Thirteen carloads of household goods, representing the belongings of fifteen families, have been received at Bend within the past few weeks. Six carloads were received in February, and according to present indications April will break all records. The newcomers are all families in good circumstances with complete outfits of farming implements and supplies. One farmer bought his own well drilling outfit, and among their other possessions is seen some of the best stock in Central Oregon.

Warner Lake Items
(Correspondence)

Jim Wakefield and wife and a son and Ed Nesham and wife have been spending a few days fishing at Plush. Among their catch is noted a seven pound trout.

A Sunday School was organized at Warner Lake school house last Sunday with a large attendance, which we hope will continue.

There is to be a big turnout among the people here on Good Roads Day. Men, women and school children will all enter into the spirit of the occasion. A lunch will be served to the workers at noon by the ladies.

County Commissioner T. B. Wakefield and wife accompanied by Miss Kathryn Gibson paid Plush a visit Saturday.

Had Lowest Bid

B. S. Berney and George Bentz, of the Berney Construction Co., returned to Lakeview the latter part of last week from Bonanza where they went to attend the opening of bids for the construction of the Horse Fly Irrigation Project. Mr. Berney stated that their bid for the construction of the dam, canals and entire system was the lowest, but thus far the bonds, advertised for to complete the work have not been sold.

The entire project will cost approximately \$450,000 and will irrigate about 23,000 acres of land in Langell and small valleys in Klamath County.

High School Notes

Don't miss "Back to Griggsby Station," Friday night.

Pictures are being taken of school classes and organizations that cuts may be made for the Annual.

Last Friday afternoon the parking outside the sidewalk at the school was divided among the High School classes and an allotment was also made the Seventh and Eighth grades. A part holiday was granted the pupils and this entire parking was spaded and put in shape for the sowing of seed and planting of trees. The students had a jolly time and enjoyed some sunburn and some blisters. Much work was done and the grass and trees will be added soon.

The High School will publish an annual this year and hope to put out a magazine worthy of the school and the town.

The cost of such an edition will amount to \$150 or more and the raising of this amount of money is no small task for our school. In order to raise this amount three sources have been suggested which will be tried. First the sale of the annual at a cost of 50 cents each which will only partly pay the cost of publishing. Second the solicitation of advertising, which it is hoped will prove a mutual benefit to the advertiser and the school, and lastly at the suggestion of the School Board an entertainment or two will be given.

It has been decided to give two entertainments and make the price of each about half the usual price, in that way getting two evenings for the price of one.

The first program will be rendered Friday evening, April 24, at the Auditorium by the girls of the "Swatski Club."

They will present "Back to Griggsby Station," a modern comedy constructed from some of James Whitcombe Riley's poems.

This will be a pleasant program and is sure to be appreciated by all who attend. The price is placed at 25 cents, charging 10 cents for children and all proceeds are to be used toward the "School Annual."
