

Lake County Examiner

HAS THE CIRCULATION—PRINTS THE NEWS—REACHES THE PEOPLE

THE EXAMINER IS THE OFFICIAL PAPER OF LAKE COUNTY

VOL. XXXIV.

LAKEVIEW, LAKE COUNTY, OREGON, JUNE 5, 1913.

NO. 23

TRIBUTE IS PAID TO SOLDIER DEAD

Appropriate Ceremonies Held and Graves Be- decked with Flowers

The remaining local veterans of the historic strife of the 60's and the young men who engaged in the war with Spain joined last Friday afternoon in paying tribute to the warrior dead of the nation.

The principal ceremonies were conducted at the Snider opera house where hundreds of people were congregated. Hon. A. W. Orton acted as chairman of the services. Rev. R. E. Meyers of the M. E. Church conducted the invocation and Rev. Father Kern ably delivered a very appropriate address. The Lakeview band rendered numerous selections both in the open air and in the opera house, while the singing by the trained quartette, in charge of Prof. Gardner, lent much importance to the program. The benediction was pronounced by Rev. Crawford of the Presbyterian Church.

A large crowd led by the veterans marched to the cemetery where graves of the departed soldiers were made beautiful with the many flower offerings that were provided by friends. Many others took advantage of the occasion and numerous private graves were decorated. The lodge spent considerable work on the streets and alleys and the appearance of the cemetery as a whole is greatly improved.

TESTIMONY TAKEN IN WATER CASES

Many Applications Being Made For Water From Chewaucan

James T. Chinook, State Water Right Examiner and Rhea Luper of Salem arrived in the city Saturday to take testimony in the Chewaucan River and tributaries water cases. This is a case between a water company operating under the state law and holders of water rights granted many years ago.

There were 47 applications for water presented, covering an area of 45,000 acres. All parties are residents of Paisley and the Chewaucan Valley, and a number were here at the preliminary hearings, among them being: F. A. Fitzpatrick, Martin Lauritzen, John Elder, E. S. McDonald, M. C. Currier, J. D. Farra, Fred Weidv, Anton Egl, W. B. Parker, Sam Bannister and Stanley Gray.

Mr. Luper departed Tuesday afternoon by way of Klamath Falls while Mr. Chinook returned yesterday by Bend.

DODSON ARRESTED FOR EMBEZZLEMENT

Lakeview Man in New Mexico Jail—Particu- lars Lacking

Friends and relatives here of James C. Dodson, who is in Silver City, Mexico, have been informed by recent telegrams that he is in jail at that place on an embezzlement charge. He is under \$20,000 bonds which have been requested from here. Aside from this no particulars of his predicament have been received. Mrs. Dodson, who has been with her husband the past several weeks, returned to Lakeview the first of the week but she is entirely in the dark as to the nature of her husband's trouble.

R. J. Williams, of Riley, Oregon, a half-brother of Mr. Dodson, this morning left for Silver City to investigate the matter, and until he is heard from it is likely that no details will be learned.

It is the final determination of the board of health that the much-advertised Friedman tuberculosis cure is a failure, and absolute prohibition of any further inoculation of patients in New York has been issued.

COUNTY ATTORNEY JOB IS HELD UP

Referendum Petition Keeps Appointee From Filling Office Now

Klamath Herald: John Irwin will have to continue to act as prosecuting attorney both for Klamath and Lake counties until next November, and O. C. Gibbs, who was appointed district attorney for Lake County by Governor West cannot take office until a referendum vote is taken on the new county attorney act passed by the last legislature.

A referendum petition was filed against the measure Saturday at Salem, and this will prevent the law from going into effect until the special election in November. In case the special election should be declared constitutional, the new law will be held up for two years.

PETITIONS FILED AGAINST 3 BILLS

County Attorney, Com- pensation and Steriliza- tion Acts Are Hit

According to a Salem dispatch under date of May 31, referendum petitions against the workmen's compensation act, the county attorney bill and the sterilization bill have been presented at the secretary of state's office for filing and the names are being checked.

The petition referring the compensation act was presented by Wilfred E. Farrell, law partner of W. M. Davis of Portland, and bears 7100 names. The county attorney referendum petition was presented by James E. Craib of Portland, and bears approximately 8000 names. The sterilization bill referendum petition was presented by Mrs. Lora C. Little of Portland, vice president of the Anti-Sterilization League, and bears 8500 names. The legal requirement of names is approximately 6200.

As to who are behind the compensation act referendum is not made clear but it is said that a number of working men are most interested in seeing the measure referred.

Craib said the signature to the petition referring the county attorney bill were secured in all parts of the state. He said there was strong sentiment against the measure in eastern Oregon, especially in Umatilla county; but that most of the objection appeared in the Willamette valley. The principal objection to the bill, he said, was because of the provision for a four year term for the county attorneys that would be appointed, thus carrying them past the next general election.

According to Mrs. Little there is more popular demand of the referendum on the sterilization bill than any other measure ever referred, and that the signers think the measure an insane law.

If the petitions are accepted the measures will be voted on at the special election called for the first Tuesday after the first Monday in November of this year, unless in a mandamus suit, which probably will be brought by persons interested in referring the bill regulating the practice of dentistry, the special election law is declared unconstitutional. In that case, it is said the petitions will cause the measures to be held until the next general election.

One Favor Granted

According to a New Pine Creek special to the Reno Journal the first favor that town ever received from the N.-C.-O. Railway was granted last week after the hearing of the State Railroad Commission in regard to the depot question, when the road agreed to deliver freight from the Fairport depot to New Pine Creek for 10 cents per hundred pounds. It further states that the evidence at the hearing showed several of the N.-C.-O. officials were heavy stockholders in the Fairport Town and Land Co., and that the trains do not stop at the New Pine Creek depot.

FREE SUGAR BEET SEED

EXPERIMENTS ON GROWING WILL BE MADE IN COUNTY

N.-C.-O. Will Furnish Farmers With Free Seed and Tests Will Be Made this Fall --Planting Instructions Given

Manager Dunaway, of the Nevada-California-Oregon railway announces that he is anxious that farmers, and people generally, along the line of the road should make a test in the various localities to determine what the sugar content of beets will show as a result of the tests in the various soils.

"At Amodee and Madeline," said Mr. Dunaway, the tests last year indicate a peculiar adaptability to the beet. In some instances the sugar content runs as high as 24 per cent. This is remarkable when we stop to consider that the average in Colorado, which is one of the foremost states in that line, is only about 12 per cent. If we can grow the beets possessing the proper per cent of sugar we can locate a beet sugar refinery here.

"It would be difficult to measure the benefit to accrue from such an institution. First of all, it would mean the development of every available acre. It would hasten the era of the small, well cared for and remunerative farm. Beet raising can be conducted in connection with dairying, hog-raising, grain raising and the various interests allied with farming.

"Then, more than this, it would mean the investment of a million dollars in a refinery and furnish employment to hundreds of people. I am hopeful that the people will evidence an interest in this."

The road has procured free seed for distribution to all those who will make the test. The rules are simple and

those who raise them will find that the test has not proven a waste as the beets make an excellent food for cows, hogs—or even for poultry, if saved for "green food" for early and mid-winter.

The beets should be planted about one and one-half inches deep in rows 18 to 20 inches apart. The seed should be drilled quite thickly.

When the beets are about the size of a lead pencil thin to about 8 to 10 inches apart.

If on irrigated ground and irrigation is required to bring the seed up, do not flood the ground, but make ditch between the rows and let it soak to beets gradually.

After beets are up cultivation rather than irrigation should be the rule. It is quite possible that beets in this section will do well without irrigation, unless extremely dry.

When beets are suffering for water the leaves turn to a very dark green. Cultivate three or four times, or until leaves get so large that some of them are torn off by the cultivator.

Take average soil, report time plants, character of soil and conditions during the season. Please keep this data so that determinations can be made in the fall.

A quantity of seed can be obtained of any agent of the line, or by addressing "Land Commissioner, N.-C.-O. Ry., Fairport, Calif."

The beets should not be dug until October.

RECALL FAILS ON KLAMATH JUDGE

Worden Retained Over Op- ponent by Three to One Majority

Klamath Falls, June 3.—With a majority of nearly three to one, Will S. Worden defeated Frank Ira White in the recall election for County Judge yesterday. The total vote, not counting some small outlying precincts, which will make Worden's lead still further, gives Worden 2,256 to White's 951. This leaves Worden a majority of 1,305.

It also shows that the vote all over the county was by far the largest ever cast in any sort of an election, the total reaching nearly 3,000 when the final figures are all in and counted. This vote was largely added to by the women who have been given suffrage, this being their first general vote. The figures last night show a vote of 2,368.

This was the greatest victory the county ever gave any man, the people sweeping Judge Worden back into the office from which the reactionaries sought to recall him by the largest majority ever given one man over another in the county for any election.

It is generally conceded that it was not a choice the people made particularly between the two men but a choice between those fighting the progressive principles of Judge Worden and the stagnation generally recognized as the ultimate result if his opponent with his backers should be elected.

After the election returns were received Judge Worden was given the greatest ovation ever extended to any man in Klamath County, when he was carried for blocks on the backs of his constituents led by the Klamath Falls band and followed by a thousand cheering friends.

County Assessor A. J. Foster left last week to spend several days in the northern part of the county.

NEVADA WOOL GOES ON CONSIGNMENT

W. P. Official Will Interest Buyers For Local Lambs

E. S. Reader, traveling freight and passenger agent of the Western Pacific Railroad returned south yesterday morning after spending several days in Lakeview. He also made a trip up to Paisley the first of the week, and was very favorably impressed with that country.

Mr. Reader informed an Examiner man that considerable wool is moving in Nevada on the consignment basis. He says there have been numerous buyers in that state all season but that the product has not brought much better prices than the local wool which has been sold. In some cases the commission merchants have guaranteed growers 10 cents per pound, but he considers this a poor proposition owing to the unsettled condition of the market. He believes 12 1/2 cents per pound outright is much better than the commission plan even at a 10 cent guarantee. He says over a million pounds have recently been taken on consignment in Nevada, most of which went to Eiseman Bros., Boston.

Mr. Reader is working on a plan to get Eastern mutton buyers interested in this section to buy up the lambs. He intends to have buyers here by July 1st, and if he can enlist co-operation of the growers and local merchants this will afford an opportunity to effect early sales and at probably the best prices.

In concluding his conversation, Mr. Reader said: "You have the finest country here in this valley of any of the territory which I cover. It surely seems good to look on this green and hardy vegetation you have after grazing on the dry districts of the lower country."

Born—Tuesday morning June 3, 1913 to Mr. and Mrs. E. E. Bond, a daughter.

WILDFIRE AMONG SHEEP IN COUNTY

Flocks Must Be Dipped Be- fore Entering Forest Reserve

U. S. Stock Inspector H. H. Sparhawk returned to town this week after spending several days inspecting various bands of sheep in the county. He reports that while general conditions of the flocks are good there are several cases of wildfire existing, and he with the cooperation of County Stock Inspector Malloy is taking steps to suppress the disease.

Wildfire is a skin disease and the officials are of the belief that it can be eradicated by dipping, and have issued an order compelling growers to dip their sheep before they will be allowed to enter the Forest Reserve. This is not considered very expensive to the sheepmen as it is said that a heavy dip is not required.

BUSY TIME FOR MASONIC ORDER

Class Will Be Initiated In Royal Arch Chapter

The formation of a Royal Arch Chapter in Masonry in Lakeview, which will take place today, tomorrow and Saturday, in the Masonic Hall, will be a marked event in Masonic circles.

The following, who are already Royal Arch Masons, have been granted a Dispensation to open and start a Chapter: O. C. Gibbs, Wm. H. Shirik, L. F. Conn, J. C. Brocklesby, J. B. Auten, C. W. Class, A. W. Orton, E. A. Friday and Prof. Dunton.

Excellent High Priest Mehaffey, from Klamath Falls, has been designated by the Most Excellent Grand High Priest, Oscar Hayter, as his personal representative to open the local Chapter and set it to work which he will do commencing today at 10 o'clock a. m. and continuing day and evening sessions until and including Saturday evening, when a banquet will be served to visiting brethren, local Chapter members and candidates.

E. H. F. Mehaffey will be accompanied by Messrs. Walton, Graves, Knapp, Traux, Rabbes, Willits, Riggs, Baldwin, Greeley, Reames and others high in Masonry, who are also representing at the Knight Templers Cavalry Commandery of Klamath Falls, a step higher in Masonry than the Royal Arch.

The local Masons who have gone as high as the Commandery are: A. W. Orton, C. W. Class, J. C. Brocklesby, J. B. Auten, W. H. Massingill and J. L. Wheeler.

A large class of candidates will be initiated into the mysteries of the Royal Arch degrees in Masonry. They are: A. Beiber, H. M. Nolte, Wm. S. Towner, Theodore B. Wakefield, Warner B. Snider, Daniel Chandler, C. E. Lonsway, Ed O. Lamb and E. S. Berney.

Prof. J. F. Burgess, who is already a Royal Arch Mason, has applied for affiliation with the local Chapter.

A fine outfit has been received and installed in the Masonic Hall, costing about \$700 as it takes a great amount of paraphernalia to put on this work. The goat has been well fed and is in high glee at being able to carry and throw so many distinguished candidates.

A good supply of first aid to the injured has been laid in and so the best is hoped for.

Burgess Bonds Approved

The United States Fidelity and Guaranty Company of Baltimore Tuesday wired to their local agent, H. P. Welch, a favorable report on the \$10,000 bond for James J. Burgess, appointed Register of the Lakeview Land office. While Mr. Burgess has not been informed of his confirmation to the position it is believed that this action was taken after such was probably made Monday at Washington. His appointment had not been confirmed pending the expiration of present incumbent A. W. Orton's term which terminated May 31.

LAKEVIEW BEATS ALTURAS TIGERS

Sunday Excursion to Neighboring Town Was a Great Success

Last Sunday the Lakeview baseball team went to Alturas with an enthusiastic bunch of fans and fanettes, the N.-C.-O. having obligingly arranged an excursion for the occasion. The trip to the neighboring city was made on record time, and the greater portion of Alturas met the train at Rice's crossing. The Alturas band was very much in evidence as were the numerous autos which were on hand to convey the Lakeview crowd into town.

After an excellent chicken dinner at the hotel more cars were provided to take the Lakeview crowd out to Dorris park where the ball game was played. Promptly at 2 o'clock the signal of "play ball" was given. The game was fast and furious, lasting but an hour and three-quarters, and resulted in an easy victory for the Lakeview team. The score was 5 to 1. The Alturas battery was Higgins, pitcher; Kemble, catcher, while Paul Dzenkel pitched the entire game for Lakeview and Dykeman and Munson were behind the bat.

The game was witnessed by a banner crowd and the boys expect the local fandom to generously turn out when Alturas visits here June 22.

Next Sunday they expect to take the Summer Lake team to camp at a game on the local diamond.

TERMS OF CIRCUIT COURT UNCHANGED

Session Laws Show No Alteration As Was Expected

According to the 1913 Session Laws, copies of which have just been received in Lakeview, there were no changes made in dates for terms of Circuit Court in Lake County at the last legislature.

Local attorneys and officials have been under the impression that the Fall term had been changed from October to September and that provisions had been made for a third term to be held in January. State Senator W. Lair Thompson was of the opinion that this bill had become a law, and it is considered possible that in compiling the Session Laws it was inadvertently overlooked.

The matter will probably be investigated, but in the meantime Lake County will have to be content with the usual May and October terms.

CITY BEAUTIFUL WILL BE SLOGAN

Three Days Will be Devot- ed to Cleanup of The Town

The Ladies' Civic Improvement League acting in conjunction with the City authorities have decided upon the 18th, 19th and 20th of this month as "Clean-up" days. The Ladies have kindly consented to take active charge of the work and the Council has agreed to furnish whatever teams and other paraphernalia that may prove to be necessary.

In arriving at the date on which this general cleaning up of our town is to be pursued, the ladies have taken into consideration the fact that we are to have a big celebration on the fourth of July and have tried to arrange the dates of our annual "Town Cleaning" so that they may serve a double purpose, viz., make the town more beautiful for our own sakes and prepare it for the visitors who are sure to attend our festivities.

Don't forget the dates June 18th, 19th, and 20th. Any one wishing additional information on the subject should consult any member of the L. C. I. C.

Mrs. Emma Kelsay Friday returned to Warner Valley with Mr. and Mrs. T. B. Wakefield on a short visit.
