Lakeview, Oregon, Thursday, February 5, 1914

BENSON IS QUALIFIED

The candidacy of Judge Benson for the Republican nomination for Supreme Judge will meet with the hearty support of the voters of this entire district. The Judge's record in Klamath and Lake Counties is such that will warrant the support of voters of all parties at the coming Fall election, should he secure the nomination, of which there seems scarcely a doubt. As a true interpreter of the law his record proves him to be second to no other Circuit Judge in the entire State, and the people of Oregon will make no mistake in placing him upon the Supreme Bench. There is no doubt but his election will be opposed by some, but it might be well to investigate the record of the persons opposing him as well as their motives in so doing. It will no doubt be learned that it is solely on personal grounds or some one having a grudge that Judge Benson's candidacy will be opposed.

"But he that is greatest among you, shall be your servant," is a saying of the Master that is not recognized by some when it comes to electing public officials hereabouts. The more successful a candidate may have been in his chosen field of action the more bitter opposition he encounters it would seem. Perhaps we are all of a more or less envious disposition, but when a man is peculiarly fitted for a certain position it would seem just and proper that we at least drop our personal enmity for him at the time being. Local pride should also be considered in a comparatively isolated community, such for instance as is Lake County, where qualifications for the desired position are equal between the candidates.

In compelling Congress to quickly enact laws in accordance with the Democratic platform, President Wilson has accomplished the impossible according to all political precedents. What the final result will be remains to be seen, but the President has gained the respect of all persons regardless of politics. Incidentally it might be added that his action has also resulted in making political ties still more slack, and especially in communities where the Republican party is in the majority. There seems to be a general feeling that it is best to let the new order of things be given a thorough trial, and if it proves satisfactory all well and good, otherwise, otherwise.

Judging from present indications the coming political campaign will be on a par with those that have preceded it under the "Oregon System." There seems to be a lack of interest on the part of the general public, and the impression seems to be general that it is to be a case of "Well done, thou good and faithful servant," so far as it applies to officials who seek to succeed themselves, be they Democrats or Republicans.

It has been suggested that since Judge Benson is a candidate for the Supreme Bench that he should resign in favor of a Democrat to succeed him on the Circuit Court Bench. The suggestion coming at this time when the Democrats are endeavoring to have every Republican office holder ousted is an especially timely one. It is real amusing.

The Pope, having witnessed the tango, declares it stupid and hits the ban. But this will not tend to give this particularly much discussed form of dancing increased popularity as the trefling Ann forming of a host of Anthony Comstocks. If "Three Weeks" had been pronounced wholesome by its critics we venture it could never have reached a second edition.

Chiropractor Locates

Dr. C. R. Bloyd, Chiropractor and Naturopath, recently of Hillsboro, Oregon, arrived in Lakeview last week and expects to remain here permanently. He has taken quarters in Room 337 Herford building, using reception room in conjunction with Dr. Fisk. Dr. Bloyd is a graduate from the National School of Chiropractic of Chicago, and also from the Palmer-Gregory School of Oklahoma City, Okla. He came through the Goose Lake Valley forty years ago when there was no evidence of a town where Lakeview now stands. Mrs. Bloyd and children remained at Hillsboro, but in the event the Doctor decides to remain in Lakeview, they will join him here in the spring.

SOME FAT PLUMS TO BE ALLOTTED

Politicians Will Find Some Very Remunerative Jobs in Oregon.

This will be a lively year for politics in Oregon. Fifteen officials are to be chosen by voters of the State at the general election November 3. Candidates for all these offices will compete for nominations at the primary election, May 5. That explains the present activity on the part of political ambitions in getting into line.

Here is the list of officials to be elected from the State at large this year, and the salary of each:

United States Senator, at \$7500 a year.
Governor, at \$5000 a year.
Members of Congress from First, Second and Third districts, at \$7500 a year.
State Treasurer, at \$4500 a year.
Attorney-General, at \$3600 a year.
Four Justices of Supreme Court, at \$4500 a year.
State Superintendent of Public Instruction, at \$3000 a year.
State Labor Commissioner, at \$3000 a year.
State Engineer, at \$3000 a year.
One Railroad Commissioner, at \$4000 a year.

This, it will be noted, does not take into account members of the State Legislature, who are elected at the same time. Sixty members of the lower house and 15 of the 30 Senators must be chosen on November 3.

The terms of W. O. Smith of Klamath and V. A. Forbes of Crook, representatives from this judicial district will expire. According to reports Mr. Forbes will be a candidate to succeed himself, but Mr. Smith will not. Senator Thompson's term does not expire until 1916, and as he is of Lake county, it is left for the two Representatives to be chosen from Klamath, Crook and Grant, the remaining counties of this district.

Carroll Gets Legs

Harney County News: Wm. M. Carroll, whose two legs were amputated below the knees on January 13, 1913, has received his artificial limbs ordered some time ago from Erickson of Minneapolis, and put them on for the first time Monday. They are quite comfortable and he is practicing with their use every day so as to be able to navigate in good shape with the advent of good weather. Those who remember the terrible sufferings he and his neighbor, John Kooz, underwent for six days at the bottom of an 85-foot well on Carroll's claim in Catlow valley, with Mr. Carroll's legs both broken, the long siege of patient prostration and hospital confinement since, will rejoice to see him again able to be around on his "pins" even tho' the lower half of them are frost proof. Mr. Carroll has been utilizing his time and relieving the monotony of his experience by taking a correspondence course in business training and exercising his talent for drawing in which he is quite an artist, so he will be quite well equipped for office work. He has shown himself an excellent character, bright, cheerful and philosophical, and the News hopes him future success.

Increase is Slow

Cedersville Record: According to Recorder Ballard's report the people are not placing any more confidence in Roosevelt's theory of race suicide than they do in any other point of his political "buncom". There were 32 births out of a population of 6,191, and 41 deaths, which leaves a net gain of 48 for the year. At that rate it will take a long time to settle up Modoc as it should be, and the necessity of getting in settlers from the outside is evident if Modoc comes to what it is entitled to be.

Hot School Lunches

Ashland Record: Miss Alma Gould, teaching three and one-half miles south of Jacksonville, in District No. 77, serves a hot lunch each noon, or at least the pupils serve it under her direction, soup being made daily. The boys as well as the girls are learning cookery and how to wash dishes by this method. Such co-operative hot lunches might be served in every country school in Oregon during the winter seasons.

GOV. WEST WILL SUPPORT SMITH

Now Conceded That The Present Incumbent Will Not Be Candidate.

(Portland Telegram)
Fulfilling a prediction, made in The Evening Telegram several months ago, to the effect that Governor West would not be a candidate to succeed himself, but that he would support Dr. C. J. Smith, Democrat, of Portland, the Executive dictated a letter to Dr. Smith, stating that he would not be a candidate for re-election, and complimented Dr. Smith on his stand for law enforcement, the Executive declaring it would be the "battle cry" in the coming campaign. The Governor's letter was in response to one received from Dr. Smith, in which the latter said that he was considering becoming a candidate, but that he would not enter the race should the Governor desire to be re-elected.

Further, it was predicted then that Governor West would support Dr. Smith because the latter would favor the Executive's law enforcement policy, and in Dr. Smith's letter he indorses it, and says that it is essential that the fight be continued, and the Executive in turn showers him with compliments.

The final announcement that Governor West will not be a candidate for re-election has revived a rumor in political circles that he will seek a seat in the Senate. Should it happen that Senator Chamberlain should not seek re-election there might be a possibility of this, but as long as Senator Chamberlain is in the race, the Governor will not enter it, for friendly relations exist between them, and only recently the executive declared that he would give Senator Chamberlain all the support at his command.

Dr. C. J. Smith, now a resident of Portland, was formerly a practicing physician at Pendleton, where he served as Mayor. Dr. Smith also served in the Legislature as State Senator from Umatilla County.

High School Notes

School work in the grades is progressing very satisfactorily.

New supplementary readers have been ordered for the first four grades.

Pupils using the number pads are acquiring a real proficiency in the four fundamentals. It would do you good to hear the children read.

The eighth grade pupils are reading "Lady of the Lake" and by reading this classic piece of literature they may gain some time in High School English.

The flowers of the High School building are growing nicely and from time to time bouquets will be sent to the primary rooms where the nights are too cold to permit them to grow flowers. The sick of the town will also be remembered by sending at times a few blossoms of good cheer.

HIGH SCHOOL

The basket ball game last Friday was a success. The crowd was good, the game good and the feeling was good.

The High School boys will play the town team next Friday night, come for a good time.

Practice is on in full force for our High School entertainment to be given Feb. 20.

The following new classes have been organized this term: Plain Geometry, Higher Arithmetic, Greek History, Beginning English. Two classes in Botany, Advanced Bookkeeping, and Algebra. With so many classes starting and so few finishing it crowds our teaching force beyond the limit.

MUSIC

The music class Tuesday evening grew to 26 and still there is more room. Come next Tuesday night at 7 P. M.

The first pupil recital of the department of music will be given Friday evening Feb. 13. The program will consist of both vocal and instrumental numbers making a very pleasant evening.

Chatauqua Circle

The Chatauqua Circle will meet with Miss Vernon next Monday evening at 7:30 o'clock P. M. Program: roll call, current events.

Subject: Studies in the Poetry of Italy. The Beginnings of Roman Literature and Old Roman Tragedy, Miss Vernon; Later Roman Tragedy and Seneca, Mrs. Bailey; Roman Comedy, Mrs. Everett.

Dog Tax Due

The dog tax is now due and the citizens of Lakeview who are anxious to have the town cleaned of dogs can do much more good in assisting in the work than they can by sitting in a warm corner and "roasting" the Marshals. Anyone caught putting out poison will be prosecuted to the full extent of the law.

R. T. STRIPLIN, City Marshal.

Silver Lake Items

Silver Lake Leader
The stage from Lakeview failed to get in Tuesday evening. It was reported to be snow-bound on the mountain between here and Summer Lake: the driver camping out all night.

Silver Lake is figuring on a sewer and water system. It will be installed this coming summer. Meantime if the city would establish grades and pass an ordinance setting forth just what is a lawful sidewalk, the property owners probably would build some.

E. Mack of Arrow, has been spending a few days in town this week. Mr. Mack is a homesteader near Arrow, and while he is a new comer, he has 50 acres in cultivation, and is raising some stock. He says L. E. Boman, a neighbor, will have in 200 acres of rye this year, and Walter Peterson about 50 acres.

Carl Pitcher has just finished hauling several tons of salt from the salt deposits north-east of Silver Lake for W. N. Kitredge and Chas. Pitcher. This salt is said to be as high as 90 per cent pure. Stockmen have been using it for years to salt their herds, but in many places where it was easy of access the homesteader has taken up the land and is trying to raise potatoes already salted. He has succeeded so well that the government has given him the land.

This week Jamison Bros. of Silver Lake started for Bend with a bunch of 200 head of calves which had been contracted for by Bud Cram of Trout Creek and Crook County. These calves will be shipped to Metolius by train and from there taken overland to Mr. Cram's home ranch. The price paid was said to have been around \$35.00 per head. Last spring the Jamison Bros. had about 100 head of cattle but lately have been disposing of them at intervals until this number has been materially reduced.

Governor Goethals

Secretary Garrison has announced that Col. Goethals signified his intention of accepting the governorship of the Panama canal zone to be proffered him by President Wilson. As chairman of the Isthmian canal commission, Goethals is paid \$15,000 a year. The Panama canal act fixes the salary of the governor at \$10,000, but a bill has been introduced in the U. S. Senate to make the salary of governor \$15,000 yearly, so long as Goethals holds the office.

RECOGNIZED ADVANTAGES.

You will find that Chamberlain's Cough Remedy has recognized advantages over most medicines in use for coughs and colds. It does not suppress a cough but loosens and relieves it. It aids expectoration and opens the secretions, which enables the system to throw off a cold. It counteracts any tendency of a cold to result in pneumonia. It contains no opium or other narcotic, and may be given to a child as confidently as to an adult. For sale by all dealers.

Ordinance No. 123

The People of the Town of Lakeview do Ordain as Follows:

Section 1. It is hereby declared unlawful for any child under the age of fourteen years to frequent any public street within the limits of the Town of Lakeview after nine o'clock P. M. during the months of April, May, June, July, August or September of any year or after eight o'clock P. M. during the months of October, November, December, January, February or March of any year unless such child be accompanied by an adult or shall be on an errand of necessity.

Section 2. Any person found guilty of a violation of this ordinance shall be committed to the Town Jail over night.

Section 3. Any and all ordinances in conflict herewith and particularly Ordinance No. 28 are hereby expressly repealed.

WHEREAS children under the age of fourteen years are in the habit of frequenting the streets of the Town after the hours hereinabove set forth and in the judgment of the Common Council this ordinance is immediately necessary for the preservation of the health and morals of such children, this ordinance is hereby excepted from the operation of the referendum and shall become of full force and effect from and after its passage, approval and publication or posting.

Passed at the regular meeting of the Common Council Feb. 3rd, 1914.
D. J. WILCOX, Wm. F. PAINE,
Mayor Town Recorder.

Crawford Loses

Because Attorney General Crawford failed to make a showing of damages sustained by the state, Circuit Judge Kelley of Marion County, sustained the attorney for the state board, for judgment on the pleadings in the penitentiary revolving fund case, wherein Crawford brought suit to recover from Governor West, Secretary Olcott and Treasurer Kay, approximately \$15,000 alleged to have been spent for the state illegally. The action was dismissed. Crawford says he will appeal to the supreme court.

Practical Dyeing

Where there are many children in the family it is economy to do considerable dyeing. Many a faded muslin can be made to appear in a fresh color. Light evening frocks can be dyed a darker shade and serve for school or afternoon wear. Remember to dye at the same time any extra pieces of material to serve for altering or patching, as it is almost impossible to match a dyed material.

White or cream colored ribbon or flowers may be given a beautiful shrimp pink shade by dipping in water into which red ink has been dropped. Ordinarily liquid wash bluing used in the same way will tint feathers, wings, etc., a pretty pale blue.

A regular communication of Lakeview Lodge, No. 71, A. F. & A. M. will be held in Masonic hall this Saturday evening, February 7, at 7:30 P. M. By order of E. E. Woodcock, W. M. J. CHAS. SMITH, Secy.

COLDS AND CROUP IN CHILDREN

Many people rely upon Chamberlain's Cough Remedy implicitly in cases of colds and croup, and it never disappoints them. Mrs. E. H. Thomas, Logansport, Ind., writes: "I have found Chamberlain's Cough Remedy to be the best medicine for colds and croup I have ever used, and never tire of recommending it to my neighbors and friends. I have always given it to my children when suffering from croup and it has never failed to give them prompt relief." For sale by all dealers.
