BUTTERICK PATTERNS AND DELINEATOR FOR AUGUST ON SALE

MAN SUFFERING ALONE IN CABIN

Emil Hartig Was Found In Grip of Typhoid-Pneumonia.

Emil Hartig, who is well known having been engaged in the wood business here the past four years, was found last Thursday at his home on Salt Creek, a few miles north of here where he lives alone, in a precarious condition suffering from a severe attack of typhoid and pneumonia. After attending the Fourth of July celebration in Lakeview, Monday he departed for his home, taking ill shortly after getting there, and was without assistance or care until Thursday when Emil Fernandez found the man suffering frightfully. He was brought to town and is at the Green Garden Rooming house under the care of Dr. Russell and nurse, Mrs. Wilson. His condition is yet quite serious.

Bonanza Waking Up

Bonanza to our west has again awakened to the realization that they are sadly in need of a railroad, and to that end its people have started a move to interest the people of the town in getting an electric line between that place and Klamath Falls. They have gone as far as to furnish blueprints of the proposed line and to guarantee to furnish capitalists who would construct and equip the road. They are also preparing to reestablishing the Bonanza Creamery which has been idle the past few years.

ABSTRACT OF GAME LAWS

District No. 1—Counties West of the Cascade Mountains.

Open season: Buck deer, Aug. 1 to Oct. 31; silver gray squirrel, Oct. 1 to Oct. 31; water fowl, Nov. 1 to Feb. 15, except in Multnomah, Clatsop, Columbia, Tillamook and Coos counties, Sept. 15 to Dec. 31; male Chinese pheasants, quail and grouse, Oct. 1 to Oct. 31; doves and wild pigeons, Sept. 1 to Oct. 31.

District No. 2—Counties East of the Cascade Mountains.

Open season: Buck deer, Aug. 1 to Oct. 31; all water fowl, Sept. 15 to Feb. 15, except in Harney, Malheur, Lake and Grant, Sept. 15 to Mar. 15, Baker, Sept. 15 to April 1; sage hens, Aug. 1 to Aug. 31; grouse, quail and doves, Sept. 1 to Oct. 31.

No open season on silver gray squirrel or Chinese pheasants in District No. 2.

To angle without having a license on person.

To fish at night or within 200 feet of a fishway.

To sell trout, bass, crappies, white fish, grayling or cat fish.

The above laws are subject to change in any part of the state without notice but all game wardens are to notify all papers printed in their districts.

The Ancient Order of Hibernians will meet tomorrow evening at the Odd Fellows Hall, and all members are urged to be in attendance. Several matters of importance will come up for consideration.

CORPORATION LAW WILL BE ENFORCED

Statements Must Be Filed or Commissioner Will Impose Fines.

Corporations in this state who have been dilatory in filing statements with the corporation department, are due to hit a snag soon, according to Corporation Commissioner Watson, says Salem Statesman. The existence of a law passed in 1903 affords the department a calculator, and Mr. Watson is determined to invoke the aid of this statute in reaching them.

All investment companies have had about 15 days thus far in which to file statements with the corporation department and while some have complied, many have shown a decided tendency to hang back. Commissioner Watson believes the least they could do is to show as much consideration for the department as the department has shown them.

The law requires that their license fees shall be paid by July 1, of each year. On the 15th, the secretary of state is required to turn over to the state treasurer a statement of delinquent companies, giving the amount of fees still due. Thirty days from this date, unless the fees have been paid in the meantime, delinquent corporations are subject to a fine of \$100 in addition to their license fees. Watson is determined to enforce this law. He will take the matter up with the respective district attorneys, and failing to get quick action from them will ask the governor to appoint a special attorney to prosecute the delinquents. By this means it is hoped to bring the firms to task, and avoid the laxity in payment of fees in years past.

W. R. Snider returned last Saturday from The Dalles with the Jones new Cadillac car. Efficiency and appearance are the principal qualities of the machine, and it meets with the admiration of all who see it.

A WATER SYSTEM FOR SILVER LAKE

Town Will Be Bonded for \$2,500 to Install Plant—Quick Action Taken.

The Silver Lake Leader says: At a special meeting of the council Monday evening, the feasibility of a water system for the city was discussed. It was decided by the councilmen to bond the city for \$2500 and install a plant that can be used to cope with fire, as well as to furnish water for domestic use and lawns.

A big well will be dug and a large engine and windmill will be used to pump the water into a storage tank, which will be connected with a water main to be laid along the street.

The council has also ordered 600 feet of two-inch rubber lined hose to have on hand in case of an emergency. Arrangements have been made so that this hose can be attached to the Hotel Christman pump until the city gets its plant in operation.

While this was only a special meeting and nothing could be done legally, the regular meeting took place on Wednesday evening and the proposition was carried without a dissenting vote.

FLYING SQUAD COMING

Continued from first page
"on" over the central and southern part of the state is to arouse interest in the meeting of the Central Oregon Development League at Klamath Falls August 19-21 and to carry a cordial and urgent invitation to the business men and ranchers to attend the convention, as well as to do some good and effective booster work for the entire section to be covered. It is expected that quite a large delegation from here will attend the Klamath Falls meeting next month.

HOMESTEADERS ARE FAVORED IN BILL

Withdrawn Oil Lands Are Now Subject to Entry by New Law.

The Senate last week passed Senator Borah's bill amending the three-year homestead law by providing that homesteaders instead of cultivating 20 acres of land, as is now required, may make improvements to the value of \$1.50 for each acre entered and thus establish their good faith and acquire patent.

This bill is intended for relief of homesteaders on lands not easily cultivated, such as cut-over lands, timbered lands or lands that are unusually rough.

When Senator Chamberlain presented the report of the public lands committee, he moved the passage of the bill and it went through in less than a minute. Senator Borah will endeavor to have the House committee report the bill this session and is hopeful the House rules may be let down so the bill can pass, especially since Speaker Clark is concerned over emigration of Americans to Canada. The Senate also passed Chamberlain's bill providing for the exchange with the state of Oregon of school and indemnity lands within the Oregon National forests for equal area of National forest lands in compact body, and the bill making Oregon lands withdrawn or classified as oil lands subject to entry under the homestead or desert land laws.

WILL SELL INDIAN LANDS AT AUCTION

Much of the Klamath Reservation Will Go to the Highest Bidder.

Nearly two thousand acres of Indian lands classified as inherited and non-competent Indian lands are to be offered for sale September 12. The lands are located in various parts of the Klamath reservation, and some are heavily timbered while others are choice farm lands. The tracts are the allotments made to Indians who have since died. In order to settle the matter, the heirs in each case have asked for a sale, and the tracts will be disposed of to the highest bidders by the Indian service. The money derived from the sale of each allotment will be divided among the heirs of that Indian.

Stage Schedule Changed

Ft. Rock News: The northern stage started running on the new schedule Tuesday. The mail will leave Bend at 10 o'clock in the morning, and will be carried through to Silver Lake without delay. The drivers on this end of the line will only go as far as the summit station, instead of to La Pine, as formerly, and will probably arrive here somewhere between 7 and 9 o'clock in the morning. The change will allow mail to reach Portland in 36 hours and will be greatly appreciated by those who get the evening papers from Portland.

SUPT. CHURCHILL FAVORS GARDENS

School Officials Meet to Prepare For Industrial Work.

Among the first things taken up by Superintendent J. A. Churchill was the work done in the industrial department. In order to get a line on what is being done in the different counties, Mr. Churchill called a meeting of the county superintendents who were in session last week at the State House in the capacity of the State board of Examiners, at which Superintendent Oliver of Lake County was present. Each superintendent reported an increasing interest in the movement and in most all cases the local exhibits bid fair to be larger and better than last year.

The State Fair Board was anxious to ascertain as nearly as possible how many counties would make collective county exhibits and how much space would be required for the juvenile department.

According to reports from the superintendents it is believed that a dozen county exhibits and perhaps twice as many district exhibits which, in connection with the individual exhibits, will make the largest and best display of school children's industrial work ever assembled in any state.

It was decided at this meeting to waive the rule requiring library tables, made and exhibited by the children at the State Fair, to be of certain dimensions and permit the showing of different sized tables.

Some of the children do not understand what is meant by "Best Account" in "poultry specials." A financial account is what is wanted—a statement of receipts and expenditures, showing as nearly as possible the profit or loss, as the case may be, that the child has made with its poultry business since January 1, 1913.

The object is to have the children learn simple book keeping and get the habit of keeping accounts of all their business transactions. In doing this, they will be able to ascertain the cost of production and what they can get the profit on.

In connection with this financial account a nicely written statement regarding methods employed and experiences with different details of the business will add to its value.

Few Progressives

Assertions of writers for prominent Eastern magazines that the progressive party is well organized and stronger than when Colonel Roosevelt was candidate for President are not proved, so far as Oregon is concerned by the registration figures so far this year. The figures received by Secretary Olcott from about one half the counties of the state show that the Bull Moose party has about four per cent of the total registration. The total registration of Progressives thus far is 51, against 752 Republicans and 377 Democrats.
