

**DIRE DISTRESS**

It is near at hand to hundreds of Lakeview people. Don't neglect an aching back. Backache is often the kidney's cry for help. Neglect hurrying to the kidney's aid means that urinary troubles may follow. Or danger of worse kidney trouble. Here's Medford testimony. August Betz, retired farmer, 824 E. Main St., Medford, Oregon, says: "I suffered more or less from kidney trouble for five years. I got worse as time passed. Sharp pains darted through the small of my back and sometimes they were so bad that I could hardly stoop or straighten. At night my back ached so much I could not rest. I was told to try Doan's Kidney Pills and I did. They checked the trouble at once and soon drove it from my system. All I said about Doan's Kidney Pills when I recommended them before, still holds good. I have had only one slight sign of kidney complaint since and one box of Doan's Kidney Pills brought me relief right away."

**BILL TO PENSION PIONEER CITIZENS**

Pensions for all persons in the United States who have reached the age of 60 years, and who have been citizens for at least 6 years, amounting to \$6 a week, are provided in a bill introduced in the House recently by Representative Lafferty, of this state. The measure asks for an appropriation of \$1,000,000 to provide for its first year of operation. The task of putting the new law into effect would devolve upon the Secretary of the Interior.

Mr. Lafferty has framed his proposed law so that it would exclude all persons who have incomes of \$6 a week. Persons having an income of less than \$6 a week, would receive an amount sufficient to bring the total up to that figure.

**EXPOSITION WILL BE READY EARLY**

The announcement from San Francisco that the Panama exposition buildings will be completed months before the opening date, is refreshing. If that is accomplished it will be something new in expositions.

Of all our big expositions, the centennial in Philadelphia more nearly met the expectations of preparedness than any other. The Chicago and St. Louis expositions were both postponed each for a full 12 months beyond the proper anniversary of the event commemorated. Even then there was much work to be done in each case after the opening day. The Jamestown exposition was never finished.

It is necessary to the successful opening of an enterprise of this kind that the exhibit buildings shall be completed a sufficiently long time before the opening to permit the proper installation of exhibits. That is a kind of work that cannot well be done while the building is in course of construction. San Francisco will deserve congratulations if it can come up to the present announcement.

**Smiths in Evidence**

Did you ever hear of the Smiths in Congress? In the Senate there is Smith of South Carolina, Smith of Maryland, Smith of Georgia, Smith of Arizona, and Smith of Michigan. The man from South Carolina has cotton balls sticking out all over him—he is such an authority upon the question. Smith of Maryland is a lumberman, while Smith of Georgia is the same old "Hoke" Smith who was Secretary of the Interior under Cleveland. Smith from Arizona is "Uncle Mark," a typical product of a typical new state. Smith from Michigan has two large front handles to his name: William Alden. He has been important in investigating the Titanic disaster, the Mexican situation and looking after the afflictions of the Republican party in the Senate. In the House there are seven Smiths, of whom two are from Michigan.

Maurice O'Keefe has sold out his interest in the Paisley Hotel and Bar Room to Dick Guinee, by whom the business will be conducted from now on. We have no doubt about Dick making a success of it. He is a good business manager.

**ANDREW CARNEGIE IS SNUB PROOF**

From The News

Andrew Carnegie has occasioned much amusement in England by his assumption of semi-royal state, not only at Skibo castle but elsewhere. His habit of notifying celebrities with whom he is but slightly, or not at all, acquainted, that he dines at a certain hour and that it will be his pleasure to admit them to hospitality has subjected him to many indignant rebuffs.

But Carnegie is unsubtable. He recently informed a newspaperman that when in Rome he "called on the King of Italy, but I did not call on the Pope." He omitted to explain, however, that the reason he did not "call on" the Pope was that the Vatican saw no reason for according him a special audience.

Chancing to meet John Burns, the well-known Liberal cabinet minister, one day in the House of Commons, he extended his hand, saying "Andrew Carnegie offers his hand to John Burns." The ex-labor leader viewing with his mind's eye the bloodshed that accompanied the quelling of the Homestead strike, replied: "And John Burns declines to take it."

**Agricultural Spirit**

The Michigan agricultural college has the "real thing" in college songs, and it goes just as well at a football game as if it had no meaning at all:

Hurrah for the harrow,  
Hurrah for the plow,  
Hurrah for the cabbage,  
Hurrah for the cow,  
Hurrah for the turnip,  
Hurrah for the pea,  
Hurrah for the roller

From M. A. C.

**Instructive Signs**

On the bank of a small river in Ireland is a stone bearing the following inscription:

"When this stone is out of sight it is not safe to ford the river."

But this is surpassed by the famous post erected some years ago by the surveyors of an English road. It reads:

"This is the bridge path to Fwesham; if you can't read this you had better keep on the main road."

**"CHEAP" CLOTHING? and "HAVANA" CIGARS?**

Did you ever notice the large boxes of Cigars which sets on the case in the average Cigar Store; the one labeled "Havana Smokers" or some similar name? You asked the salesman if they were "real, sure enough Havana" Cigars. They look so inviting that they actually resemble the ten cent straight variety. But, being an honest man, told you what?

**Exactly This:**

"Well, yes, in this respect: They are 'the cuttings' left over from the 10 cent goods. It is the 'short-filler' of course, and is a fine 'nickel' cigar. No, it doesn't compare with our long leaf Havana pure tobacco cigars at ten cents."

**Don't Buy "Stock-Filler" Clothing**

It is "pure wool" in this respect: It contains the "short cuttings"—the "shoddy" and left-overs which the better grade of tailors and clothiers like THE MATCHLESS STORE refuse. You can't get the long leaf Havana nor superior long wool fibre for "short-filler" prices. Clothing of this class doesn't even represent "fairly good" clothes. Yet, certain over-anxious dealers offer you inferior clothing at lower prices than ours. The cigar dealer tells you the "short-filler" cigar isn't as good as the long leaf Havana. See the difference? Come in and let us prove it. Any time!
