BAPTIST S. S. GIVE DELAYED PROGRAM

Audience Delighted by Children's Rendition of Appropriate Selections.

The Baptist Sunday School gave their annual Christmas program last Sunday. The program which was prepared for the Sunday preceding Christmas day was postponed on account of the case of Scarlet fever which developed at that time. All who were present were amply repaid for the disappointment occasioned by the delay. The recitations were well rendered and pleasing. The songs by the little girls delighted all present. The choir of six girls, Vernita Smith, Bertha and Louisa Hughes, as sopranos, and Edna Ogle, Florence Arthur and Mary Bosworth, as altos, furnished music which would be a credit to any choir of grown people.

The program was as follows:

Snoring Contest

Uncle Dick Kingsley, of the Green Garoon Rooming House, tells the Examiner that the snoring contest on New Year's Eve at the Green Garden Rooming House was not altogether a success. Hill and George got off in good shape as soon as the bottle dropped, but coming in on a home stretch, Hill tore out one tussil and his palate, and George ripped out three inches of his windpipe and the referee, P. D. Toomey, and the night-watchman declared the snoring contest a draw. The proprietor, Uncle Dick, said it sounded to him as though the ice had broken up in Drews Creek and was pouring over Drews dam. No new resolutions passed for the new year.

NEW PINE CREEK DEPARTMENT

DEVOTED TO LIVE NEWS NOTES OF THE STATE LINE TOWN SPECIAL CORRESPONDENCE

HONORED CITIZEN CALLED BY DEATH

The Converse home has been one of anxiety and sorrow for the past week. The father, I. N. Converse, took critically ill some time ago, and the best medical aid was called at once. The family physician, Dr. E. H. Amsden, was faithful in his care and nightly vigils over his aged patient, so being solicitous of his condition, called Dr. Smith of Lakeview in consultation. All that medical science and loving care could do were done for the patient, but to no avail. The All Wise Father sent the messenger of death to the Converse home Saturday morning, January 31, 1914, at 11:15 o'clock, calling the head of the family away.

The funeral services were held at the First Baptist Church, New Pine Creek on Monday afternoon at 2 P. M. The church was well filled with friends who came to show the respect they held for the aged gentleman.

Isaac Converse was born at Augewau, near Springfield, Mass., April 8, 1833. He was the youngest of thirteen children. On November 11, 1850, he was married to Miss Elsie Smith, who with three children, namely, Temple, George and Ellen are left to mourn his loss. Mr. Converse and family came to Goose Lake September 20, 1859, locating near New Pine Creek, where they have builded one of the finest homes in this valley.

The impressive services were conducted by Rev. L. E. Henderson, Brother Henderson has been so ill the past few months all were astonished to see him in the pulpit again. The dear old man delivered a message of hope and peace from the fourteenth chapter of John. As he spoke words of comfort to sorrowing relatives and friends his strength and vigor came back to him so he preached a most excellent sermon which was helpful to all present. The industrious, noble Christian life of Mr. Converse was one which can be taken as a model.

The hearse carried the remains to the cemetery north of town where interment was made. The sympathy of all the people of New Pine Creek is extended to the bereft family.

Dog licenses for the year 1914 are now due and payable to the City Marshal.

Mrs. D. F. Amick has been on the sick list, having had a second attack of a gripe.

Buttler & Moffitt of the city meat market are very busy these days butchering hogs.

Mr. Wade Williams, the noted cattle man, is making his headquarters at New Pine Creek.

The old time dance that was to be held after the rabbit hunters pig eat has been postponed until some future date.

Mrs. Tillie Reeder, who has been spending the winter in Alturas, is at present visiting her daughter, Mrs. Ira Smith.

Many people of our town received holiday greetings from Mrs. Blanche Cannon, who is spending the winter in San Francisco.

Mrs. Anna Blurton the popular proprietor of the Blurton Hotel returned from a short visit to her son and daughter at Oakland, Cal.

Mrs. Hill, the teacher of the State Line School, dismissed school during

the inclement weather. She resumed her duties Monday morning.

Mr. and Mrs. Luke Mulkey, of Alturas, accompanied by their sons, Lloyd, Page and Ross, and their daughter, Miss Bertine, were the guests of Captain Follett and his wife during the New Year holidays.

Mrs. J. O'Connor, ex-president of the Ladies Civic Improvement League, remembered her Pine Creek co-workers with appropriate holiday gifts. All will be pleased to learn that the Dr. and family are doing well in Berkeley.

Mr. and Mrs. E. Garren, of Davis Creek, were visitors at the Berry residence Saturday. They returned to Davis Creek Sunday morning accompanied by Mr. and Mrs. O. J. Brites who have been spending the holidays with Mrs. Brites' parents.

Mr. D. C. Berry left his Pine Creek home Monday morning for his cattle ranch at Davis Creek. From there he goes to the west side of Goose Lake to oversee his sheep. He will be called to Alturas to the Bank meeting before returning to Pine Creek.

A complaint was made to Postmaster Wendt Wednesday that two parties had received slanderous letters through the post office. This is a cowardly piece of work and we advise the party or parties doing this kind of work to stop it for if Uncle Sam gets after them it will not be such a big joke.

The rabbit hunt came to a halt last Tuesday and the counting of scalps took place at John Larkins Bargain Store. Capt. Vinyard's side won. The big eat will be had on Jan. 23rd, at the new Larkin building on the California side. After the big supper a play party and other amusements will take place.

The sweet tones of the old church bell rang out clear on the gentle zephyr last Sunday evening. The good people of the First Baptist Church have organized a prayer meeting to be held at their church every Sunday evening. Such meetings are needed in our town. Let all help to make these meetings a success.

The Ladies Civic Improvement League met Saturday afternoon at their rendezvous. There were a goodly number present. They are planning a novel entertainment for the future. Watch for it and be prepared to give your assistance to the ladies. They are doing a good work so deserve the best wishes and financial aid of all.

There is a new enterprise starting up in our town. Lindburg & Doring are putting in a pickling works and will put up snow chow, mixed pickles, prepared horse radish and mustard salad dressing and several others. Good move gentlemen. May success be with you in your new undertaking.

We note a little error on the part of your special correspondent last week. In the write-up of the old time dance, he stated that Capt. and Mrs. Follett were present which was a mistake but all others mentioned were present and many others, and we must say that it was without doubt the most enjoyable dance that we have ever had in the history of our new Opera House.

Postmaster Wendt received a telegram from Supt. of the Railway Mail Service at San Francisco last Tuesday asking him to receive lowest possible bid to carry the mail from New Pine Creek via Fairport, Willow Ranch, Davis Creek to Alturas, Cal., for two weeks twice a week. Uncle Sam better let the contract for four years so as to assure more prompt service.

T HIS is the time of the year when attention should be devoted to your season's

CHANGE EXPECTED IN RECEIVERSHIP

Rumored That Charges Have Been Preferred Against Incumbent.

It behooves any one desiring to be the next receiver of the United States Land Office at Lakeview to get busy, for it is reported that the present incumbent has but a short time to serve. It is understood that charges of a political nature have been preferred against the present receiver, F. P. Cronmiller, and that these charges will be investigated by an inspector in the near future. While it would require an individual of much more than ordinary discernment to discover political activity on the part of any one, even the candidates themselves, during the past four or five years in this neck of the woods, yet it is hardly to be supposed that in this particular case the charges will fall. Mr. Cronmiller's appointment does not expire until 1916, and that is a mighty long time for a Republican to serve under Democratic administration, at least such is the opinion of a number of leading members of that party, although a few believe that appointive officers should be permitted to serve out their terms.

The latest candidate to enter the field is F. L. Young, formerly of Paisley, but now with the American Soda Products Company operating at Alkali Lake in the Northeastern part of Lake County. Mr. Young was a candidate for the State Senate at the last election, and is quite prominent throughout the district, being a gentleman of much ability. It is also rumored that there are several dark horses who are making a pull for the position, and there promises to be somewhat of a scramble for the job in direct contrast to that when Prof. J. F. Burgess landed the registership.

Appreciating the Examiner's desire to glean news from the outside world, H. B. Alger Tuesday brought to our desk a copy of the Emancipator and Weekly Chronicle published at Boston, Mass., July 3, 1848. While Mr. Alger has our sincere thanks for this accommodation we have decided to wait another week and take a long chance on getting something still later.

High School Notes

School opened Monday with a fairly good attendance.

Several students from out of Lakeview have been unable to return on account of lack of transportation.

The Boys' Athletic Association has reorganized with Roland Bartling president and Foster Priddy vice-president. We expect a Basket Ball team that will gain some laurels.

All the grade rooms held Christmas tree festivities on Monday of this week. The trees were in the rooms before the vacation and the presents were prepared, so the children were not deprived of the Christmas pleasures.

The Christmas trees in the primary rooms were prepared and decorated by the children themselves and they surely showed excellent taste. So good were the decorations that a picture was taken of the trees and one of the trees will be on exhibition at the Mid Year exhibit.

A teachers meeting was held Tuesday evening at which school matters in general were discussed. The next meeting will be in two weeks and in addition to the regular school discussions will be some time devoted to the "Montessori System" and the first four chapters of the Reading Circle book, "Athens Civics and Health."

Observing the custom of the older ones in holding dinner parties, many of which have been at the hotel during the holiday season, Amos conceived the idea of this party, and immediately it became the duty of the parents to make the dinner the success it proved to be.
