BISHOP PADDOCK WILL SOON VISIT

Episcopal Missionary Expects to Hold Services Here Next Sunday.

Bishop Paddock of the Episcopal Church has sent word that he expects to arrive in Lakeview by either Sunday 14th or the 21st of the month. The Bishop is en route from Hood River and is uncertain whether he can reach here by the first named date but in the event that he does not, he will surely be in by the 21st. When the date is more definitely known his friends will give further notice. Arrangements will be made for the holding of services by him in the Methodist Church on both the morning and evening of whichever Sunday he is in town. A cordial invitation is extended to everyone to attend the service and the members of the Episcopal Church are urgently requested to be present at them and show their interest, as well as to extend by their presence a cordial welcome to the Bishop. Any who are contemplating baptism or confirmation are urged to hand in their names, or those of their children, whom they desire to receive these rites, to either the Secretary or Lay Reader of the Episcopal Mission, so that the list may be ready for the Bishop when he arrives and the proper arrangements be made. The Bishop states that he is practically on his way to New York City to attend the triennial general convention of the Protestant Episcopal Church which meets there this year.

FAMOUS TARIFF BILL IS PASSED

Conference Committee Expects to Complete All Details Shortly.

Washington, Sept. 9.—The democratic tariff revision bill passed the senate at 5:43 this afternoon amid a burst of applause from the galleries, which found its echo on the first of the senate. The vote was 44 to 37. Its passage was attended with great applause when Senator La Follette voted for the bill and was followed by Senator Poindexter. The democratic caucus and the senate predict that the bills passage will bring immediate stimulus to the business of the country. As it passed the senate the tariff bill represents an average reduction of more than four per cent from the rates of the original bill that passed the house and nearly 28 per cent from the rates of the existing law. In many important particulars, the senate has changed the bill that has passed the house, and a conference committee of the two houses will begin work Wednesday or Thursday to adjust these differences. Leaders of both houses predict that the conference will consume less than two weeks time. The wild plum season is now on in full blast and numerous parties are now bringing this natural Oregon product to town. They are reported very plentiful and of good quality this year.

NEW PINE CREEK DEPARTMENT

DEVOTED TO LIVE NEWS NOTES OF THE STATE LINE TOWN SPECIAL CORRESPONDENCE

W. A. Schauer and wife left for Sonoma, Calif., last Friday.

Everybody who attended the dance last Saturday night reported a fine time.

Chester Wendt, of Jacksonville, Oregon, is visiting his brother, Henry Wendt and family.

Mr. T. H. Mackey, the carpenter, is improving the appearance of his shop by putting rustic on same.

J. B. McNew has been engaged to carry the High Grade mail from New Pine Creek to High Grade.

Lester James, Mrs. J. B. McNew and Miss Ardna Charlton are all reported on the sick list this week.

The new residence of Dr. E. H. Amsden is nearing completion and is quite an addition to New Pine Creek.

The City Council met at a special session Tuesday, Sept. 9th, and granted two saloon licenses, one to N. A. McCurdy and one to D. W. Thomas.

Mrs. Oliver Briles was visiting with relatives a few days last week, and we noticed her presence at the dance after the Picture Show Saturday night.

A little fistic display was pulled off on Main street last Saturday night. It was a case where one was looking for trouble and he found it, and was knocked out in the first round.

Dr. E. H. Amsden was called to Davis Creek to attend Mrs. Clyde Hartierode who was reported very ill. When the Doctor arrived there he phoned for Dr. E. H. Smith of Lakeview.

Mr. George Vernon and family who have been among us for years left for La Grande, Oregon to remain for the winter visiting his folks. He expects to return to New Pine Creek next spring.

The New Pine Creek base-ball team went to Fort Bidwell last Sunday and met with a tad defeat, the score being 14 to 2 in favor of Fort Bidwell. Only

about half of the regular team was able to go on account of some of the ball players working on the thrasher.

The Benson Bros. Players played two nights at the Opera House last Monday and Tuesday to good sized houses. This Company has Shetland ponies, trained dogs, Mary, the Monk, and put up a good show. Something different from any other Company that has been here.

A telephone message came to New Pine Creek last Saturday announcing a very rich strike south of the Consolidated Mine, by Dick Mason. Mr. Mason had cut 7 feet into the ledge and was not able to tell just how wide it was. Several from High Grade went over and all seem to be worked up over the strike.

There will be a meeting at the Sunshine High Grade Mining Co. building Thursday, September 11, 1913, for the purpose of organizing a Ladies Improvement Club and we are informed that the ladies will decide on the date to hold the big Picnic at the New Pine Creek Picnic Ground, which we have heard so much about.

Part of our Base Ball team met with an auto accident last Sunday three miles from Fort Bidwell. The rear wheel was smashed and the boys did not get home until Tuesday noon. The party consisted of Richard Keller, the driver, Geo. Wendt, Evert Reed and Fred Hammerslev. The boys said they were royally treated at Fort Bidwell and did not regret their stay there. They said that had it not been for N. P. Jensen, the electric light man and all around machinist, they would have no doubt had to leave their machine there until they could telegraph for a new wheel. Mr. Jensen, accompanied by his wife happened to go to Bidwell Monday and when he landed there the boys told him their tale of woe. When Mr. Jensen saw the wheel he told the boys that he could fix it, which he did and they went merrily on their way.

Mexico Seeks Loan

It is predicted that further developments in the Mexican situation will await the arrival in Washington of a special envoy of the Mexican government. His mission to the U.S. Capitol is said to contemplate not only the furtherance of the negotiations looking toward peace, but the floating of a loan that would be encouraged by the American Government. Washington officials are said to have been assured that Hureta would not be a candidate at the October election for the president of Mexico.

An officer in General Salazar's federal command at Jurazac was killed Saturday by a U. S. Custom Inspector. The Mexican was shot after he opened fire upon the U. S. official and others on the American side of the international boundary line.

Fires in Forest

The Silver Lake Leader says that W. B. Hunt, Forest Guard, reports 25 fires in the forest last week, all being set within one and one half miles of his camp. They all seem to be of incendiary origin as the party or parties helped themselves to the vands of Mr. Hunt's camp and left a note defying him to catch them if he could. Thirty-five fires are reported near La Pine.

The Klamath papers also state that some fires have been reported in the forest near Bly. No recent fires have been reported to the local Forest Office, they having had but nine reports of fires this season, they all being small and presumably set by lightning.

Sheriff Makes Arrests

Upon the information filed by W. W. Brown before Justice of the Peace Chas. Umbach, Sheriff W. B. Snider Sunday night went to Warner Valley and arrested Phil O'Conner and James O'Conner on the charge of larceny of horses belonging to Mr. Brown. They were given a preliminary hearing Tuesday evening before Justice Umbach, Attorney W. Lair Thompson appearing for the defendants and Deputy District Attorney Farrel representing the state. James O'Conner was released from custody while Phil O'Conner was placed under bail in the sum of \$500 which was furnished.

Sheriff Snider Monday went to Long Valley to arrest Fred Booker of that place on a charge of threatening the life of another. He was brought to town and placed in the county jail, and his hearing will probably be held today.

A new board walk has been placed along the south side of the Hotel Lakeview building.

HOW THE TROUBLE STARTS
Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers.

Robertson-Pratt Nuptials

Gordon Robertson and Miss Annie L. Pratt were united in marriage last evening at the home of Mr. and Mrs. M. R. Hart in the city, the Rev. George A. Crawford officiating. After the ceremony Darnell's band serenaded the happy young couple. The participants were received most royally.

The groom is the popular local representative of the Reno Brewing Company, and is a very sober and industrious young man. The bride is a charming young lady and is quite prominent in the younger set. They have the best wishes of a host of friends who sincerely hope for their future happiness. Mr. and Mrs. Robertson will make their future home in Lakeview, they having leased the Mrs. E. F. Cheney property on Main Street.

Benson Has Puzzle

According to reports Circuit Judge Benson of Lake and Klamath Counties recently met with a legal enigma in a divorce suit at Klamath Falls that proved very puzzling. The husband, who was made defendant in the case resides in Eugene while the plaintiff is a resident of Klamath Falls. The point arose over a motion for a change of venue which was up to the judge to decide. The defendant claimed he had sixty-seven witnesses, and the attorney for the plaintiff alleges that he had eighty-one witnesses for his client, making a total of 148 witnesses involved in the case. After figuring there would be \$2016.90 witness expense to have the case tried in Eugene or \$1667.30 in Klamath Falls, the Judge denied the motion. The subjects in the suit are Mrs. Olive Potter and Mr. Wesley Potter.

Caminetti Guilty

F. Drew Caminetti was found guilty last Friday in the Federal Court at San Francisco on one count of the indictment charging him with violation of the Mann White Slave Traffic Act. The finding of the jury was that Caminetti was guilty on the single count of transporting and aiding in the transportation of Lola Norris from Sacramento to Reno for immoral purposes. His bonds were placed at \$10,000 which were furnished, and a motion filed for a new trial. He was to have been sentenced yesterday, the day set for sentencing Maury Diggs, jointly indicted with Caminetti and convicted on four counts.

COSTLY TREATMENT.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by all dealers.

BUSY ON GOOD ROADS

Continued from first page

have been carefully considered by Mr. Bourne and his committee. The plans in vogue in governmental roads in nearly every nation of the world has been studied and complete reports have been secured by the committee. Valuable information has been secured from a study of the system in use in France, which has some of the greatest roadways in the world.

Mr. Bourne suggests that if his plan should be adopted by the United States, that the same plan could be further carried out by the states, with relation to road construction in the individual counties. This would enable the counties to secure 4 per cent money with which to build a large portion of the roads.

"The present state law provides for issuing county bonds with which to build roads but 6 per cent is the usual interest which has to be paid, and at the expiration of the bonds the county is called whereas, under the Bourne plan the principal would be taken care of by the additional 1 per cent paid over the 3 per cent federal bonds.

Suggestions For Preparing Exhibits
In preparing sheaf exhibits select desirable heads just as the grain enters the yellow ripe state. Choose well filled heads, but the straw as close to the ground as possible, so you can exhibit full length of straw, or if the grain has been cut, then select the best heads with as long stems as possible. Make up sample not to exceed 200 heads. Tie with some cloth or narrow ribbon just under the heads, at butts and in center of bundle. See that each sample is neatly and accurately labeled, state what kind of land raised on--irrigated, sub-irrigated or dry land. Name of exhibitor, location of farm by Section, Township and Range.

Fruit: Wrap each sample in soft paper, do not polish as the fruit as it comes from the tree with unnecessary handling or rubbing keeps the best as samples.
Special Premiums
The Fair Board has set aside a fund to provide for special premiums to be awarded to exhibitors of merit. Premiums displays not enumerated in the above lists. Blue Ribbons will be awarded as premiums for second best displays where not otherwise specified as Cash Premiums.
