OCCUPANTS SHAKEN IN BUS RUNAWAY

**Fractions Horses Speed
With Man and Babes
Powerless To Act.**

That which resulted in a near fatality to W. E. Neilson and two small children, of Atlanta, Ga., occurred last Thursday evening when the team hitched to the Lakeview Transfer Company bus, which conveys passengers to and from the local depot, ran away while Mr. Neilson and children were in the vehicle.

Harry Vernon, driver of the bus, had made the second trip to the depot on that evening after passengers, and upon arriving there left the team standing while he was engaged in loading baggage. Mr. Neilson, who with his wife and five children were arriving on the train, having come to look over this section of country, in the

meantime with the two children had entered the bus, the mother and three other children remaining on the ground. The bus has but one entrance, that in the rear, and the sides and top are enclosed with curtains. The horses, which are naturally very high spirited, started without any apparent fright. Mr. Vernon succeeded in seizing the bridle bit of one horse, but was unable to check their speed and was thrown after holding to the animal for some distance.

Mr. Neilson states that he was at first unaware that the horses were running away, he presuming that the driver was on the seat. But the gaining speed and rock of the wagon led to an investigation and he discovered that the lines were dragging on the ground. He says that he did not think of trying to escape from the wagon, but turned all attention to the two children, and awaited results.

The team left Center street near the Creamery building, turning north to Slash, crossing some ditches and a very rough route. The wagon tongue became broken but this did not alter the

horses' speed and they continued east after reaching Slash, until coming to West street, turned south and ran to the Transfer Co. barn where they voluntarily stopped.

The occupants of the wagon sustained no serious injuries other than a severe shaking up. Mr. Neilson lost his pocket book containing, he said, about \$250, which was never found. This amount represented nearly the total of the families' finances, and consequently left them in an embarrassing position. Mr. Neilson is an experienced pressman and printer and by telegraphing to San Francisco secured employment. They departed on Tuesday morning for that place. The accident really placed the Transfer Company liable to a damage suit, but the only recompense Mr. Neilson asked for was transportation charges to San Francisco, which was gladly furnished by President Duckworth of the company. Mr. Duckworth also voluntarily liquidated their hotel expenses while here, an act which was sincerely appreciated by the unfortunate man.

All parties concerned were extremely fortunate in the outcome of the accident, and Mr. Duckworth states that it was well worth the expense to meet such a high type of man as Mr. Neilson proved himself to be in all circumstances of the experience.

OREGON EXHIBIT CONSIDERED BEST

**Many Parties Are Making
Inquiries at the Chicago
Land Show.**

Portland, Ore., Dec. 2 Special—A telegram from Manager G. C. Chapman, in charge of the Oregon exhibit at Chicago, states that his section of the show is crowded at all times by farmers and others eager to secure first-hand information regarding this state. The Oregon display is declared by competent judges to be by far the best at the show when quality, variety and effectiveness of staging are considered. Mr. Chapman and his assistant are kept busy all day and every evening in answering the vast number of inquiries showered upon them by people of every class. The demands for public talks and lectures on Oregon and the Pacific Northwest generally is almost too great to be satisfied.

A nine pound baby girl was born to Mr. and Mrs. C. E. Trink last Sunday afternoon at their home on Cottonwood a few miles northwest of town.

SUMMER LAKE HAS ALL YEAR CLIMATE

**Ana River Water Rights
Are Now at Lowest
Tide.**

Portland, Oregon, December 1.—I am in receipt of the following letter which is typical of the many inquiries in regard to our Ana River project:

Aspen, Colo., Nov. 11, 1913.

Messrs. Mallery & Sain,
Paisley, Oregon.

Dear Sirs:—
I see by the Lake County Examiner that you are advertising land in Summer Lake. And as I think it a good deal I am writing for more information concerning it. I would like to know if a man can work all winter, and how long the work will last, and if he will be near enough to the land to improve it.

Respectfully,
Wm. Gay.

I wish to answer this for all. A man can work all winter in Summer Lake valley. We worked thirty men all last winter and lost but few days on account of stormy weather.

The construction work will last two or three years or more and then there will be work on cultivated land and in mills.

He will be near enough to the construction work to live on his land and improve it at the same time. Perhaps he will be assigned to the ditch through his own land. He will work eight hours for us and then have an hour or two for himself to clear his land of sagebrush, put up fences or buildings. We intend to pay just a little more than the current rate of wages. Of course it will take most of next summer to dry up enough of the bed of Summer Lake to make improvements on the lake bed. But we will irrigate about twenty thousand acres of shore lands some of which is still open to desert and homestead entries.

By the way, I lived six years at Aspen, Colorado, where I was city editor of the Aspen Daily Times, although I do not know Mr. Gay who makes inquiry.

We have added Mr. Miner of Portland and Mr. Arbuckle of Paisley to our engineering force. Our chief engineer, Mr. Gardner, finds from his topographical survey that he can raise the Ana River dam still another four feet, making the height forty-five feet. This necessitates a complete new survey of the ditch lines. And teams can not be put on till these surveys are made. Each additional foot on the dams, Mr. Gardner writes, will increase the irrigated area a thousand acres.

Mr. Mallery and I have signed a tentative agreement for the sale of the property. The first money is to be paid as soon as the lawyers pass on the abstract of title which should be some time this month. Senator W. Lair Thompson is attorney for Mallery & Sain, Attorney General Crawford is representing the State of Oregon, and Howard McWilliams, of New York, the American Soda and Potash company. The purchaser of course has his own attorneys.

The new corporation, as now agreed upon, is to have a capitalization of twenty-four million dollars. Four million dollars is to be expended in the development of Summer and Abert lakes. Their full development of course will mean the expenditure of a great deal more than this.

The present status of the ownership is this: Mr. Mallery and I own fifty-one per cent of the one million capital stock of the American Soda and Potash company. We own all of Ana River. Title to both of these interests stands in my name. Thus I am in a position to assure the fulfillment of any contract that is entered into.

Our superintendent, Mr. Chas. H. Keith, is fully empowered to make contracts for the sale of Ana River water rights. Water rights will never again be as low as they are now. Ana River water rights are the lowest price of the state, and Summer Lake is the Garden Valley of Central Oregon.

It is the intention of the new purchaser to raise the price of Ana River water rights, if he secures the property. The management will then have passed out of my hands. But any agreement entered into with Mr. Keith for the purchase of water rights under the Ana River system before the actual transfer of the property takes place will have to be ratified. A word to the wise is sufficient.
C. M. SAIN.

Madras Pioneer: Tillman Reuter returned to his home southeast of Madras Sunday, having come in on the morning train, from Portland. Mr. Reuter is very enthusiastic over the success that he won for Oregon, and is very warm in his praise for the valuable assistance that he received from his friends. Mr. Reuter, it is expected will work on exhibits for San Francisco exposition, during the next year.

F. B. WHITTAKER PNEUMONIA VICTIM

**Clover Flat Resident Died
Yesterday Morning In
Lakeview.**

The sad news of the death yesterday forenoon of Frank B. Whittaker came as a shock to the many friends and acquaintances of the family. A few weeks since Mr. Whittaker with his wife came to Lakeview from their home at Clover Flat after a load of provisions. While here he contracted a severe cold which developed into pneumonia and this malady was the cause of his death. During his illness Mr. Whittaker had been at the Wm. Schmidt home in North Lakeview, at which place he died. During the time he had the best of medical service, attention of a devoted wife and many friends.

Frank B. Whittaker was born in Huntington, Pa., November 12, 1861, being at the time of death 52 years, 11 months and 3 days of age. He with his family moved to Lake County from Nebraska two years ago, taking up a homestead at Clover Flat, about 22 miles north of this place, where they have since resided.

Besides a wife, deceased leaves six children, one of whom, Miss Bessie, is attending her first term in high school at Lakeview this year. Mr. Whittaker had been a member of the Presbyterian church for several years. He was a man highly cherished in his home circle, and one who commanded the respect of all acquaintances. The funeral services will be conducted this afternoon at two o'clock from the M. E. Church by the Rev. Geo. A. Crawford of the Presbyterian church.

Chautauqua Circle

The Lakeview Chautauqua L.S.U. will meet at the home of Mrs. Harry Bailey, Monday, Dec. 8, at 7:30 o'clock p. m. Program: Roll call, current events: Subject: "The message of Greek art," Chap. I, Miss Knight.

Crib blankets, bath robes, sweaters and gloves at the Mercantile Co.

**Registered
White Scotch Collies**
I have a number of white collie puppies, both sexes, that are from the best bred kennels in the world. They are eligible for registration. Papers furnished with each sale. The best sheep and cattle dogs known. Can ship them by express. Write for prices and photographs of dogs. State sex wanted. Guy Lafollette, Prineville, Ore.
