UNDERWOOD'S CAR BADLY CRIPPLED

Two Machines Met With Accident in Road Below Town

Last Saturday evening about 7 o'clock I. A. Underwood's Ford car and an Overland belonging to some parties here from Washington collided about a mile south of town, with the result of putting Mr. Underwood's machine entirely out of commission and doing considerable damage to the other car. The accident happened on the slight hill near the old Chariton place. Mr. Underwood, who was accompanied by Andy Konnerth, was going up the grade, when the other machine came over the hill coming towards town.

Apparently both machines turned in the same direction, the larger car striking the hind wheel of the Ford, completely detaching it and severely straining other parts of the machine. Mr. Konnerth was thrown several feet by the shock but fortunately neither he nor any of the occupants of either car were injured. The Overland, although somewhat crippled, was able to make the run in bringing all the parties to town. Mr. Underwood's car was later brought to the garage and is now awaiting repairs.

Ball Game Sunday

The Alturas Tigers will be here to cross bats with the Lakeview ball team Sunday. It is stated that the visitors are coming with blood in their eyes, as they have a clear remembrance of the trimming the local boys gave them a few weeks ago. The home nine has also been getting in a little extra practice and the game promises to be an interesting contest.

SUBSCRIBE FOR THE EXAMINER

BODE BRINGS IN 20 DAIRY COWS

Local Farmer Will Import More Cattle if Market Demands

Max Bode, a farmer who lives a few miles south of Lakeview, last week returned from a trip to Southern California where he went to purchase some dairy stock. He brought back 20 head of cows from Tulare County. He will keep ten head for his ranch, and will dispose of the remainder of the band to local farmers.

He states that it is not so easy to procure good stock in the lower country as was first reported but says that some can yet be picked up by taking much time in making selections. If he can find demand for a further shipment he will make another trip, and those desiring cows should see him.

Mr. Bunting informs the Examiner that he has given up the idea of bringing in any stock, as at first contemplated, he having turned over all his letters and information pertaining to the matter to Mr. Bode.

What Good Roads Mean

Better schools and larger attendance.
Better health and quicker transportation.
Better farms and more cultivated land.
Better crops and cheaper transportation.
Better economic conditions and more producers.
Better social conditions and less isolation.
Better church attendance and better citizens.
Better postal service and closer friends.
Better business and more customers.
Better industries and more employment.
Better state and better nation.

CHANGES MADE IN GAME LICENSES

New Forms of Licenses Will Be Used When Re- ceived

County Clerk F. W. Payne is in receipt of a letter from State Game Warden Wm. L. Finley, as follows: "Replying to your letter of the 5th inst., desire to state that a few days ago we forwarded you some new forms of angling licenses. If this supply is not sufficient, advise us and more will be sent. In this connection will say that you may issue the old form of angling license, if you so desire, and it will answer the same purpose as the new form, of course omitting the affidavit in the old form.

"The new forms of hunting licenses will be sent you in a few days. The licenses will have attached three coupons which must be detached and one of each attached to each hide or carcass of deer killed by the licensee.

We have prepared duplicate coupons, which we shall forward to all the county clerks to be issued to holders of the old form of hunting license, said coupons to be numbered to correspond with the licensee's number. These coupons may be used in the same manner as though attached to the license itself. This will obviate the necessity of issuing duplicate licenses to take the place of the old forms, which we think will be a great saving in labor to the county clerks, as well as expense to this department in printing licenses to take the place of old forms.

"You will please explain this phase of the subject to all holders of licenses, and whenever a sportsman desires to obtain the deer coupons, he can do so by either mailing his license to you, or presenting it in person, so that you may write the number of the license on the deer coupons."

Married in Lakeview

Justice of the Peace Wm. Wallace Tuesday morning officiated at the marriage ceremony of Wm. G. Roosa, recently of Seattle, Wash., and Miss Virgie A. France, which took place at the Green Garden Rooming House in this city.

Mr. Roosa recently purchased ten lots of Dick Kingsley in the Kingsley Addition to New Pine Creek, paying therefor \$1500. Mr. and Mrs. Roosa expect to shortly remove to their newly acquired property where they will make their future home.

Americans Like Sugar

There are more "sweet toothed" persons in the United States, apparently, than in any other country in the world, its average per capita consumption of sugar being almost 40 pounds, as shown by data gathered by the Bureau of Foreign and Domestic Commerce.

The report shows that in Great Britain the per capita consumption was about three pounds more, but this was attributed to the large amounts used in fruit canning and preserving for export. About one-fifth of the world's sugar is eaten in this country.

Cedarville Record: Rob McCulley returned last week from an extended trip to Lake county, Oregon. He says things look good up that way, and that several irrigation projects are in process of formation that will develop that country wonderfully within the next few years.

TRIBUTE PAID TO DEPARTED CITIZEN

Large Funeral Procession Followed Remains of S. F. Ahlstrom to Grave

That which was pronounced the largest procession that ever took part in the obsequies of any Lakeview citizen was the multitude of people last Sunday afternoon who marched in silent tread conducting and following the remains of our townsman, Sevante F. Ahlstrom, to their last resting spot in the I.O.O.F. cemetery.

The ceremonies were held under the auspices of the Lakeview lodge, No. 63 I.O.O.F., members of the Foresters and Rebekahs acting as escorts to the subordinate lodge. The deceased was a member of the three orders as well as Lakeview Encampment No. 18, a higher degree of Oddfellowship. The Rev. Geo. A. Crawford of the Presbyterian Church conducted a brief service at the residence before the remains were removed to the I.O.O.F. Hall at 2:00 o'clock, and also at the cemetery. A quartette, composed of Messrs Willis, Munson, Mrs. Farrell and Miss O'Neill sang from the lodge odes at the hall and Mrs. Jonas Norin rendered a solo at the grave.

In the procession of lodge members there were 50 members of the Oddfellows lodge, about 60 members of the Rebekah lodge and 30 Foresters. These were followed by hundreds of sorrowing friends in automobiles, vehicles and afoot.

The entire burial service of the Oddfellows was carried out and the ceremonies were most impressive.

Sevante F. Ahlstrom was born in Christianstad, Sweden, May 12, 1850, being at the time of his death 63 years, and one month old. He was the son of J. F. and Johanna Ahlstrom, who spent their entire lives in Sweden, the father always following the cooper's trade which he learned in youth. In the family were nine children, of whom two died in early life. Four of the number came to the United States; S. F.; John F., a resident of Los Angeles, Mrs. Mary Augusta Nelson, of Marysville, and Frank, a lumberman at Truckee, Nevada.

S. F. Ahlstrom was the first of the family to cross the Atlantic to America, arriving in 1869 and making the trip to the Pacific Coast on the first regular train to cross the mountains over the Union Pacific Railroad. He first settled in San Jose, California and worked for his uncle in the saddlery business learning the trade. In the Spring of 1873 he removed to Marysville where he followed his trade for nearly thirteen years, and in 1886 he came to Lakeview, where he has resided continuously ever since. In Marysville he worked for H. M. Harris, with whom he entered into partnership in the saddlery business on his removal to Lakeview, this relation being maintained for three years, at the end of which time Mr. Ahlstrom purchased his partner's interest in the business which he conducted. In 1909 his brother-in-law, Wm. Gunther entered the business with Mr. Ahlstrom and the business, which is still being conducted in Lakeview, has gained a wide prominence, it being one of the important productive enterprises of Southern Oregon.

Mr. Ahlstrom was married in 1876 to Miss Mary Gunther, who was born in San Francisco, a daughter of J. J. Gunther, who was a native of Germany. Two sons and a daughter were born to Mr. and Mrs. Ahlstrom: E. C. who is postmaster of Lakeview; F. O., who is treasurer of Lake County, and Lottie Augusta who became the wife of Attorney J. D. Venator, and died, leaving a son who has been living with his grandparents.

Mr. Ahlstrom was a staunch republican politically and served one term as treasurer of Lake County. He was a member of the city council for about ten years, and for one term was mayor of Lakeview. He labored fearlessly to promote municipal interests and for twenty years he proved himself a champion of education by effective work as a school director.

He was very prominent member in the fraternal societies with which he was affiliated, he having attended the grand lodge of the I.O.O.F. a number of times, and at one time was district deputy for the encampment, as well as being the first presiding officer in the local Forester lodge.

Mr. Ahlstrom had been an interested witness of the events which have shaped the history of Lakeview and this section of the state. His demise marks the passing of a sterling good citizen and one who will be sadly missed from every circle in Lakeview. He was a man who was charitable and generous a most to a fault. He commanded the respect of all sects and classes of people, as the attendance at his funeral fully verified. We did not fully appreciate his true worth, until after the thread of life was severed. Though he is gone his record has been made and will remain with us as a lasting treasure. His life was gentle, but like the still waters it was deep.

DODSON'S BONDS GREATLY REDUCED

Ball of \$8,500 Furnished and Man is Released From Jail

On a writ of habeas corpus proceeding the bonds of J. C. Dodson, of this place, who was being held in Silver City, New Mexico, on an alleged embezzlement charge, were reduced from \$20,000 to \$8,500. R. J. Williams, of Riley, Oregon, a half-brother of Mr. Dodson, and who went to Silver City several days ago to investigate the matter, furnished \$4,500 of this amount, while the remaining \$4,000 was wired from here Tuesday through Attorney W. Lair Thompson.

Mr. Dodson is now released from jail and will await his trial which will be held next September. He has retained Hedgepath, Dale & McDonald, of El Paso, Texas, to represent him in the case, and private telegrams which have been received here from the attorneys would indicate that they have no doubt of clearing Mr. Dodson of the charge.

Vale Lands Open

The United States land office at Vale, has received notice from the department at Washington, D. C., of the restoration to settlement and entry of the lands just south of Vale which have been withdrawn for oil lands. The tract comprises an area of 75,300 acres, of which approximately 72,020 are still vacant government lands, the remainder having been filed on before the withdrawal. The lands will be subject to settlement on and after 9 o'clock a. m., July 18, and to entry August 15, 1913.

In his heart of hearts he carried those he loved, and his hand was never weary, his step never failed in caring for and ministering to those who were in any way dependent upon him. May his soul rest in peace!

Stockholder's Meeting
A meeting of the stockholders of the Lakeview Flour Mills Co. will be held at the office of the Secretary, Harry Bailey, on Saturday, June 21, 1913 at two o'clock p. m. J12-12
F. O. BUNTING President.
