## MUSIC COURSE IS ADDED TO SCHOOL

Efficient Instructors Here to Teach Both Piano and Voice.

(FOREWORD)

For some time it has been the aim of the Lakeview High School to make of the school just such an institution as can best serve the interests of the citizens of Lake County and the surrounding country.

To this end Domestic Science and Art were put into the school and next a course in Manual Training was added.

Recently a demand has been made for a music course of high order. To supply this demand has been a problem but at last it is solved.

Music has been added to the High School course so that pupils taking it may obtain school credits the same as on any other high school branch, and to provide for this Mr. Burton Arant has been secured to take charge of the piano work and C. A. White will teach the Voice Culture.

Both of these gentlemen are men of culture and experience, and come to us with highest recommendations. We feel confident that students may now come to Lakeview and take music under the auspices of the High School and get as good work as is given in most of our conservatories.

### Piano

(Perry Burton Arant)

Mr. Arant studied music at the Oregon Normal School and at the Pacific University Conservatory of Music and

is a graduate of both institutions. He has also taken advanced work in harmony and composition. In September 1909 he won a prize of \$345 in a public contest in piano playing. Mr. Arant has written songs and instrumental pieces and is the composer of the Normal Hymn of the Oregon Normal School. He was formerly instructor in piano in the P. U. Conservatory.

### Course.

This course is designed for all students of the piano, from beginners to advanced students. Pupils are taught not to play notes, but to play music. The object is to make musicians, and not mere performers.

Great care is taken in the selection of music. Dry exercises are avoided as much as possible and the pupil gets the necessary technical training while practicing music that is interesting.

The following will give some idea of the work covered:

I. Correct position of hands, fingers and wrists; finger stroke; relaxation; touch; special exercises; major and minor scales; arpeggios. II. Rhythm, time, accent; phrasing, ear-training, principle of expression, interpretation, musical terms, etc.

### Voice

(C. A. White)

Mr. White studied three years at the American Conservatory in Chicago also at the Sherwood Conservatory, with Gottschalk and other noted artists. He was soloist one season with the Castle Square Opera Company of Chicago. He has had much experience both as soloist and teacher. Mr. White left a large class of students when he came to Oregon to regain his health.

### Course.

This course is open to any vocal student wishing to pursue vocal study without reference to graduation or

preparation for a professional career. No previous knowledge of music is required. It includes elementary vocal training and principles of music in such a manner as to stimulate true musical appreciation and to lay the foundation for the more advanced work.

Many feel that they have not good enough voices to justify their cultivation, but they should remember that training often reveals wonderful possibilities in seemingly poor voices. Voices have been developed to such an extent that it virtually amounts to voice building.

The work includes the following:

I. Voice placing; tone quality, breath control, attack and release, sight singing, ear training.

### Harmony

(Mr. Arant)

Harmony is to music what grammar is to language and the student who would understand music thoroughly must know harmony. It is an interesting study and may be taken by all the older students, in either vocal or piano. Here are some of the things which a knowledge of harmony enables the student to do:

I. Read with greater ease and rapidity.  
II. Memorize much more readily.  
III. Judge of the quality of music played or sung.  
IV. Have a better appreciation of music.

It will be the constant aim of our instructors not only to ground pupils in the theory of their art, but to give them a finish in execution. Whether the student takes up the work purely from a motive of self-culture or for a professional career, the method of instruction should be the same.

Many people do not realize that the beginning, in either vocal or instrumental work, requires the most careful training of any period in the musical development. Here many habits are formed which will either retard or advance the pupils' progress later on, accordingly as the instruction has been inadequate or efficient. It is impossible to build on an insecure foundation.

All pupils will be expected to appear in public recital at least twice during the year. This is of much importance to the pupil in developing confidence and self-control. Occasional recitals will be given by the instructors to stimulate an interest in good music. The public is cordially invited to all these recitals.

### Terms Per Month

Piano-40 minute lesson-one a week.....\$ 4 00  
Voice-half hour lesson-one a week.....\$ 4 00  
Piano or voice—two half hours a week.....\$ 7 00  
Harmony (in class).....\$ 2 00  
Payable by the month in advance.

Pupils are advised to take two lessons a week wherever possible, as much more satisfactory work can be done in that way. Lessons lost will be made up provided the instructor is notified in due time.

Arrangements may be made for lessons with Mr. Arant at the high school after 3:45 p. m. on school days or after 9:00 a. m. on Saturday.

Mr. White may be seen at present at Mr. Kaufmann's jewelry store.

August Bogner, a business man of Plush spent several days in Lakeview this week.

## NEW PINE CREEK DEPARTMENT

DEVOTED TO LIVE NEWS NOTES OF THE STATE LINE TOWN SPECIAL CORRESPONDENCE

There will be a grand ball at Wendt's Opera House Thanksgiving night.

Mr. and Mrs. N. A. McCurdy will leave for Southern California this week.

Tillie Reader left one day last week to work in one of the Hotels at Alturas.

Mr. Walter Dupont our popular druggist returned last week from a trip to Nevada.

Mrs. Wm. Burgun made a trip to High Grade Monday where her husband is at work.

J. B. McNew is the busiest man in town these days. The Livery barn is full nearly every day.

Mr. J. U. Gentry was reported on the sick list last Sunday. Dr. Garner is the attending physician.

Mr. W. Hill and wife, the popular teachers of New Pine Creek, made a visit to Alturas and vicinity Friday.

Henry Wendt, Jr., is making several improvements on his property, building a new woodshed, sidewalks, etc.

The Blorton Hotel is doing a good business these days. Mrs. Blorton understands the Hotel business and is giving good satisfaction.

N. E. Guyot, superintendent of the Modoc Mines, came down from High Grade Tuesday. He reports things as prosperous at the mines.

Mrs. Blanche Cannon returned from Cedarville, Cal., where she has been visiting her daughter. She reports having a very enjoyable time.

The New Pine Creek Photo Studio is enjoying a nice business these days. Studio is open two days each week, every Wednesday and Sunday.

We understand that Mrs. J. T. O'Connor and family expect to leave in the near future, she will join her husband who is now in Southern California, where they expect to spend the winter.

There were not many from New Pine Creek to vote on Tuesday, for the reason the voters are still compelled to go to Cogswell Creek to vote. We hope that next election it will be changed so we can vote here.

Mr. and Mrs. Berry accompanied by their daughter, Hensie Briles, drove up from Davis Creek Thursday. Mr. and Mrs. Berry attended the Bank meeting in Aturas Monday, Mr. Berry being vice-president of that institution.

The Ladies Improvement League held their regular meeting Saturday afternoon. The Ladies have a goodly sum in their treasury, which will be a great aid to the cause for which they are striving. Mrs. R. Wade was elected vice president.

The attendance of the Mt. View School this year is exceptionally good. During the first month there were no tardy or absent marks. The second month one absent and three tardy, due to illness and regulation of time. A bazaar and entertainment will be given by the school soon at the Wendt opera house.

Under the auspices of the Ladies Civic Improvement League a Halloween Party was given in the Opera House Friday Evening. The program was thoroughly enjoyed. The Ghost-Witch drill was one special number of the program. The colored light prepared by Mr. Wendt made the weirdness of the forest scene very effective.

The homes of Messrs Owens and Oliver were the scenes of much fun and gaiety Halloween eve. Between sixty five and seventy people were escorted around through mysterious dark passages, by witches and ghosts into the dimly lighted sitting rooms where in every conceivable corner they found themselves face to face with jack-o-lanterns and black cats. The evening was spent in games and various amusements. About twelve o'clock we were summoned to the home of Mr. Oliver. There a delicious luncheon was served by Mesdames Owens and Oliver.

Since October 31 and up to the first day of April of next year if you happen to be fishing and should land a trout under ten inches long throw it back into the water. Under the new state law it is permissible to fish all the year but between November 1 and April 1 it is unlawful to have a trout under ten inches in length.

## OFFICERS ARE ELECTED

(Continued from first page)

by a majority of 37 votes, Mr. Bieber receiving a total of 141.

Among the nine names up for councilmen, from which four were to be selected, the vote stood as follows: Lee Beall, 144; H. A. Funk, 144; J. P. Duckworth, 132; W. P. Dykman, 118; E. H. Smith, 116; F. M. Duke, 100; Dan Godsil, 100; W. F. Grob, 97 and D. J. Wilcox, 48. The councilmen completing the present term are Lee Beall, J. P. Duckworth, W. F. Grob and Dan Godsil, the two former being retained on the new board.

While the number of tickets out was evidence of keen rivalry for the various offices, one apparent feature was the lack of over electioneering or "vote pulling" by friends of the candidates, and the election as a whole went off with smooth accord. Quite a number of women visited the polls, but they manifested much less interest than was expected.

The new city officers represent a strong body of substantial business men who have the welfare of the town at heart, and we trust that during their administration the city affairs will be conducted fairly, judiciously and economically, as well as in a manner that will be productive of results for its citizens.

The special state election which was held on the same date, those of the South Lakeview precinct voting at the Court House and those of the north ward at the Public School building, created very little interest and a light vote was cast at either place. The total number of votes polled in the south end was 115, while but 62 were cast in North Lakeview.

At this time returns from outside precincts are unobtainable, but according to reports, the vote on the different measures over the entire county was exceedingly light.

The results from the two Lakeview precincts follow:

South Lakeview: State University building repair fund—300 Yes, 87; 301 No, 28. University of Oregon new building appropriation—302 Yes, 84; 303 No, 31. Sterilization Act—304 Yes, 49; 305 No 63. Attorney Act—306 Yes, 83; 307 No, 32. Workmens Compensation Act 308 Yes, 73; 309 No, 42.  
North Lakeview: 300 Yes, 45; 301 No, 14; 302 Yes, 15; 303 No, 16; 304 Yes 22; 305 No, 34; 306 Yes, 46; 307 No, 16; 308 Yes, 39; 309 No, 15.

## ANA RIVER IRRIGATION PROJECT

In Summer Lake, the Garden Valley of Central Oregon

Land in this valley has sold for \$125 an acre without water. It produces five tons of alfalfa, sixty bushels of barley, seven tons of potatoes, to the acre without irrigation. This is on the West Side. The land we propose to irrigate on the East Side is just as good. Elevation, 4,140 feet above the sea.

Water Rights, \$20 per acre-foot. \$2 per acre cash, and the rest in \$2 yearly payments on ten years' time, at ten per cent. interest. No maintenance charge for ten years. The land is free. Later we will put up the price of water rights to \$50.

We are going to reclaim the bed of Summer Lake for its salts and turn the land into farms. You do not have to live on this land.

Work started October 27th on Ana River dam. It will be completed and water turned in the ditches April 1, 1914, and we will furnish water for 20,000 acres next year.

We will put 100 teams to work about December 1st, and we pay \$5 for eight hours, man and team. The work is for those who take up land and buy water.

If you have a team and are willing to work, come and we will help you make a home on a quarter section of land in Summer Lake, the Garden Valley of Central Oregon, famous for fifty years for its fruits and vegetables.
