Announcement of New Jewelry Firm

Having bought the jewelry business of A. Kaufmann, we wish to announce to the public that the same high standard of workmanship and the handling of honest goods will be continued as before.

We know what an enviable reputation the business has sustained and what the people will expect of us as successors but we will do the best in our power to succeed.

Every guarantee of Mr. Kaufmann will be made good by us. We are here to serve the public.

First class goods will be handled. All repair work will be fully guaranteed, and mail order business will be especially cared for.

Hoping to merit your confidence and soliciting a share of your patronage. We are yours for business.

O. M. GARDNER,
C. A. WHITE.

To The Public

As I have sold my store and am contemplating leaving Lakeview, I take the opportunity to thanking my friends and customers for their kind words and liberal patronage.

I have sold to Messrs. O. M. Gard-

ner and C. A. White. The former needs no introduction as he has been in Lakeview for the last two years and is known to the public. Mr. C. A. White has been a watchmaker all his life. He learned the trade from his father and worked for eight years with large firms in Chicago. During the three months that he worked for me I found him to be a competent and honest workman and worthy of the confidence of the people.

The new firm will make good all my guarantees and will give the public honest service.

I bespeak for them the trade of my former customers and wish for them

many new ones. Thanking you again for your support I am,

A. KAUFMANN.

BILIOUSNESS AND CONSTIPATION CURED

If you are ever troubled with biliousness or constipation you will be interested in the statement of R. F. Erwin, Fern, Ind. "A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets so highly recommended, I bought a bottle of them and they helped me right away." For sale by all dealers.

DIFFICULTIES BESET ALL

It is really surprising how much better we know the other fellow's business in many instances than he does himself. On more than one occasion during the past week it has been remarked that the Examiner should give the N.-C.-O. management a "blowing-up" for not getting its trains through. As a matter of fact none of us know just what the conditions are that prevent the running of trains, but the Examiner has reason to believe that every effort is being made to have trains running at the earliest possible date. A common-sense view would lead one to suppose that when a railroad or any other kind of a business was put out of commission by the elements or other causes it would be to its advantage, more than any one else's, to resume operations at the earliest possible moment, for the fixed and overhead charges continue just the same regardless of whether there is an income. This fact is brought close to home with the Examiner, for during the past month all sorts of trouble have been experienced and it has been impossible to transact business in a satisfactory way in this office, and it is certain that the management regrets it far more than does the customer, for the latter in every instance appreciated the difficulties being contended with, for they had actual knowledge of the same. But when it comes to a railroad corporation it is different.

M. E. Church Doings

Last Saturday at the M. E. Church was organized a Woman's Foreign Mission Society under the auspices of the Methodist Episcopal Church. This is probably the first Woman's Foreign Mission Society organized in this county. The following officers were elected: Mrs. G. H. Feese, president; Miss Chureh, vice-president; Miss Knight, recording secretary; Mrs. E. E. Woodcock, corresponding secretary; Miss Lees, superintendent children's missionary work.

If the weather will permit work will be started next Saturday on the Bible Class room to be added to the church.

An organization of a company of Boy Scouts is about to be organized.

The Ladies Aid Society met with Mrs. McComb Wednesday afternoon. A large company of ladies was present.

A new carpet has been placed on the choir loft and altar floors, purchased by the Ladies Aid Society.

Several committees are busy arranging for the "Trip Around the World" that is to take place this month, provided the coming of the necessary snow.

A telephone and electric lights have been put into the parsonage.

Paisley Pick-ups

Mrs. C. L. Withers returned to her home on Summer Lake last Thursday, after visiting in California.

Mr. W. Z. Moss returned to his home after a few days spent in Paisley, last week. Mrs. Moss will remain as the guest of her daughter, Mrs. Eph Miller, for a short time.

Earnest Mathis and George Ranney left Tuesday morning for Portland and other points in the Willamette Valley where they expect to spend the winter. Both are going prepared to have the time of their lives and there is no doubt that they will, and then some.

J. M. Mulkey and Tom Wiley left Monday morning for Coffee Pot Flat with two small loads of lumber which Mr. Mulkey will use in improvement on his claim there. As the roads are filled with snow up that way they expect to be gone the most part of the week.
