Piano Prices

YOU have often heard the expression that "pianos are so much cheaper now." However we know of over 20 makes which justly sell for more today than ever before. Mere wood and metals vary little in cost but brains command larger salaries today than ever before in the world's history.

The Behning is the product of such brains and genius and is offered the public at a modest profit.

If you are critical about piano tone we invite your inspection of the Behning Grand.

O-W. R. & N. WILL HOLD CORN SHOWS

The corn crop of Oregon, Washington and Idaho is not only large, but the quality is superior to what was believed would be grown. Yields of as high as 125 bushels per acre of matured corn are assured, and from ten to thirty tons of corn silage to the acre is being out.

The statement of the O.W.R. & N. Agricultural Department that corn would prove a profitable crop, and that it will soon equal the wheat yield of the states of the Pacific Northwest, is borne out by the crop produced this year.

The plantings are widely scattered, and the area devoted to corn is not known, but during December two corn shows are to be held and some idea as to the acreage will be gained. There will be exhibits of corn from all parts of Oregon, Washington and Idaho.

In addition to the value of the crop, the growers are to receive prizes in cash, farm implements, live stock and works on agriculture and horticulture, valued at over \$25,000.

The dates of the show at Colfax for the States of Washington and Idaho are December 2 and 3, and the show at Pendleton will be held on the 5th and 6th days of December.

Every grower of corn who makes an exhibit either at Colfax or Pendleton will be in line for a prize, and he will further emphasize the fact that corn can be grown in the Pacific Northwest.

Its production means much to every land owner in the states named.

VAST DIFFERENCE BETWEEN METHODS

There is a difference between the initiative and the referendum—a vast difference. Yet it is not clear to many people, who appear to think that the function of these two distinct devices of legislative reform is identical.

The initiative is an instrumentality of popular government through which the people propose and enact laws or adopt constitutional amendments without regard for any Legislature or any other representative or delegated body.

The referendum is a plebiscite by which the people as a whole approve or reject any measure previously adopted by the Legislature, or referred to them directly by the Legislature.

All measures under the initiative are a demonstration of the original law-making function. All measures under the referendum are a demonstration of the law-approving or law-rejecting function.

If any citizen disapproves of a particular measure submitted through the initiative or if he desires to record himself in disapproval of the use of the initiative machinery, he votes no. When he is in doubt, he usually votes no.

If any citizen disapproves of the uses of the referendum on any particular measure he votes yes. If he approves the measure submitted through the referendum he votes yes.

All the bills to be submitted to the people on November 4 are under the referendum. When in doubt vote YES.

CAUGHT A BAD COLD

"Last winter my son caught a very bad cold and the way he coughed was something dreadful," writes Mrs. Sarah E. Daneau, of Tipton, Iowa. "We thought sure he was going into consumption. We bought just one bottle of Chamberlain's Cough Remedy and that one bottle stopped his cough and cured his cold completely." For sale by all dealers.

Excursions to California

During the coming winter a series of excursions will be conducted by the Oregon-Washington Railroad & Navigation Co. from British Columbia and the Inland Empire to California. Four excursions have already been announced, the first starting from Seattle, with the British Columbia people, on January 6th. Following, their excursions will start from Spokane on January 6th, 13th and 19th.

DIARRHOEA QUICKLY CURED

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

FOR THE TRAVELER

a "companion bottle" is almost essential. Traveling is fatiguing work, and an occasional "nip" is often appreciated. But you want to carry the best and purest of liquors, the kind that does no injury to the system and leaves no bad after effects. That is the kind we keep—the best grade of liquors distilled. Our wines are equally pure and superior in grade.
