ROAD IN GOOD SHAPE

MAJORITY OF ROAD TO BEND REPORTED GOOD

George S. Young Says Only Bad Place in Highway is on the Lakeview End

Bend Bulletin: Friends of George S. Young here have received letters from him containing information concerning the Lakeview country, where he is at present doing engineering work.

Mr. Young points out that the roads from Bend to within 25 miles of Lakeview are in excellent shape. But beyond that point they have much sticky "gumbo." While Prineville people have been attempting to establish what they call "an all year round" road from Prineville to Lakeview. Mr. Young says that such is an impossibility, as the roads are practically impassable for a couple of winter months. North and South roads from Bend, on the contrary, are reasonably dry and passable for 12 months.

With the exception of the immediate Lakeview country, Mr. Young says Northern Lake County has admirable roads. He reports finding a very friendly feeling towards Bend in that territory.

ALTURAS GOOD HOST

FIFTY-FOUR LAKEVIEW CITIZENS JOINED EXCURSION

Topsy Turvy Musical Comedy Presented to Crowded House—Alturas Extended Welcome

Fifty-four tickets were sold at the local depot last Saturday morning for the excursion to Alturas, the object of which was to take the Topsy Turvy dramatic troupe and other Lakeview people to the Modoc metropolis. The musical comedy recently presented here was reproduced in the Alturas Opera House on that evening to a packed house.

Those who attended the entertainment from here report that the players acquitted themselves in a most creditable manner, doing it even better justice than they did in Lakeview. All speak in glowing terms of the reception of the Alturas people and of the moral and financial support that they tendered the entertainment, and all report a most pleasant trip.

The ladies of the Presbyterian Aid feel very grateful for the courtesies and concessions granted them by the citizens of Alturas, among whom in particular are R. L. Bloss, R. A. Laird, E. Lauer and the Alturas papers.

Mrs. R. A. Clark, president of the Ladies Aid, reports that there were 138 admission tickets sold for the Alturas performance and the net profit was about \$45.

95TH ANNIVERSARY

ODD FELLOWS OBSERVE INSTITUTION IN AMERICA

Appropriate Exercises Held in Snider Opera House—Successful Dance Given in Evening

The ninety-fifth anniversary of Oddfellowship was fittingly observed in Lakeview Tuesday, April 28, by Lakeview Lodge No. 63, I.O.O.F. assisted by Lakeview Encampment No. 18 and Rebekah Lodge No. 22.

At three o'clock members of the two lodges, led by Darnell's Band marched from the I.O.O.F. hall to the Snider Opera House where the exercises were held. Following the anniversary exercises the program opened with a selection by the band, followed by a quartette in the Anniversary Hymn, by Chester Dykeman, H. C. Hanson, C. W. White and Harry Angstead. The invocation was pronounced by Rev. G. A. Crawford, Rev. G. W. Peese of the M.E. Church and who is also a Past Grand Odd Fellow, delivered the oration.

Mr. Peese in his usual grace and personality delighted the audience with an address teeming with versatility, which under the circumstances added to rather than detracted from its interest. The speaker touched upon the manifold virtues of this splendid organization, as well as in lighter veins referred to less serious incidents of every day life. The oration was well prepared and well delivered and added greatly to the success of the celebration. After other selections by the band and quartette, the benediction was pronounced by Rev. Father Murphy.

The dance in the Opera House at night was well attended and was proclaimed to be one of the most successful affairs from all standpoints that has ever been given in Lakeview. Excellent music was furnished by the band, the condition of the floor was par-excellent and with a most congenial and jolly crowd all requisites for a gay time were provided. Sixty-four dance tickets were sold and in addition to the dancers many spectators were in attendance. Time was made merry until three o'clock in the morning.

Passed Worthless Checks
A telegram was received at the Paisley National Bank Tuesday, informing them that E. R. Crosby had issued two checks in Portland, one for \$790 and one for \$60 upon the Paisley National Bank, says the Press. As Mr. Crosby has not, and never has had any account at this bank the checks were repudiated. Later telegrams came saying that two other checks for \$40 each and one for \$25 had also been issued by the same party to different Portland business houses. The larger of the checks was given for an auto, and one for a suit of clothes.

WAR PLANS CONTINUE AS DIPLOMATS CONFER

MEXICAN CRISIS NOW CENTERING ON ISSUE BETWEEN THOSE SEEKING TO SECURE MEDIATION

"GOOD OFFICES" URGED UPON HUERTA

While Many Hope Mediation May Be Successful To Adjust Mexican Difficulties, Others Regard Resort to Arms as Inevitable After What Has Occurred

Washington, April 29.—The Mexican crisis is now centering on the issue between those who are seeking through the good offices to secure mediation through Latin America to seek ground for adjustment and those who regard the resort to arms as an inevitable consequence of what has occurred.

Throughout today two distinct branches of activity were manifest here—that of the envoys of the Argentine government and Chile, formulating a plan of adjustment to be submitted to the United States and the Huerta regime, and that of the military and naval forces of the United States, which continues to go forward steadily in preparation for any eventuality. The arrival of General Funston and a brigade of 5000 troops at Vera Cruz, was one of the events of the day.

Chief interest was directed toward the conference of Latin American envoys, lasting throughout the day and part of the night.

At the white house, President Wilson and advisers held lengthy conferences and the spirit of satisfaction over the progress of the negotiations was apparent.

Secretary Bryan was called upon by ambassadors and ministers of European as well as South American countries. Among the visitors was the French ambassador, M. Jusserand, who expressed the warm sympathy of his country in the cause of mediation. With the exception of the three South American countries, no power has taken any official action, although the European diplomats are doing their utmost to further the cause of peace.

Sir Cecil Spring-Rice, the British ambassador, also was one of Secretary Bryan's callers, his purpose being to report results of the interview held yesterday in the Mexican Capital by Sir Lionel Carden, the British minister, with General Huerta. Sir Lionel strongly impressed upon the general the opinion of his own government that he should promptly accept the good offices tendered by the three South American republics.

The peacemakers take the view that their work is one of far reaching effect, not only in the present controversy, but as in affecting the continued peace of the western hemisphere through the united efforts of American nations, north, south and central.

ULSTER WOULD FIGHT

MANY RIFLES AND AMMUNITION LANDED AT NIGHT

Ulstermen Declare Themselves Determined to Offer Armed Resistance to Home Rule

Belfast, Ireland, April 25.—A consignment of about 40,000 rifles and half a million rounds of ammunition from Germany was landed at isolated points on the coast of Ulster during last night and distributed by means of 200 automobiles to the various headquarters of the various Ulster "volunteers."

The Ulstermen who declare themselves determined to offer armed resistance to the introduction of home rule, were mobilized last night and guarded the landing places and the roads until the distribution of the arms had been completed.

The police were powerless to interfere and all communications were interrupted.

London, April 25.—The gun running exploit of the Ulster "volunteers" stirred the British cabinet into sudden action today. Premier Asquith, who was on the way to his country residence for the week end, was stopped by telegraph and returned to London immediately. On his arrival he conferred with Augustine Birrell, chief Secretary for Ireland, and other colleagues in the cabinet. Major General Sir Cecil Macready of the war office participated in the conference.

MONEY FOR DEPOSITS

BIG OFFER MADE FOR MINERALS OF LAKES

Sain's Contract With State For Summer Lake Expires on the First of May

A Salem dispatch of recent date says: Jason D. Moore, acting trustee for certain New York men, recently made the state land board a definite proposition to pay \$1,225,000 for the salt deposits and land covered by Summer and Abert lakes in Lake County, the money to be paid at the rate of \$75,000 a year. The board took the matter under advisement until after the first of the month, at which time the lease of the lakes now held by the Soda & Potash Company, of which Mr. C. M. Sain is the promoter, will expire. Mr. Haak, of Portland, who is interested with the company now holding the lease has advised the board that he desires to make an offer for the lakes when the existing contract expires.

Mr. Moore agreed to put up \$50,000 surety bond guaranteeing the performance of his part of the contract. The people with whom he is interested plan to build a pipe line from the lakes to the coast and get the salt deposits out in the form of a solution.

The potash company entered into a lease with the state and was to pay the state a royalty of 50 cents a ton on common salt and \$1 a ton on other deposits, the minimum to be \$50,000 a year. The company has been unable to finance the project.

The board announced that no definite action will be taken until 12 o'clock noon, May 2, in order that any persons interested may submit counter proposals.

TOWN SAVED BIG EXPENSE

BULLARD STREET WAS GREATLY IMPROVED ON GOOD ROADS DAY

ALL OF STATE DID WORK

Citizens Entitled to Praise for Donation of Teams and Services—Over 150 Loads of Gravel Was Placed

Picks, shovels, hoes, rakes and various sorts of implements cared little who used them last Saturday, Good Roads Day. In Lakeview about fifty men and seven teams did more than could have been accomplished in many days otherwise in the improvement of Bullard street. The result far surpassed the expectations of the Street Committee and others who were responsible for the observance of the occasion. All the work in this city was done on Bullard Street. Over 150 loads of gravel were placed on this avenue improving it to the value of several hundred dollars. From the intersection of Park, the street was crowned west to within a few hundred feet of the railroad track. The remainder of the street will probably be finished this season, gravel being taken from the ditch below the tume for the work.

Street Committeeman Lee Beall and Marshal Striplin engineered the job, and the work was well systemized, no efforts being expended uselessly. The workmen began assembling at 7:30 in the morning and continued with great push and vigor until 5 o'clock in the evening. Those who donated their services with teams and wagons, and are deserving of special commendation for the spirit manifested were J. O'Neill, Chas. Dunlap, J. P. Duckworth, W. Lamb, Dennis Kelley and A. M. Hardisty. W. G. Fuller donated his team and wagon and Ed. Bond furnished a driver. Wm. McCulley, the city's old reliable for all purposes, was also on hand with his pair of black steeds.

Many who volunteered their services on the pick and shovel gang are also entitled to praise for the good work they did in saving the town money for this improvement. One noticeable feature amongst the laborers was the presence of so many practically new people of the community, there being but few of the old time residents. One man whom we noticed in particular at the gravel pit was Andrew Johnson, who from beginning of the day to end never deserted his post.

From all reports the day was well observed all over the County with State in general, many communities
