## SEED WHEAT!

— AT COST —  
FOR FALL SOWING

"TURKEY RED" "GOLD COIN"

The Nevada-California-Oregon Railway has arranged to purchase Seed Wheat for Fall Sowing, which will be disposed of at Lakeview, Fairport or any town along the line of the road, AT COST. IF PARTIES ARE NOT IN A POSITION TO PAY CASH, WE WILL TAKE NOTES OF RESPONSIBLE ONES.

Can furnish "Turkey Red" or "Gold Coin." The latter wheat is raised in Idaho, Wyoming and Utah and it is claimed it will withstand the late frosts as well as the "Turkey Red," and will not run out as quickly as the other.

All orders for this wheat should be placed with Agent Class, of Lakeview, and that vicinity, and all other orders with "Fred Shaffer, Land Commissioner, N. C. O. Ry., Fairport, California." Orders should be in so that shipment can be made during July.

The purpose of the road in this is to assist those who do not possess the ready cash and, also, to encourage the sowing of standard seed—especially Fall varieties.

## PICTURES OF OREGON TO BE SHOWN WORLD OVER

Oregon will be set in motion all over the world as a result of a visit to the state by Ralph R. Earle, representing Pathe's weekly, a motion picture record of events which is seen each week in picture houses throughout the United States and European countries by more than 20,000,000 people.

It was with the cooperation of Louis W. Hill, chairman of the board of directors of the Great Northern railway and William Hanley, of Burns, Oregon, that the motion picture man was enabled to secure some very remarkable views of Central Oregon agricultural and industrial scenes.

Making the trip into Bend over the Oregon Trunk railroad, the Hill line that has opened up the great Central Oregon country, the motion picture

man was taken to Burns, in Harney county, by automobile a distance of 150 miles. For a week the Pathe representative toured Harney county covering more than 1,000 miles by automobile to secure films that will show to the world the openings for homeseekers on the free government lands of Oregon.

While a visitor on the Double O ranch, owned by Hanley, more than 2,000 head of cattle were rounded up for the pictures. Motion picture panoramas will show the extent of the great valleys of Central Oregon and the Blitzen canal, just completed by Hanley through the Blitzen valley. This big irrigation ditch, formed by the waters of the Blitzen river, drains more than 100,000 acres of land and is forty miles long. The pictures will show the hog and sheep indus-

try, homeseekers coming into the country, the sage brush land before and after the arrival of the homeseeker and generally give a truthful picture of the opportunities and possibilities of Central Oregon.

Louis W. Hill is one of the foremost of Northwest developers and believes in the motion picture to give wide-spread publicity to what Oregon has to offer to newcomers.

The Pathe people have also secured a reel showing the scenery of the Deschutes canyon where the Hill lines expended an enormous sum of money to build the Oregon Trunk railroad into the Central part of the state. The pictures secured by the Pathe people are the first of the kind ever taken in Oregon and will be shown in the leading motion picture theaters all over the world.

TAKE PLENTY OF TIME TO EAT

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

\$1000 Dollars Reward
