Lost Creek Valley News (Correspondence)

Mr. George Mehrer has gone to Bend for supplies. The Ladies of the Lost Creek Study Club are to have a hall in the near future. A petition for a postoffice in the valley is being circulated. Several of our citizens are to make final proof on their homesteads this summer.

Mr. George Young has purchased three more horses for freighting. S. J. Hubbard has established residence on his homestead. J. E. Curran has gone to Bend for the tent and flooring for the Lost Creek Study Club hall. He will also bring the new bell for the school house.

The rains of the past week have been of great benefit to crops. School in this district will close on June 5th. Mrs. S. W. Best and children and Mrs. Clara Washburn and son will leave next week on an extended visit in Washington.

It is reported that many of the cut-offs in the road between here and Bend are being fenced up, making the distance to Bend about the same as it is to Lakeview. We are not going to stop talking until we get county roads through our valley, and then we will talk for a direct mail route through here from Bend to Lakeview.

A. J. Hubbard has gone to Lakeview on business and will bring back some supplies. THE EXAMINER FOR JOB WORK

DEVELOPMENT ACTIVE ON MODOC NORTHERN RAILROAD

Goose Lake Southern Part of Network of Lines Planned by Southern Pacific

A news dispatch from Lookout, Calif., says: Preparatory to commencing the actual construction of the Modoc Northern Railroad, the Southern Pacific Company has assembled construction crews and material at Midland, Ore., a short distance south of Klamath Falls.

The Modoc Northern is to be constructed from Westwood Junction, the present end of the Fernley and Lassen Railroad, west of Susanville, north through here to Midland on the California Northwestern Railroad, otherwise known as the Weed-Klamath Falls Line.

Contracts have been awarded for seventy miles of the line north from Westwood Junction. This will give the Southern Pacific the long talked of route along the Sierras, affording the Central Pacific a new route into the Northwest.

This line is part of the network of railroads planned for this section by the Southern Pacific. The Goose Lake Southern is projected to run from Lakeview, Oregon, south to Alturas, thence down the Pitt River to connect with the Southern Pacific at Anderson, Shasta County. The Chico Northern is planned to run from a point on the Susanville-Klamath Falls line down Deer Creek to connect with the main line at Vina or Chico.

Tribute to Bride (Contributed)

As a tribute to the bride-to-be, Miss Gwendolyn Corbett, whose marriage to Bert K. Snyder took place a few days since, the following lines were composed by Mrs. Cook, whose non de plume is Edith Maida Lessing, and presented her at a shower party held in her honor by the Ladies Aid of the Presbyterian Church last week.

TO GWENDOLYN In the joy of life's golden Spring time— In the sweet Springtime, of the land, With the bud of the rose, and the nesting birds, Love leads her forth by the hand.

When the true sweet vows have been spoken, And she knows that she is a wife, 'Tis then, with the spell unbroken— She will look on the world—and life.

May she be like the gifted artist, Who chooses his colors, rare, And paints in a holy vision, His picture with thought and care.

May she be like the sculptor—seeing In the heart of the lifeless stone, The wondrous shape, that his skill brings forth, When he knows its all his own.

May she be like the rare composer, Who'll touch the strings of the lute, 'Til it thrills to tune to his music— When once it was void and mute.

May Joy and Hope surround her, And Luck all its joys bring, In a golden shower on her happy head— Touched lightly by sorrow's wing.

Then here's a toast to her future— And may all the Fates conspire, As the years may come—and the years may go— To bring her—her heart's desire.

As a result of the interest which has been aroused in the raising of corn in Oregon, it is stated that over 2,000 acres of the cereal has been planted in the vicinity of Ontario. Most of the planting was done with carefully selected, acclimated seed, and as the growers are using the most modern means in its cultivation, it is expected the yield will be the best ever turned out in the state. Over 40 corn cultivators were sold by Ontario merchants in one week.

The California Railroad Commission has rendered a decision dismissing the application of the Modoc Irrigation Company for authority to issue bonds, notes and other evidences of indebtedness in the sum of \$750,000 to develop the Cowhead Lake project. The commission advises that the present litigation of the Irrigation company over water rights should be disposed of before being granted authority to issue bonds. There is an outstanding indebtedness of \$85,000 covering construction work already completed on the system.
