following communication showing a summary of water permits issued in Lake County at the close of the first quarter. All water filings are made through the State Engineer's office, hence the summary is complete for this district.

During the quarter ending March 31st, 1913 the State Engineer issued six permits for the appropriation of water in Lake County. The city of Paisley made an appropriation for municipal supply from Bear Creek in Sec. 27, T. 33, R. 18 E. W. M.

Other permits have been issued as follows:

F. F. Curtis of Valley Falls, from Coyote Creek for the irrigation of 40 acres in Sec. 26, T. 35 S., R. 20 E.; H. E. Curtis of Valley Falls, from Coyote Creek, for the irrigation of 40 acres in Sec. 26, T. 35R. 20 E.; George Drumm of Paisley, from an unnamed spring for the irrigation of 3 acres in Sec. 23, T. 34, R. 18 E.; Antonio Rossbacher of Fife, from Bulger Creek, for the irrigation of 80 acres in Sec. 25, T. 22 S., R. 23 E. W. M.

During the quarter 114 permits have been issued throughout the State under which it is proposed to irrigate 49,071 acres, develop 1,551 horsepower, and supply water for domestic and municipal use. These permits also include 11 for the construction of reservoirs for the storage of 3,029 acre feet.

## High School Notes

A new clarinet has been received for use in the school orchestra. Raymond Dunbar is to play the instrument and it will make quite an addition to the organization.

The Athletic Boys have put in a shower bath for use during athletic training.

The Senior class will deliver their Orations in the School Auditorium on Friday evening May 16. This will take the place of orations at the close of school. Every one is requested to attend.

The High School Base Ball team has agreed not to play base ball on Sunday. This may seem an innovation for Lakeview but considered from all viewpoints it is the best thing. Our State schools do not play on Sunday and very few High Schools of the state do play on that day.

It takes some pluck and stamina to stand for week day playing but we think it the best and hope the people of the town will appreciate the stand by assisting to have games on week days and by a liberal patronage to those games.

The school yard is being graded this week preparatory to sowing grass seed. We are anxious to see the lawn beautified and the play ground arranged.

The three boys and five girls who compose the Senior class this year will give their graduating orations at the High School Auditorium Friday night. Everybody is invited. Come and give the young folks a good audience.

Mr. Maris addressed the school pupils last Tuesday at 1 p. m. the address which was along the lines of agriculture and industrial work was enthusiastically received and many of the boys and girls are ready to produce material for a school fair.

## Men Will Give Dinner

Something novel, something new, something good for you. What? A dinner served by the men. Delicious dishes will be served. Ladies if you want to know how to make Lakeview men happy come and see what they like. When? Wednesday May 21st from 5 to 8 p. m. Where? At the Masonic banquet room.

The proceeds of this most excellent feed will go to swell the funds of the Ladies' Aid of the Methodist church.

## COURT IN SESSION

Continued from first page

tained by the defendants. The jury, which was composed of Wm. McCulley, Henry Fox, E. K. Henderson, James McDermott, George Hahner, W. W. Farrow, R. M. Chandler, G. F. Arthur, Chas. Eccleston, Geo. Jammerthal, V. G. Allen and J. S. Kelsay, was not empanelled until Tuesday when the trial was commenced. Both arguments were closed Wednesday evening when the jury was instructed by Judge Benson. They remained out 16 hours and were unable to return a verdict.

The civil actions, all of which were cases to recover money, of Glen Eyre vs. Jas. S. Wakefield; Diamond Koller Mills vs. F. M. Chrisman; and Rogers vs. A. M. Bogner have been settled and dismissed.

While the civil docket is quite lengthy and will probably take considerable time to clear, the only trial expected of much importance is the criminal case of the State vs. J. S. Fine.

## Birthday Party

A very pleasant party was given last Saturday evening at the H. M. Southstone home in honor of the birthday of Miss Ruby Southstone. The house was prettily decorated with Japanese lanterns, and the evening was enjoyably spent in dancing and playing games, after which luncheon was served. Those present were: The Misses Maude Rice, Eunice Venator, Mildred Heryford, Vera Vandervort, Gladys Chandler, Mary Heryford, Francis Mayfield, Esther Southstone and Ruby Southstone. Messrs. George Miller, Earl Forbes, Clarence Orem, Richard Orem, Ralph Barnes, Roland Bartling, Raymond Dunbar, Fred Cronmiller, Willard Heminger and Leonard Bertrant.

## L. C. I. C. Will Meet

The L. C. I. C. will meet Tuesday afternoon, May 20, in the city hall when the following topics will be discussed:

Topic I.—The state: Name the principal officers; describe briefly State Legislature, telling number of members, length of term and when elected, Mrs. M. Whorton.

Topic II.—What is meant by the Oregon System? State two means by which laws are enacted, Mrs. Harry Bailey.

Topic III.—Explain provisions of the initiative, Mrs. Anna M. Neilon.

Topic IV.—Explain difference between a direct tax and an indirect tax. Explain income tax, Mrs. Wm. Harvey.

## Early Season at Crater

Automobiles will be able to reach the rim of Crater Lake by the 1st of July, is the belief expressed by W. Frank Arant, superintendent of Crater Lake National Park.

Last year the road to the lake was not open until the middle of July. In 1911, though, the roads were better to the rim in the middle of June than they were in the middle of July last year.

## Mothers' Day

There are two memory days set apart for national observance in May which will appeal, each in its own way to a great number of people, and the influence of each is uplifting. One of these, Mother's Day came into the thought of Miss Anna Jarvis, of Philadelphia, to start the observance of the second Sunday in May as Mother's Day, and the thought has found lodgment in loving hearts everywhere. The badge worn is a white carnation, and the object is to honor "the best woman who ever lived"—your mother.

The first observance of the day was May 1908, and has been taken up quite generally. The last General Conference of the Methodist Episcopal Church officially set apart the Second Sunday in May to be observed in all the Methodist Churches. In compliance with this the day was observed in the Methodist Church of this place with appropriate services.

At the morning hour the services were opened with a voluntary by an orchestra which was greatly appreciated. Following this was the singing of appropriate hymns and an anthem by the choir. The pastor then preached a sermon to mothers on the text—"What shall be the ordering of the child?" "Woman's great danger is the loss of her kingdom. In the thirst for empire she is apt to lose her empire. Her empire is the kingdom of home. This is universal: a cosmopolitan empire. Out of this she ceases to be representative; and becomes political."

"How shall I approach this universal woman? That high sisterhood of human souls? What is the practical problem? What is the particular work of mothers? We commonly say that a mother's province is to train her child for heaven. But I think if more thought was given to training for life a better job would be done for heaven. You must guide the physical development of the child. The lower needs must not be forgotten. Many a life work is spoiled because of a neglected body. Some one must guide for the wants of a neglected body. Some one must guide for the wants of the common day. The physical requirement is the first one. The comforts of the noted man must not be neglected. Give the child strength of body.

You must also guide the intellectual unfolding of the child. To each human being are given powers that require fostering, peculiarities of temperament and feeling that must be considered.

There is committed to each mother a great trust the preservation of a child for life's work. O that God might help the mothers of our land to adapt their children to the calling suited for them. Well may we pray, "O Lord give motherhood an inspired heart; wring her soul with thy wisdom; light her eyes with thy love; stir her heart with thy sympathy; point the way with thy penetration; direct her vision with thy discernment. Put on motherhood the sacredness of her calling and copartnership with thyself in the shaping of a life."

Lola Moore, young daughter of Mr. and Mrs. James Moore of Poe Valley west of here, was killed on her father's ranch one day last week when she was drawn under a clod-masher, which she was driving, and suffocated to death.

You have been informed that my prices for dental services were exorbitant and many have delayed necessary treatment on the strength of this erroneous information. I could not do conscientious work more reasonable with my former equipment, so I equipped a modern office in every detail and offer you the best at a very low price.

There is no need for you to neglect your teeth longer, now that it is possible to have them restored to their normal function without suffering great pain and inconvenience, and at a price you can not afford to delay longer, when you know that for every lost tooth you forfeit one year of your life.

Teeth extracted absolutely without pain or your knowledge of the operation.

## CELEBRATION PLANS

Continued from first page

at the same time there will be plenty of entertainment afforded visitors and others during the evening in the way of boxing matches and foot races between Indians, both male and female.

Prizes will also be awarded the most handsomely decorated business houses, and it is expected that there will be much competition therefor. It is possible that other sports will be added, including a baseball game, but whatever is provided it should be understood that it will be free and no charge of any kind made for witnessing the same. The business men have responded liberally to the celebration fund, and every cent is to be expended in affording amusement and entertainment to all who are in Lakeview on that occasion.

The barbecue is to be a feature of the celebration and will include a whole roast beef, besides pork and

mutton, served with bread and coffee. The grounds have not yet been selected, but it is expected that full program can be given next week.

At a meeting of the Antlers Club Tuesday evening the following heads of committees were chosen and they are to select their assistants:

Orator and Reader—F. P. Cronmiller.

Music—Dr. E. H. Smith.  
Grounds—G. W. Rice, Thos. S. Farrell and E. C. Ahlstrom.

Decorations—Mrs. E. E. Rinehart.  
Parade—Col. F. P. Light and A. L. Thornton.

Sports—Lee Beall, Jim Judge and F. O. Ahlstrom.

Barbecue—D. C. Schminck.

Plug Ughes—W. F. Grob and G. W. Rice.

Auto Parade—W. B. Snider.

The committees will meet next Monday night at the Club rooms and report as to the probable amount of money needed and then the entire program will be outlined.

## J. D. MARINER Music House (THE FACTORY HOUSE)
