 Children's do. do. 50c to \$2.00 pair

HATS FOR SUMMER WEAR

Silk, Crash and Straw, blocks of the newest shapes, at...60c, 75c, \$1.00 and \$1.50

Big Cattle Deal

Klamath Herald: The largest deal in cattle occurring in this section this year was consummated Friday afternoon, when D. M. McEmore sold 588 fine cows to Senator Abner Weed. The purchase price was \$26,675.

The cattle were bought by McEmore in Porterville, Calif., and composed the cream of the herds in that section. They arrived here only the day before, and were promptly taken over by Senator Weed.

While it has not been definitely stated, it is expected that the cattle will be taken to the Weed ranch in the Wood River Valley.

Brothers Get Affection

"I do not give anything to my brothers who are able to care for themselves, but nevertheless I remember each of them and mention them in my will as a token of affection and esteem," Henry V. Klipple wrote in his will filed recently. He died in Los Angeles, Tuesday June 17, leaving an estate of \$55,000. Among other assets is a promissory note for \$40,000 and property in Portland.

The estate is left to the widow, Ella H. Klipple, the mother is given \$10,000 and Alice, Klipple, a sister, \$6000. The brothers, Lannas, J. H. and F. W. Klipple live in Oregon, the former being a resident of Summer Lake, in this county.

Following the recent announcement that freight rates over the Southern Pacific lines in Nevada would be substantially reduced, beginning July 1st, the Railroad Commission of that state has given authority to the Western Pacific to duplicate the rates which the S. P. were to put in effect.

ADDITIONAL BRIEFS

Enjoy a dish of delicious ice cream and cake on the Fourth served by the ladies aid of the Presbyterian church.

Al Roberts, the well known tailor who was formerly located in Lakeview, but who has been in San Francisco and Los Angeles since last December, returned this week and will engage in business here again. He has leased two of the rooms in the Daly building, formerly occupied by the Land Office. He returned with a stock of men's suitings, and states that he will resume business on broader lines than heretofore.

John A. Mulkey and wife returned to Lake County this week after having spent the Winter and Spring at Drain, Douglas County. They went away last September and visited different points in Western Oregon. They traveled overland making the trip by private conveyance. Mr. Mulkey states that the trip home was made somewhat unpleasant owing to continued rains, but that the entire trip in general was most enjoyable.

These cool and refreshing mornings in Lake County feel pretty welcome after picking up a city paper and reading such news items as this: "Twelve deaths of adults and 50 prostrations in Chicago in the last 24 hours, is the record of the protracted heat wave now

general over the Middle and Central West." Besides the loss of life it is stated that the oat crop has been practically ruined in Illinois, Missouri, Indiana and Iowa by the intense heat and lack of moisture.

C. W. McNeese, who has been in Lakeview the past few weeks, last week returned to his former home at Bayne, Wash., where he will close up his business preparatory to returning here late in the Summer. He bought two ten acre tracts adjoining near Cottonwood on the West Side, and will engage in farming. He states that he has a friend, who with his family, will arrive prior to his return to locate in this valley, providing he can find a suitable location for dairying.

At midnight June 30th marked the end of the Reno divorce colony, as since that hour it is no longer possible for the divorce seeker to take advantage of the six months residence clause which for years has been in effect in Nevada. On January 1, 1914 the amended divorce law passed by the last state legislature goes into effect, requiring a year's residence before application for divorce may be made. Arrivals in that city after June 30, 1913 will find it impossible to come within the six month's provision of the law. This requirement puts Nevada on a par with the other states in the divorce law.

FORMER CITIZEN IS KILLED

Continued from first page investigate the case.

The body was shipped to Oak Harbor Friday from the Falls, the jury having examined the remains before being shipped.

Al Heminger was well known in Lakeview, he being the first elected marshal of this city. He was 58 years of age, and a member of Lakeview Lodge No. 81, A. F. & A. M. He left here with others to go to Klondike gold fields in Alaska, but later settled in Washington state, where he had presumably resided the latter few years of his life.

He had a number of friends here who would have been glad to welcome his return and who deeply deplore the accident which terminated in his sudden death.

TOMORROW A GREAT DAY

Continued from first page ing Contests.

SUNDAY AFTERNOON 1:30 P. M. Base ball game, Alturas vs. Lakeview, followed immediately by Trap Shooting contest between Lakeview and Alturas Gun Club.

Quite a few people from the neighboring communities are here for the celebration and it is expected that many more will come in this evening and tomorrow morning. The Fourth of July spirit is being manifested by many Lakeview houses, and it is to be hoped that every place will bear some significance of the occasion.

LAKE'S SHEEP INDUSTRY

The following table shows the names and address of the majority of sheep-growers in Lake County and the number of sheep in each band as well as the amount of lambs and wethers that will be for sale this season. The list was compiled from data, which in most cases was obtained direct from the owners and is considered very accurate. This data is prepared for the purpose of interesting as many outside mutton buyers as possible and thus create a stimulus in prices. The splendid range this year has caused sheep to be in good shape and will doubtless bring top prices in the market.

The list follows:

Grower	Post Office	Total Band	For Sale	
			Wethers	Lambs

Resignation Accepted

President Wilson telegraphed to United States District Attorney McNab, of San Francisco, acceptance of the latter's resignation. In a letter to Attorney General McReynolds the president exonerated him from blame and adopted Mr. McReynolds' suggestion that the Caminetti-Diggs white slave case and the Western Fuel Company case be prosecuted immediately by special counsel for the government.

President Wilson then selected Thomas E. Hayden and Judge M. T. Dooling for the United States Attorney and United States Circuit Judge, respectively for the northern district of California. Their nominations will probably reach the Senate this week. Matt L. Sullivan will be special prosecutor for the Caminetti-Diggs and Western Fuel company cases. Judge Dooling, who is now on the superior court bench, will fill an existing vacancy and the cases will be tried before him.

Madras Wool Sales

A dispatch from Madras, Oregon, states that at the wool sales there last week a large number of growers sold about 600,000 pounds. Prices are reported as being generally satisfactory. For fine wool, the highest price was 14 5-8 cents, and for coarse wool the highest was 16 cents. The Baldwin Sheep Company's clip of 140,000 pounds sold at 14 3-8 cents; the Black Butte clip of 30,000 pounds brought 12 3-4 cents. Secretary Hoke, of the Oregon Woolgrowers' Association, has organized a local association for Central Oregon.

Hundreds of Civil War veterans are this week gathered in Gettysburg, Pa., for the 50th anniversary of the battle of Gettysburg. The program began Tuesday of this week and will end July 5. The Blue and the Gray are mingling and the greetings between the veterans is reported to be most hearty and sincere.

Portland Stock Market

Receipts for the week have been: Cattle 1525; Calves 278; Hogs 2786; Sheep 4896; Horses 23.

Cattle market steady to strong all week. The general run of steers has been above the average in quality, the bulk selling \$7.75 to \$8.25. Several loads of California grass cattle sold at higher prices. The steers in this shipment brought 8.75, the heifers 8.00 and the calves 9.00. Outlet has been very good and the market seems to be on very sound basis. There is a poor demand for stockers and feeders on account of the high water, which condition will be eliminated in the near future.

The hog trade surpassed all records since 1910 for a single week. Prices made a shear gain of 80 cents in seven days. Market opened strong Monday at 8.60, which was a 20 cent gain over the previous week, and by Friday top quality light swine was selling strong at 9.00. Receipts have been very liberal but buying has been on a larger scale and the supply was quickly absorbed.

Transactions in the sheep house have been very few due to the light receipts and slow demand for mutton. Extra choice yearlings are worth 4.75 to 5 cents and ewes 4.50. The lamb trade is in very fair shape and prime fat spring stock has had a good outlet, prices ranging from 6.00 to 6.75.

Attorney J. M. Batchelder and wife last week returned from Albany, Oregon where they have been the past several weeks. Mr. Batchelder underwent treatment for spinal trouble, and while he states the course was most painful, it resulted it much benefit to his health. They are now stopping for a short time on their homestead a few miles north of town. They returned home overland by private conveyance, having purchased a team and buggy in the Willamette Valley.
