MURDERER CAUGHT

ALLEGED DANGEROUS MAN IS HELD IN MODOC

Believed to be Illingsworth, Who Slayed Officer Walker Twelve Years Ago

A man positively identified as Illingsworth, who killed officer Bert Walker near Adin twelve years ago while resisting arrest, was captured by Sheriff A. E. Smith last Tuesday and lodged in the county jail, says the Alturas Plaindealer. W. S. Painter saw the man, and as he had seen and talked with Illingsworth the day after the murder, was positive of his identification. He informed the Sheriff who in turn told Mr. Painter to take a good look at the man and make sure he was right. He at once telephoned to Mr. Smith who lost no time in going to Surprise and making the arrest.

The man had been working on a ranch near Lake City and Tuesday morning quit and started towards Cedarville, being overtaken by the Sheriff on the road. He denied being Illingsworth and appeared greatly frustrated when arrested. He admitted going under various names, but denied being Illingsworth, if he is not the murderer of Bert Walker he is a bad character at any rate.

Old citizens have not forgotten the circumstances attending the death of a brave officer. Bert Walker was telegraph operator at Alturas as well as Constable. He had gone down the line to Adin to make some repairs and there met Sheriff Behrens of Shasta County who was in pursuit of two jail breakers, Illingsworth and Dorland. Bert volunteered to assist the Sheriff in capturing the criminals. They employed Wild Jack an Indian in finding the hiding place of the men. Jack went up the creek and through the willows and pretended to be fishing. On finding the camp of the men he was to come out of the willows and pretend to be looking for grasshoppers for bait.

Finding the camp he came out and one of the men volunteered to help him catch the hoppers. The man, Illingsworth, was then covered with the rifles of Walker and Behrens.

But no sooner had they done so than Dorland opened fire upon them from the willows Illingsworth got away in the melee, and joined Dorland in the shooting. A bullet struck a pair of handcuffs in Behrens belt and knocked him down in the meantime Wild Jack ran to the wagon and taking a rifle from the driver, ran up close to the edge of the willows and shot Dorland dead. But the rifle, a Savage, was new to Jack and he could not manipulate the loading apparatus, and throwing it down struck out for Adin for help and a gun.

After the shooting of Walker, Behrens made no further attempt to find the man, but waited until a crowd arrived from Adin. Meanwhile Walker lay in the sun, slowly bleeding to death. He was taken to Adin but died shortly after his arrival.

After Dorland was killed by Jack Illingsworth, knew that he had several hundred dollars sewed up in his vest cut it open and fled to the mountains. The story of his pursuit will not be soon forgotten by those who engaged in it. The fugitive however escaped, only to wander back twelve years after, almost to the scene of his crime to run into the arms as it were of the Sheriff.

District Attorney Baldwin has telephoned to ex-Sheriff Behrens and Wild Jack to come here and identify the prisoner and they are expected to arrive this week.

GENERAL FARM NOTES.

Winter plowing seems to be gaining in favor.

Now that the general field work is over keep the manure spreader in daily use.

Borax and phosphate, cottonseed meal and acid phosphates are excellent fertilizers for Irish potatoes.

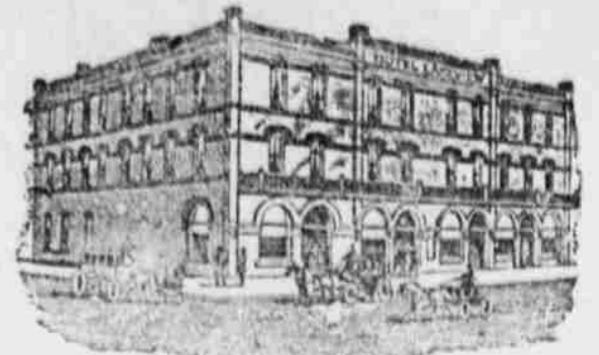

This is a good time to cover the bare spots in the pastures with manure, to be seeded early next spring.

Since alfalfa is a permanent crop, the ground should be prepared with more care than ordinarily, making it level, free from stones or other encumbrances.

Clover is rich in nitrogen, and in homogeneous soils it develops tubercles, which attract nitrogen from the air, where it is stored in inexhaustible quantities.

In large pastures the animals roam from one especially attractive patch of grass to another, traveling all over the field, and trampling down more than they can eat.

Makes Healthy Bowels

THIS simple rule of health is daily called attention to by every doctor in the land, whose first question to the patient almost invariably is, "Are your bowels regular?" Yet there's not one person in fifty who takes proper care of the bowels. And the result of this foolish neglect is nine-tenths of all ill-health. If today you are unable to free your body of waste matter at the usual time, or if the act causes straining, pains and discomfort, don't let that condition occur again tomorrow. Unless your bowels can carry away the waste materials left after food is digested, decay sets in, the poisons of which, taken up by the blood, increase the risk of Typhoid Fever, Appendicitis, and many other serious diseases. In treating constipation, there is a right way and a wrong way. The wrong way is to take harsh purgatives which even though they do clear the bowels, cause griping and nausea, injure the delicate tissues, and so disturb the normal functions as to cause the return of constipation. The right way is to help Nature to produce natural movement, without pain or discomfort, by using

Rexall Orderlies

More Than One Hundred Million Were Sold Last Year

This enormous quantity was used with good results by busy men who suffered from constipation, due to lack of exercise, or indigestion caused by overwork--by children whose parents realize the harmful effect of common purgatives--by old people whose systems cannot stand anything harsh--by women during pregnancy, and after childbirth, when any medicine with a violent action would be particularly dangerous. Many of these people are your neighbors and friends. Ask anyone who has ever used them--they'll tell you Rexall Orderlies satisfied and helped them.

--a gentle laxative in the form of a chocolate-tasting tablet. One of these tablets eaten just before going to bed will help to restore your bowels to normal activity at a time when, your body being at rest, the medicine can do its best work. As a result of taking that tablet (or say two, if your case is obstinate), your bowels will move easily and naturally in the morning. The use of Rexall Orderlies for a few days afterward will restore normal regularity. Even chronic constipation is benefited by them, and it is not necessary to continue the treatment for a long time, because, instead of driving Nature, they simply help her to help herself.

Sold only at the more than 7,000 Rexall Stores and in this town only by us. In vest pocket tin boxes, 10c, 25c, 50c

This Is Our Guarantee--You Risk No Money

If Rexall Orderlies do not make your bowels act right, tell us so and we'll give back your money without asking a single question. There is no red tape to this guarantee. It means just what it says. You sign nothing. We won't hesitate, or ask you any questions. Your word is enough. If Rexall Orderlies do not do all you expect them to--if you don't feel better after using them and find that they are the pleasantest-acting and best laxative you have ever used, we want you to tell us and get your money back.
