Irrigation Company Asked For Two Years to Complete Contract With the State

A news dispatch from Salem, Ore., says: The State Desert Land Board, at a meeting held, yesterday, extended of the time on contract between the State and the Warner Lake Irrigation Company until December 1 of this year. The company asked for two years extension of time, but the board refused to grant it because it anticipated that the Legislature when it meets, will define a policy with relation to irrigation projects in the state, and the members of the board did not desire to enter into any contracts which would interfere with such plan of the Legislature.

Vale Contractor Is Given More Revenue Owing to Heavy Parcel Post Business

Hon. Jas. S. Blakely, fourth assistant postmaster general who has charge of the Star Route service was in Ontario Monday adjusting matters with the stage contractors running out from Vale in regard to handling the parcel post matter, says the Ontario Democrat.

The contractors for the Vale-Bernis stage route and the Vale-Alberson route were awarded before the new parcel post law went into effect on these two routes threw up their contracts when the new law went into effect on account of the additional amount of mail matter they were compelled to handle.

Mr. Blakely conferred with Postmaster Sprout of Ontario, Postmaster Staples of Vale, Contractor Halliday and Contractor Smith of the Vale-Alberson route in this city Monday and the matter was satisfactorily adjusted between the government and the contractors. The contractors were allowed a 3 cent rate on parcel packages which allows them to put a

How to Swat the Fly The O. A. C. Bulletin gives the following methods for combating the fly pest:

Heat a shovel or similar implement and drop thereon 20 drops of carbolic acid. The vapor will destroy the flies in an ordinary room.

Burn some pyrethrum powder (insect powder) in each room. This will stupefy the flies which may then be swept up and burned.

Dissolve one dram of chromate of potash in two ounces of water and add a little sugar. Put in shallow dishes and put about the house.

A few drops of formaldehyde placed in a small quantity of sweet milk is very effective and may be placed about the house in shallow dishes.

WM. BARKER CALLED

WAS FORMER RESIDENT OF LAKE COUNTY

Deceased Never Recovered From Paralytic Stroke Last Year—Died at Canyonville

Roseburg Review, April 2: William Barker, died at Canyonville this morning, April 1, 1914. He was born Feb. 14, 1856, near Roseburg. His parents crossed the plains in 1852. He leaves two sisters in Portland and two brothers in Canyonville, being all who are left out of a family of nine. Last August he had a stroke of paralysis and never fully recovered. The funeral will be held at Canyonville on April 2.

The deceased was well known in Lakeview, and the sad news will be learned with much regret by his many friends here. About a year ago he with his two brothers, John and James, and Andy Sutphen departed from Lakeview on an extended trip through portions of Oregon, Idaho and Washington. The Barker brothers re-located at Canyonville and Mr. Sutphen returned to Lakeview last fall.

SHIP AND CREW LOST

SOUTHERN CROSS AND HER ENTIRE CREW MISSING

Was Returning From Seal Hunting Trip off Nova Scotia—173 Men in Crew

On Sunday at St. John, N. F., the sealing steamer Southern Cross, missing since Tuesday's blizzard of last week, officially was posted as lost, with her 173 men. Hope for the safety of the steamer and her crew was abandoned when the stricken survivors of the steamer Newfoundland told their stories of the disaster that cost the lives of 77 of their comrades. The colony is plunged into mourning by the greatest tragedy in its history, which will deprive whole settlements of their breadwinners and render more than 1000 women and children dependent upon charity. The fated ship and crew were on a seal hunting trip off the coast of Nova Scotia when they were enveloped in the blizzard and storms that lost them at sea. The Southern Cross was so deeply laden that all her provisions and part of her bunker coal were stored on deck so that every available space below could be filled with her catch.

FISH SEASON OPEN

The fishing season—that is fishing of the real sport—opened on April 1st and from now until November 1st may be legally caught in Oregon. Under the present efficient game code, the person equipped with a license can angle for ten inch trout, the year long, but only between the above named dates can you catch the kind of smaller dimensions. There are numerous streams in the mountains of Lake County filled with the small brook trout and angling here for that variety is as good if not better than anywhere in the west.

LAKE COUNTY HAS BIG AREA

GREAT NORTHERN ISSUES ATTRACTIVE BOOKLET ON OREGON

THE LAND OF RESOURCES

Is Replete With Reliable Data On Central Part of Oregon—Lake County Invites the Homeseekers

"Oregon" is the title of an excellent booklet issued by the Great Northern Railway which is designed to furnish accurate information for land seekers. The booklet is profusely illustrated with photographic scenes taken in Central Oregon. In speaking of Lake County, it says:

Lake County lies south of Crook and west of Harney County, extends southward to the state line, contains over 7,000 square miles and a population of 4,658 in 1910. The north-west portion lies in the Des Chutes forest Reserve and the northeast portion in the vicinity of Fort Rock, Silver Lake and Christmas Lake. While recently quite briskly settled in homesteads, it still contains a considerable area of agricultural land open to homestead entry. The surface aside from the timbered and mountain portions, is a rolling level table land, averaging between 4,000 and 4,500 feet above sea level. The soil is of volcanic ash, mixed with loam on the higher mountain benches and the climate is even and dry with a rainfall varying from eleven to seventeen inches. Much of the open table land is covered with a heavy growth of bunch grass and is admirable pasture for all stock. Many lakes and small streams are found here, making it an ideal stock country. Much of the stock now grazed on the open range is owned by the small farmers who have home ranches on the lakes, small streams and in the small valleys in the foothills. Land values are low as compared with the annual income from these home ranches and when considered in connection with the grazing privileges enjoyed by them, the homesteaders are gradually accumulating a small band of stock. There is room for a great expansion in the number of small farms in this locality.

Lake Crook and Harney counties, Lake County has a great amount of irrigable land there being over 273,000 acres now embraced within irrigation projects in various stages of development, including the Goose Lake, Warner Lake, and Summer Lake projects, and a number of other smaller projects as well. As in Harney County, in Lake County these irrigation projects are not sufficiently

CITY COUNCIL MEET

REGULAR BUSINESS SESSION HELD TUESDAY NIGHT

Fire Equipment to be Purchased—New Weed Ordinance is Taken Under Advisement

Tuesday night of this week the regular meeting of the council for April was held, when the regular routine of business including the payment of bills and other municipal matters was transacted. Mayor Wilcox, Councilmen Beall, Dykman, Duckworth and Funk and Recorder Paine were all present.

The matter of the petition asking for the crowning of Bullard street with gravel was referred to the street committee. This is doubtless one of the strongest petitions ever presented to the council asking for a public improvement, it being signed by nearly all businessmen and heaviest taxpayers of the town.

A new hose cart was ordered to be purchased for the western portion of the city. This will be stationed on Center street. A new ordinance compelling owners to keep weeds down on their property was taken under advisement, as it is expected that this will be adopted in the near future as the town is sadly in need of such a law.

BANK CITIES ARE CHOSEN

SAN FRANCISCO IS NAMED AS HEAD OF PACIFIC COAST DISTRICT

ANOTHER BANK DUE WEST

President Says No Immediate Announcement of Appointment of Five Members of Federal Board is Expected

After three months of consideration the reserve bank has announced the division of the continental United States into 12 banking districts and selected 12 cities where Federal reserve banks are to be located under the new currency law. This was the first decisive step toward the establishment of the new system. The bank with the greatest capital, \$13,351,925, will be situated at Chicago. New York state will be a district by itself, with the bank in New York City. This bank will have a capital of \$16,687,616.

The location of banks and districts are as follows: Dist. No. 1, Boston; No. 2, New York; No. 3, Philadelphia; No. 4, Cleveland; No. 5, Richmond, Va.; No. 6, Atlanta; No. 7, Chicago; No. 8, St. Louis; No. 9, Minneapolis; No. 10, Kansas City; No. 11, Dallas; No. 12, San Francisco.

The only reserve bank assigned to the Pacific Coast is at San Francisco. It will serve six states and part of another, and will include 514 National banks. The population of this district which is designated as the twelfth, is 5,389,303. It covers 603,658 square miles. The reserve bank's capital will be \$8,115,524. The states included are California, Oregon, Washington, Idaho, Nevada, Utah and part of Arizona.

The organization committee was not authorized by law to provide for branch banks of the Federal reserve banks, but the act states that such banks shall be established. This task will be left to the supervision of the Federal reserve board yet to be appointed by President Wilson.

The organization committee in its announcement called attention to the fact that under the requirements of that act it could not find grounds for the establishment of more than one bank on the Pacific Coast but held out the hope that in the near future another bank would be authorized by Congress and located somewhere in this great section.

The next step to be taken by the organization committee will be the notification to banks entering the system of the plan for the districts. Within ten days of the time such notice is received by banks, each must under the law, begin the payment for

CONTRACT IS LET

"Contracting and Engineering," published at Chicago, among the announcement of other contracts, stated that the Utah Construction Company of Ogden had secured the contract for constructing 50 miles of railroad from Westwood, Cal. to Klamath Falls, for the Southern Pacific.

News comes from Susanville that work will begin on the extension into Big Valley the first of May.

Timber King Dead Frederick Weyerhaeuser, lumber king, died at his palatial home near Pasadena, Cal., last Saturday morning as a result of complications arising from advanced years and a cold contracted about two weeks ago. He was 78 years of age and had been known for years as the wealthiest man of the country and was rightfully called the "lumber king of the world. It is said that while the public in general has heard little about Frederick Weyerhaeuser, he was reputed to be worth many times more than John D. Rockefeller. The Weyerhaeuser interests hold about 1,750,000 acres of land in the states of Oregon and Washington.

TAX OPINION GIVEN

STATE CANNOT APPEAL FROM JUDGE CLEETON'S DECISION

ATTORNEY-GENERAL SAYS ACCEPTANCE BY MULTNOMAH COUNTY IS NOT BINDING ON OTHERS

Not being a party to the suit in the Circuit Court, Attorney-General Crawford informed the State Tax Commission that it could not appeal from the decision of Circuit Judge Cleeton, of Multnomah County, regarding the collection of penalties on last of annual tax payments before September 1.

The opinion was asked by the Commission soon after the injunction was granted. The members of the Commission have never said that they desired to appeal the case, and unless the Multnomah County authorities appeal, the decision of Judge Cleeton will stand.

This, however, does not apply to other counties, it was pointed out, and whether any of the other tax collectors will insist upon collecting the penalty is a matter about which the Commission has not been informed. It has issued a statement to the citizens to use their own judgment regarding the payment of taxes.

MORGAN-WILSON NUPTIALS SOLEMNIZED IN THIS CITY

Wedding Took Place at the Home of the Bride's Parents, Mr. and Mrs. C. F. Wilson

At the home of the bride's parents Mr. and Mrs. C. F. Wilson in this city Sunday evening, April 5, 1914 at 7 o'clock, was solemnized the marriage of their daughter, Miss Corda, to Mr. Oliver D. Morgan. Rev. M. Smith pronounced the ceremony in a most beautiful and impressive manner.

The wedding was attended only by the families and a few intimate friends. At the close of the ceremony congratulations followed with merry jest and cheerful conversation. An elegant wedding supper was served and after expressing sincere wishes for the happiness and prosperity of the newly-wedded couple the guests departed, leaving many valuable gifts as tokens of their good will.

The Lakeview Band, of which organization the groom is a member, turned out en masse to serenade the young people.

The bride is a young lady of many graces of mind and person, who is capable of filling the home she will adorn with happiness and will prove to be truly a helpmate and companion by the husband she has chosen to honor with her hand.

The groom is the only son of Mr. and Mrs. H. W. Morgan of this city, and is associated with his father in conducting the Lakeview Abstract & Title Company. He is a steady and industrious young man with all prospects for a brilliant and prosperous career.

It is a pleasure to chronicle the marriage of such worthy young people and the Examiner wants to them its warmest congratulations.

SUSPECT IS CAUGHT

SEETON, ALIAS MACEY, ARRESTED AT WESTWOOD, CAL.

Wanted for Attempted Murder in Kentucky—was Employed in Lakeview Last Summer

A dispatch from Westwood, Cal., under date of April 7, says: Sheriff Church of Susanville was in Westwood with a warrant for and arrested Ro; Seeton, alias Harry Macey for attempted murder. The case is an old Kentucky feud of three years' standing and up to the present Seeton has succeeded in avoiding arrest. Macey, the name under which he went while here, is quite well known in Lakeview and was employed here last summer by the Lakeview Transfer Co. He was also employed on the Chandler ranch.
