## COUNTY CLERKS TO BECOME AUDITORS

After January 1st Present Incumbents Will Have New Duties.

County Clerks are to be made ex-officio county auditors under the system which has been formulated by the insurance commissioner under the provisions of the new uniform accounting law, which is to be put in operation on January 1st, 1914. A convention of the county clerks of the state was held last week in Portland at which the new system was much discussed.

One of the principal purposes of the law is to furnish statistical and intelligent information to the taxpayers relative to the expenses of the government of the counties of the state.

The insurance commissioner proposes to make each of the 33 county clerks of the state, exclusive of Multnomah county, a county auditor ex-officio. All of the financial transactions of every kind and description of each county will clear through the county clerk.

He will maintain such records as will show the details of the source and amount of all receipts, and the purpose, amount and authorization of every item of expenditure, and the records and forms which will be installed will be arranged that any interested person may readily determine the financial status of the county at any time.

Monthly reports are to be made by the clerk and treasurer to the tax commissioner. From these reports the commissioner expects to be able to compile a complete annual report of the financial condition of each county to the taxpayers within a few months after the close of the calendar year.

## Millionaire Poor Loser

Captain E. W. Johnson, a Seattle millionaire, has been on a visit to Susanville. The captain, according to the Susanville Mail, proceeded to get loaded and indulged in a game of flipping a coin at \$100 and \$150 a throw. The captain also lost heavily to a stranger, and proved a bad loser, as he endeavored to have the stranger arrested the next morning. After an investigation the judge refused to issue a warrant, but had the millionaire arrested for being drunk. A police officer was present at the throwing, and acted as referee.

## First Papers Void

In June 1906, Congress passed an act making the first papers for citizenship good for seven years. Court decision has extended the operation of the law to first papers made before September 1903. The time when the law went into effect, will expire on September 25th. Look up your papers and if dated before September 1903, you must make application for final papers. On or before September 25th, they will become void and will have to take out first papers again.

We sell famous

## PARISIAN SHOWS NEW CREATIONS

Latest Word in Millinery Fashions Displayed at Local Store.

The Parisian Millinery held its autumn festival of millinery fashions last Saturday. The display was held in the millinery store on Main street, and was staged and superintended by Mrs. J. Chas. Smith, who is thoroughly conversant with all the intricate details of the business. It was doubtless the most pretentious fashion exhibit ever given in Lakeview and was largely attended.

In addition to the Millinery Opening a New York sample line of cloaks, suits and dresses was shown. The management reports a good volume of business, comparing favorably with past openings. "One buying feature was noticeable," stated Mr. Smith, "and that was that nearly all purchases were made in the more substantial and expensive lines."

A glance at the elegant display of millinery denotes that the colors this season are conglomerated, all leading to a bright and flashy effect. Among the colors which predominate are mahogany, lime green, orange and Labrador blue, which in the proper blending of colors, as the Parisian hats are trimmed, makes beautiful and attractive effects. A new creation which is becoming popular is the very late Pink Lady, or properly strawberry pink, which makes a classy and tasty hat.

The prevailing shapes are small, with trimmings of uncurled ostrich, Numide and French plumes. The broadened velvet ribbon is used extensively.

Lakeview fashion followers are afforded a splendid opportunity at the Parisian to keep up to date with the latest city developments in the art, and appreciation of this is attested by the increasing popularity of each year's semi-annual stowing of the store.

## Resolutions of Condolence

WHEREAS:

It has pleased the Almighty Ruler of the Universe to gather from his earthly labor unto Eternal Rest, our worthy companion John O. Bull, who, while not a member of our Chapter, was a member of this degree and active in the promotion of the welfare of the craft.

By his high character and unflinching zeal in behalf of Masonry he set a noble example worthy of emulation by all men and Masons.

BE IT RESOLVED:

That the officers and companions of Lakeview Chapter, (U. D.) of Royal Arch Masons, while mourning the loss of so worthy a companion and deeply sympathizing with the widow and others bereaved by his removal from their midst, do bow in humble submission to the Divine Will and to the infinite wisdom of Him who alone can safely guide the footsteps and shape the destinies of mortal man.

"The tomb is not a blind alley; it is a thoroughfare. It closes on the twilight, it opens on the dawn."

By resolution of the officers and companions of Lakeview, (Oregon) Chapter (U. D.) Royal Arch Masons, in convocation assembled this 5th day of September A. D. 1913.

A. Bieher,  
C. W. Glass,  
Wm. S. Towner,  
Committee.

## Forests Are Protected

During the last quarter of the fiscal year, the federal government entered into cooperative fire protection agreements with the following states: Maine, New York, Minnesota, Montana, Washington and Oregon. These six agreements contemplate the protection from fire of approximately 87,000,000 acres of land on the forested watersheds of navigable streams, for which purpose \$371,000 of federal funds have been made available. There are at the present time 14 states which are engaged in active cooperation of this kind, and it is possible that three new states, Kentucky, South Dakota and West Virginia will be added by early fall.

## WOOL SOX

## WARM GLOVES

"Everything to Use, Eat and Wear"

## ADDITIONAL BRIEFS

Judging by the heavy blasts that have been discharged in Bullard Canyon near town the past several days Frank Rogers and crew are doing some very effective road work in that vicinity. The road for a considerable distance leads through solid rock, but when once completed it will make a splendid highway.

Mrs. Pankhurst, who is contemplating a visit to the United States next month, says she has sufficient faith in the open mindedness of the American people to make the trip as she originally planned. According to the many newspaper reports concerning her proposed visit she should, indeed, have explicit faith in the open mindedness of the American people.

Charles de Young, publisher of the San Francisco Chronicle, died last week at the home of his father and mother, Mr. and Mrs. de Young at San Mateo, Cal. Death came after a month's illness which developed into typhoid and pneumonia. Mr. Charles de Young was a young newspaper man of wonderfully bright future and was a prominent citizen of San Francisco, being one of the principal directors of the Panama Pacific Exposition. He was a graduate of Harvard.

A sudden change was experienced in the weather the first of the week, which reminded all who had not provided stoves, that such were very necessary items. The weather for several days past up to last Saturday had been extremely warm, which made the change to the cooler the first of this week more noticeable. However, the weather man this morning has the appearance of being more reasonable and good weather is promised to continue for several weeks.

## President to Sign Bill

A Washington dispatch under date of September 22 says that President Wilson expects to sign the Underwood tariff revision measure not later than today (Thursday.) Since Monday the chief executive has been in conference with Senator Simmons of North Carolina and "Hoke" Smith of Georgia. According to these men, the conferees appointed by both houses have practically decided on all the points where controversies were expected.

## Silver Lake Items

(Silver Lake Leader)  
F. M. Christman has donned his work clothes, rolled up his sleeves and has been busily engaged the past week cutting his crop of oats.

S. A. Lester has erected a new house and has taken up his residence on his homestead at the south end of Silver Lake.

The largest yield of rye thus far heard of is that of F. W. Stratton who lives south of Fremont, his grain threshing 25 bushels per acre.

The loss of 10 sacks of oats caused W. D. Robinson, of Summer Lake to make a trip to Silver Lake last Saturday. Latest accounts are to the effect that he is still shy the oats, no clue as

yet having opened up.

We regret to chronicle the sad and untimely death of little Alma, the three-year-old daughter of Mr. and Mrs. Ed Lundy who died last Thursday evening. The little one had been sick only a few days, her death being caused from inflammation of the bowels.

## Paisley Pick-ups

(Chewaucan Press)

The Public School opened here with seventy pupils enrolled in all grades.

Darnell's Orchestra has been secured for the Harvest Dance.

The Press acknowledges an error in its mention last week of a petition to recall Deputy Game Warden La Slater. Apparently the report was unfounded.

Wm. Taylor returned from Portland, Tuesday with a new Overland which he will put on the road from this point. He was accompanied by Mr. and Mrs. Turpin who intend to make their home here.

J. E. Wilson, Geo. Windom and J. E. Taylor and families all from Madras, Ore., arrived in Paisley last week, bringing all their effects with them. Mr. Taylor expects to return to Madras in the spring but the other two gentlemen will remain here as they have started a harness shop and livery stable on Main Street. We wish them all kinds of success.

## Royal Arch Masons

There will be a special convocation of Lakeview Chapter Royal Arch Masons, this Friday evening, Sept. 26th, for work in the Royal Arch Degree. By order of the Excellent High Priest Fall attendance desired, sojourning companions welcome.  
H. M. Nolte, Secy.
