The sheep will be shipped to the California market as soon as the N.-C.-O. resumes service. After being under quarantine thirty-eight days owing to scarlet fever, Attorney L. F. Conn and family have again been enjoying liberty and freedom since last Saturday. Teddy, the seven-year-old son, was the only one of the two children ill from the fever, Miss Mary being fortunate in evading an attack. While attempting to extract a length of water pipe from a number of pipes, Leonard Say last week sustained the loss of the little finger from his right hand. He was pulling violently on the pipe when it suddenly gave way, causing him to fall back ward, his finger coming between the end of the pipe and a post. The member was almost completely severed from the hand. C. A. Jerner, Helmer Nelson, John Nordeen and C. Sunberg, an advance guard for a Swedish colony from southern California, spent several days here last week looking over this section with a view of securing a tract for colonization purposes. Being unable to make a thorough inspection of the country owing to the amount of snow, they left on the train Sunday. They stated that they would return here in the spring.

N. E. Guyot and W. S. Dupont came up from New Pine Creek Tuesday evening. Seven new members were received into the fellowship of the Presbyterian Church Sunday. A. Kaufmann departed Thursday morning of last week for California where he will spend the winter. A. P. Koozer was in town Friday from his West Side ranch near Dry Creek. He reports considerable snow in his vicinity. Mrs. Wade Williams came up from Alturas Saturday to join her husband who is superintending the feeding of several hundred head of cattle in this valley. The Ashland Record of January 22, reports seven feet of snow on the level at the summit and more falling. It further states that snow is banked 15 feet deep in some cuts. Snow at Sisson is eight feet deep. F. L. Young, of the Alkali Lake soda mines, was a business visitor in Lakeview last week, he having arrived there Thursday evening following a trip to Portland. He stated at that time there was no snow at Alkali. The regular meeting of the L. C. I. C. will be held at the town hall Tuesday, Feb. 3, at 2:30 p. m. Topics for reading—"A Problem! A Prophecy" by Alton Hubbard, Mrs. A. Bieber, "A Woman's War," by W. F. Bigelow, Mrs. E. D. Everett. Guy Nyswaner, who for the past few months has been employed by the Goodwin Stables at Klamath Falls, last week passed through Lakeview on his way to Reno where he expects to enter the employment of the Reno Water, Heat and Power Co. Rev. and Mrs. Feese of the Methodist Church were remembered with an invitation to the twenty-fifth wedding anniversary reception of Dr. and Mrs. Richmond Kelley, which was held January 22, at their home 4051 Gladstone Ave., Portland, Ore. The Western and Northern stages continue to render excellent service, regardless of weather conditions. Both lines are operating on schedule time. Deep drifts have held up the Eastern line to Plush, and yesterday Contractor Cory sent out a number of men and horses to open the road through to Plush. The parcel post is getting to be taken seriously about Merrill, says the Record. In a few days a shipment of five tons of flour is to be made from the Martin mill here to merchants at Bly. The flour will be shipped in 50-pound bags, and is figured that a saving of 18 cents per hundred weight is to be gained by using the parcel post instead of freight wagons. Alturas New Era: The case of the People vs. John Metzger, on a charge of furnishing whiskey to Indians, which was tried in justice court last week, resulted in the jury standing ten to two in favor of acquittal. Attorney E. A. Sherman made an able defense in the matter. It is said that the heavy snow in the mountains is driving many quail to the valley, and an appeal is being made to encourage the feeding of these birds when it is possible. Several farmers and ranchmen are providing feed for the quail and it is to be hoped that everyone who can will assist in the work so that the little birds will not be exterminated from this section. N. G. Jacobson and N. C. White, of the Fremont National Forest, this morning left on skis for the Thomas Creek station to repair the Forest telephone line, running to Silver Lake, which is down at that place. They also expect to climb some of the highest peaks, including Cougar, in that vicinity. The Indians on the Klamath reservation are agitating the matter of citizenship. It is likely that at their Council meeting, to be held the latter part of this month, some definite action will be taken to petition the Interior Department for full citizenship. The Indians feel that they are fully capable of self-government, and they no longer wish to be held as wards. An appalling tragedy occurred at Adin, Lassen County, Cal., last week when three children of Mr. and Mrs. Karl Harbert perished in the flames while their residence burned to the ground. The three children together with an older sister were left in the house while their parents were away. The flames started in the upper story of the building after the younger boys had retired. It is supposed that an overturned lamp was the cause of the horrible disaster.

Wm. Woods was in town yesterday from his farm on the West Side. Reports have it that snow is over 20 feet deep at Truckee on the Southern Pacific road out from Reno. J. B. Redden was a business visitor in town the first of the week from his home several miles west of town. The Ladies Aid of the M. E. Church will present the Carnival of Nations as soon as the Wizard hall is vacated. Mrs. J. S. Elder, of Paisley, has been spending several days in this city, and yesterday underwent an operation at the Lakeview Hospital. Wm. F. Woods came in town Tuesday evening from his homestead on the West Side. He reports three feet of snow at the foothills south of Dry Creek. Ft. Bidwell News: The Petersons Brother's beef cattle, about 135 head, recently purchased by Ben Cameron, were driven to Willow Ranch the first of the week for shipment below. Andy Korneth has been ready for the past week to take the first train out of Lakeview. He will visit his parents and old home in Erie County, Penn., expecting to return to Lakeview in April. A. E. Nelson, who is locating settlers on land in the Rabbit Creek basin in Warner Valley, arrived in Lakeview Saturday in company with Guy G. Emery, of Winters, Cal.; J. and C. Beng, Livermore, Cal.; L. I. Leonard, G. E. Hover, Oakland; and M. Metz, San Francisco. Mr. Nelson and some of the party have gone to inspect the land, while others are remaining in Lakeview. Work was started this morning to harvest the ice crop on the Reed pond west of town, but owing to poor quality this was abandoned. It is said that the ice was of fair thickness but in two layers with a cavity between. Ice users are becoming anxious about next season's stock, as the best ice weather we have as a rule is during the first part of January. The only ice put up in town was some by the Reno Brewing Company last month. That which almost equalled a blizzard was the snow storm here Sunday. Early in the morning rain began falling, which gradually turned to snow about noon. This was accompanied by a strong wind, lasting well into Sunday night, and piling up deep drifts. Since that time the thermometer has been well below freezing at nights, but the days are quite warm and pleasant, causing slow thawing of the snow in afternoons. The snow at present is about a foot deep on the level. Dr. Dennison Cook, wife and mother, who have been in Lakeview the past few months, expect to leave for San Francisco next week. That they are favorably impressed with Lake County and this valley is noted by the fact that they have purchased considerable real property, both farm and city in this locality. Before returning to Chicago they will do several months entertaining in San Francisco, as Mrs. Cook, who still writes under her maiden name of Edith Maida Lessing has a wide popularity. Among several other popular hits, she is the author of "Circus Day."

High School Notes

Singing class Tuesday evening at 7 o'clock. Basket Ball game at Snider's Opera House Friday night. The High School pupils are practicing on a program to be given Friday night Feb. 20. Our reading table seems to be growing lean since the mails have stopped for the winter. The County eighth grade examination was held a week ago by Mrs. Farrell. Eight pupils of Lakeview took the test and were promoted to high school work. The sight reading music class had their first meeting Tuesday night. Twenty-one pupils were present and the interest manifested was good. We predict that much work will be done during the ten lessons and others wishing to join should be present next Tuesday evening. The following pupils entered the High School this week: Pearl Brites, William Arzner, Aurely Feider, Ethel Ogle, Zona Watson, Corda Wilson, Lorena Bailey, Pearl Chandler, Ralph Barnes, and Marie Rehart. This makes a total enrollment this year of 83. The exhibit last week was the best the school has ever given. The sewing room was entirely surrounded by work presented by the various grades and they showed a marked improvement over former exhibits. Many of the school patrons spent some time in the exhibit room and yet many more should have spent a few minutes in visiting our school hand work. Presbyterian Church Rev. George A. Crawford, Minister. 10 A. M. Bible School. Classes for all ages. 11 A. M. Preaching: Subject: "The Signs of the Times." Violin Duet: "Over the Stars there is Rest."—Abt. Dennison Cook will play another of his own compositions on the piano. 7:30 P. M. Popular 20 minute lecture on "The Venerable Beds." Edith Maida Lessing will sing—"Just as the Ship Went Down" a beautiful song with the strains of "Nearer my God to Thee" interwoven. This is another of her songs that has had a sale of over a million copies.

Hewitt Lands Forfeited

Twenty-six patents to timber lands near Sumpter, in Baker county, belonging to the Hewitt Land company, holding corporation for Henry Hewitt Jr., the Seattle millionaire, were ordered forfeited to the government by United States District Judge Bean on the grounds that fraudulent methods were used in securing them. The claims are covered with yellow pine timber and are valued at more than \$3000 each. Professional entry men were employed by agents for Hewitt to locate on these lands for small fees, the government declared in its suit, instituted two years ago.

Governor Goethels

President Wilson has offered to tender the governorship of the Panama Canal Zone to Colonel George Goethels, which position, according to reports, he has decided to accept in preference to Police Commissioner of New York which position was also offered Colonel Goethels by Mayor Mitchell. If he becomes governor of Panama, Goethels will have almost autocratic power in the appointment of 2,500 men who will compose the operating force of the Canal Zone.

Jay Mitchell Married

Siskiyou News: A marriage license issued in San Mateo County and published in the Sunday Examiner has appraised Yreka friends of the marriage of Miss Wilhelmina Folska Miller and Jay B. Mitchell of Gazelle. Miss Miller left the day after Christmas to visit a friend in San Mateo, and Mr. Mitchell went below the following Sunday. They will be given a warm welcome on their return to Gazelle, where they will make their home. The News joins their friends in extending congratulations.
