REFUGE BOUNDARY IS BEING LOCATED

New Game Preserve in Lake and Crook Will Contain Attractions.

Portland, Ore., Dec. 9. (Special to the Examiner.)—For the past two months a party of deputy game wardens has been busy locating the boundaries of the new game refuge, 36 miles square, lying in Lake and Crook counties. The primary object in establishing this refuge is the protection of the mule deer and antelope which are still found in considerable numbers in that vicinity. The refuge is also a sort of natural park, containing many hot springs, lava beds, medicinal lakes and other objects of interest to the tourist and naturalist.

The Lakeview Chautauqua L. S. C. will meet with Miss York at the home of Mrs. H. P. Welch, Monday, December 15, at 7:30 o'clock, P. M. Program: Roll call, Current events, Subject, "The Message of Greek Art," Chap. II, Miss Snelling; Chap. III, Miss Mabel Snelling; Chap. IV, Mrs. J. D. Venator.

New Officers Elected

A well attended meeting of the Degree of Honor, A. O. U. W., was held on Thursday night last, and the following officers were elected to serve for the coming year: Chief of Honor, Mrs. John Arzner; Lady of Honor, Mrs. Joe Arzner; Chief of Ceremonies, Mrs. X. Arzner; Rec. and Fin. Sec'y, Mrs. Lillie Harris; Receiver, Mrs. Edith Loftus; Inside Watch, Miss Emma Arzner; Outside Watch, Charles Arzner; Usher, Mrs. William McCulley.

The lodge plans to hold a joint installation with the members of the Workmen Order on either the first or second Thursday in January. Arrangements have not as yet been fully completed.

Poultry Makes Wealth

Statistics gathered at the poultry show held in Portland last week show that poultry and poultry products annually add more to the state than does fruit, three times as much as wool, one and a half times as much as hops, nearly half as much as wheat and represents about 6 per cent of the total agricultural wealth of the state. It has heretofore been claimed that Oregon is not a poultry state, but with our agricultural college devoting time and money to the improvement of existing breeds, a great deal of interest in the industry is being aroused.

NEW PINE CREEK ITEMS

(By Staff Correspondent)

We are informed that a side walk will be completed on the west side of Main street from McNew's stables to Boone's.

Two large loads of lumber arrived in New Pine Creek last Tuesday for the new side walk to the school house from New Pine Creek.

Born to Mr. and Mrs. Wm. Tyree, Friday, Dec. 5, twin babies, a boy and a girl. Mother and father are to be congratulated upon such a fine pair of babies.

Thursday evening there is to be a popcorn party at Mrs. E. Kellers to pop corn for the Christmas tree decorations. Everybody cordially invited attend.

The bazaar to be held in the Opera House this Friday promises to be a great success. Also the entertainment in the evening will be quite a treat to the public.

Geo. Wendt and Louis Lund made a trip over the telephone line from New Pine Creek to High Grade. They also put in a phone office at Brandley. The line is now in good working order and we hope it will remain so all winter.

There will be an Old Folks dance at the Opera House Dec. 23, 1913. Music will be furnished by Wise and Glidden. We are informed that Capt. E. Follett and Uncle Bob Kelly will manage the floor. Come everybody and enjoy an evening with the old folks. Supper will be served in the basement of the Opera House. Dance will start with the Grand March.

Marshal Wendt and Chimney Inspector E. E. Carr have inspected the chimneys within the fire limits. While inspecting a store in one of our business houses the proprietor of the place must have taken them for burglars, as they were given to understand that they were not welcome. The live gentlemen passed it all off as a joke and no doubt believed that this merchant used his store for a money safe.

A city election was held in New Pine Creek on Tuesday, December 2, when the following officers were elected: Councilmen, L. C. Vinyard, H. M. Fleming and G. H. Aldridge, all three being members of the old council. George Wandt was elected marshal and W. S. DuPont treasurer. Recorder J. Scott Taylor's term does not expire until next year. There was not a very large vote cast, as nearly everybody felt that the old board would be re-elected. All are good representative business men and have proven themselves well able to look after the city's welfare.

Our City Dads made arrangements for a stock pound at the McNew Livery stable. Marshal Wendt found five cows running at large last Monday and took them in charge. There seems to be some dissatisfaction about passing the stock ordinance. One would think that everybody would be in favor

DIRECT PRIMARY LAW

Continued from first page

press direct preference for nominations for state officers if they so desired.

This did not suit Mr. Stimson and his friends and after a long debate they carried a small majority of the conference with them. The resolution adopted declared that all candidates should stand on an equal footing. It opposed the use of party emblems on the general election ballot and the factional column the primary ballot. At the same time it expressed belief in party organization and reiterated the doctrine of ex-Governor Hughes that the direct primary should be an adjunct to and a check upon, rather than a substitute for the deliberation and conference of the party's representatives.

The meeting recommended adoption of a vigorous compulsory workingmen's compensation law, reform of the rules of the Assembly and the amendment of the state constitution to take all state officers except those of Governor and Lieutenant-Governor out of the elective list and empower the Governor to fill them by appointment.

GRADUATED TAX

Continued from first page
and library fund; third for the county road and bridge fund, fourth for other expenses of the county. Provision is further made that the land and natural resources shall not be exempted from the regular general and special tax of the taxing districts.

Fish Files Tabooed

Now it's the milady's turn to laugh. The overworked American husband, who has been hiding a broad grin behind his hand since Uncle Sam began tearing aigretts and other fine feathers from imported hats, has suddenly become all sympathy for his sorrowing spouse. The new law hits him as well. Imported feathers for fishing flies are also tabooed.

United States Inspector of Customs Mail Wilcox declares that feathers for flies are under the ban, as the Government edict prohibits importations of the plumage of all wild birds. Disciples of Isaac Walton are up in arms, especially as the law has a peculiar twist which allows the fly as a finished product to enter from foreign post, but will not permit the feathers to come in alone.

of improving conditions in the town in which they live. Keeping the stock off our streets will give people a chance to plant gardens and trees without being tormented with cows breaking down gates. We have one of the prettiest little towns in the state and if everybody would put their shoulder to the wheel, boost and see that our laws are enforced we feel sure that everybody would be benefited.

Back to the Old Sod

John Flynn, W. K. Verling and Tim Lynch left Monday morning on a trip to their home country in County Cork, Ireland. This is Mr. Flynn's first visit home since crossing the pond about 12 years ago, while Mr. Verling has not seen his native country for about the same period of time. Mr. Lynch is more fortunate, however, he having been there four years ago. The two former will return to Lake County in the Spring, but Mr. Lynch may continue his visit a few years.

Hibernians Choose Officers

Division 1, Ancient Order of Hibernians, held a meeting in the Oddfellows Hall on Monday night and the following officers were elected to serve for the coming year: President, D. E. O'Connor; Vice-President, T. C. Flynn; Treasurer, W. Kepple Barry; Fin. and Rec. Sec'y, D. E. Brennan; Chairman of Standing Committee, J. Q. Walsh; Other members of Committee, D. T. Godsil, J. M. Murphy, D. O'Callaghan and D. T. Jones; Chaplain, Rev. M. Murphy.

All of the officers were installed during the meeting by County President, T. J. Sullivan, assisted by M. Sullivan and D. O'Callaghan.

Treasurer Hawkins

The County Court last week appointed R. A. Hawkins County Treasurer, after the resignation of F. O. Ahlstrom, who left for California last week, from that office was accepted. Mr. Hawkins furnished bond and qualified, taking charge of the office at once. His appointment holds until January 1915, or until after the next general election.

A. C. Hotchkiss was down this week after a load of provisions from his ranch near Valley Falls.

LARGE ACREAGE SOWN TO GRAIN

Present Cold Spell Brings Probable End to Long Farming Season.

The cool weather of the past ten days has practically put a stop to plowing and seeding, although it is possible that still more ground will be seeded this Fall. A large acreage has been sown throughout the valley, and with a favorable Spring the 1914 crop should be fully as large as that of the present year.

Many farmers are this year seeding ground upon which a crop was raised the past season without plowing, harrowing or cultivating the land in any manner whatsoever. Generally the land was plowed last Spring and seeded to grain, the result being that the land now is in a mellow condition and considered in good shape for seeding another crop.

Experience on the Carriser ranch during the past year seems to justify this method of farming, for in one field where part of the land was plowed and the remainder seeded without plowing the latter gave the best yield. It would appear that the plowed land does not settle sufficiently to permit of sufficient moisture reaching the plant. Or perhaps the ground is not worked sufficiently after plowing to get the best results.

W. S. Towner, chief clerk of the U. S. Land Office, Monday morning left for San Francisco to enjoy a well earned vacation. He expects to be absent until the end of the year.
