### MOORE FAMILY VISITS

Continued from first page  
Mr. Moore, while not entirely recovered from his sickness, is rapidly regaining in health and he hopes to return to Lakeview next year with a first class troupe. They departed from here yesterday for Fallon, Nevada, where they will play during fair week in the Temple theater, which is now managed by Alfred Smith and J. P. Mayfield formerly of Lakeview.

### Sec'y Without Authority

The present state printing law repealed all the laws regulating the disposal of various state publications, such as the session laws, the codes, the supreme court reports and legislative journals. Until the state printing board meets and takes action in the matter, the secretary of state now has no authority to sell or give away any of these publications. It is probable that the board, at its next meeting, will fix the same prices for the publications as have been charged in the past, with the possible exception of the supreme court reports. The price of these may be cut, as spurious volumes of the last report have been issued by private publishers and placed on the market at a reduced price.

Francis J. Heney has announced his candidacy as United States Senator from California to succeed Senator Perkins whose term expires in March 1915.

## CLOSING OUT SALE

### NEW PINE CREEK DEPARTMENT

DEVOTED TO LIVE NEWS NOTES OF THE STATE  
LINE TOWN SPECIAL CORRESPONDENCE

### PINE CREEK HAS WOMEN'S LEAGUE

The Ladies of New Pine Creek have organized a "Ladies Improvement League." Such organizations are growing in popularity all over the world. Not only in the United States but in every country under the sun. Not only are these organizations found in the towns and cities but in the rural districts also. The aim of this League is the same as that of all Women's Improvement Clubs, to make the vicinity in which they live, a more beautiful place in which to live. The Ladies, League and the Town Council are to work in harmony for the up-building of our little town. Watch us—see if we improve within the next few months.

A few members of the Ladies Improvement Club attended a special meeting of the City Council held at the City Hall last Friday. The ladies present were Mrs. J. T. O'Connor, Pres., Mrs. L. C. Vinyard, Vice Pres., Miss Cora D. Berry, Corresponding Secretary, Mrs. Nannie O'Neil, Mrs. Edward Keller, and Mrs. R. L. Wade. The Mayor informed the ladies that he was glad to see them present and was ready to hear what they wished to say.

Miss Cora D. Berry addressed the Mayor and Council, informing them that the club was ready to help the Council in any way for the betterment of our city. And she suggested for the first step to clean up the town; that we had one of the most beautiful towns to be found anywhere and with a little public spirit much good could be done. The Mayor in behalf of the Council assured the ladies that they were ready to help them in any way possible. The City Marshal was then instructed to inform all property owners to clean up. And a day will be set in near future for a general clean up day. Let the good work go on.

The big picnic will be held at New Pine Creek Pleasure Ground on shore of Goose Lake next Sunday, September 28. A general invitation is ex-

tended to everybody. There will be motor boating, swimming, swings for the children, foot-races and baby show. Everybody come and spend a merry day.

We were informed that a lady made a remark that she would not clean up her place after the way the City Council did. This is just the kind of narrow minded, pin headed people that make all the trouble. We have one or two such people in our city who are always talking about something they know nothing about. Now we do not know just what this lady had against the City Council but we hear complaints about the City Council not making any improvements and do not see what they are doing with the money. Now we will ask those people

who are kicking to kindly attend the council meetings and we think they will be convinced that the council is doing the best that could be done for a newly, incorporated town. There are expenses that the people do not know about, so in future let the people not believe everything they hear from some of these trouble-makers. If they hear of people doing this then let them go to bottom and find out if such is true. We are getting tired of these hot air stories with no foundation, making it disagreeable for everybody. Let us not only clean up the city but get rid of this pulling and hauling which is caused by just such people as these, who are always starting false stories.

Mr. Floyd Evens of Red Rock, Lassen Co., is visiting Mr. and Mrs. J. C. Freeman. Mrs. Evens is a sister of Mr. Freeman.

Mr. O. J. Buck one of the owners of the Modoc Mine arrived at New Pine Creek last Saturday night. Mr. N. E. Guyot of High Grade met the gentleman here. Mr. Buck expects to remain at High Grade about 10 days.
