Charles A. Johns, Endorsed TO WHOM IT MAY CONCERN:

Charles A. Johns was a continuous resident of Baker City for twenty-four years, during which time he served four terms as Mayor and eighteen consecutive years as School Director.

As Mayor he gave the city an honest, efficient administration, and its financial affairs were conducted on a close, safe, economical basis and at the very lowest expense to the taxpayers.

As School Director he always worked for the best of results and for economy in administration, without impairing the high standard of Baker City schools.

In our judgment as Governor, he could and would do the same thing for the State.

Paisley Pick-Ups (Chewaucan Press)

County Stock Inspector H. H. Sparhawk was looking around this part of the county this week on business connected with his office.

Mr. E. O. Lamb wishes to announce that hereafter he will be the proprietor of the Paisley Garage, and Machine Shop, also general manager. No other person or persons will have any authority in the management of the business.

E. O. Lamb, general manager and proprietor of the Paisley Garage, has employed M. S. Barnes of Lakeview to work in the shop. Mr. Barnes arrived the last of last week.

Roy Smith the hustling manager of the Paisley Project store, returned Saturday from California where he and his wife have been visiting Mrs. Smith is expected about the 30th.

Messrs. Brown and Jacobson of the Forestry Service were in Paisley on business, Friday leaving in the afternoon for Silver Lake. They are traveling in their own machine, one of the 1914 Ford Cars.

Last Thursday evening three auto loads of Swedes came in by way of Bend. They were accompanied by N. O. Anderson, Portland agent for the Northwest Townsite Co., who brought them to look at the lands in the segregation. Several of the party are already owners of tracts and the rest purchased before leaving.

Con Taylor sheepman was in from the desert last week after provisions for his camp.

Silver Lake Items (From the Leader)

Rev. Milam and family have again taken up their residence on their homestead west of town.

Jas. Lane who has been spending the winter in California returned to his home here the first of the week.

Sunday, March 22nd was the scene of a quiet wedding at the home of Mr. and Mrs. J. H. Kelley on the West Side of Silver Lake, when their daughter Miss Martina O'Kelley was married to Mr. B. F. Lane, Jr.

In December 1912, Royal E. Ward of Arraw submitted final five year proof on his homestead which was rejected by the Commissioner of the General Land office on the grounds that a substantial amount of land had not been cultivated. On appeal, the Secretary of the Interior held that Mr. Ward had shown good faith, and the cultivator and other improvements made on the homestead entitled him to patent. The decision has just been received by T. S. McKinney of Arraw, who conducted the case for Ward.

Buy Big Car

W. P. Curtis, of the Curtis & Utley Realty firm will return this week from a business trip to San Francisco where he went to interest a colony of Swiss dairymen in Goose Lake Valley lands. Mr. Curtis while away purchased an Apperson Jackrabbit 45-horse power automobile and had it shipped to Doyle, Cal. From there he will drive it to Lakeview.

Not Guilty

The Portland Telegram has a lengthy article about a parcel containing thirteen chickens being shipped from the Lakeview post office by parcel post and thereby charges the postmaster of this office of violating the postal laws. Mr. Ahlstrom states that he also got a severe grilling from the Division Superintendent for accepting the chickens at this office, but that he is entirely innocent of the charge as the chickens shipment did not originate here. He is of the belief that they must have been shipped from either Lakeview, California or Lakeview, Washington.

Second Reading of Bill

After a week of unusual developments in connection with the Ulster, Ireland, situation the House of Commons at London has started the debate on the second reading of the Home Rule Bill, and it is expected that this will last well into the week.

danger of foreign competition and must practice economy in some direction, so they will naturally hang back as far as possible from paying more for their raw material. Judging from the way buying for America has begun this year, the records for many seasons stand to be eclipsed. The total secured from the March series is 8000 bales more than that in January, 1913, which made the best record for that year. The March series exceeded that of the same month in 1913, by 14,000 bales and was only 5500 bales short of the year's aggregate. For the two series of this year the aggregate purchases for the country are 23,000 bales. It is interesting to compare the two series of this year with the six of several previous twelve months, as follows:

1914 (two series)	23,000
1914 (six series)	22,500

pro rata. Attorney-General Crawford in an offhand opinion, holds that the Commission is estopped from participating in the suit.

If the officials of Multnomah County do not appeal the case there is a probability that an attempt will be made to get the matter before the Supreme Court from another county. It is thought that in this way the case could be taken to the Supreme Court before the time when the bulk of second payments is usually made. However, with the taxpayers satisfied, the Commission advised by council that it cannot do anything, and apparently willing for Multnomah County and the people to fight the thing out any way, there is a probability that the provisions of the new tax law as to the collection of penalty for second-half payments will never be enforced.

Numerous letters are being received by the Commission from taxpayers asking what course they should follow, the answers to all being that the writers use their own judgment.

When Tax Collector Hawkins was approached by an Examiner representative regarding the rulling in Multnomah County, he stated that his office would not heed the de-
