 Display Advertising rates made known on application.
 Address all communications and make remittances payable to Examiner Publishing Co., and not to individuals.
 Any person receiving this paper and not intending to pay for it, will confer a favor by notifying the office at once. However, a number of copies are paid for by friends of the recipients, and in such instances this notice does not apply. It is not the aim of the management to have the Examiner go to any place when it is not welcome.

THURSDAY, JUNE 18, 1914

IN THE DAY'S NEWS

A row boat carrying a pleasure party on the Delaware river began to leak. As it was slowly steeling, three young men, to lighten it and as a means of saving the rest of the party, leaped into the stream. None could swim and all were drowned. The four companions in the boat were rescued by a passing launch. Among those rescued was the fiancé of one of the young men drowned.

Not all the heroism of the world develops on the battlefield. There are conspicuous heroes of peace.

Harry Corbett, an aeronaut, plunged 2,000 feet to death at Denver recently while attempting a balloon ascension and parachute drop. Several hundred persons saw the fall. A strap fastened about Corbett's wrist, and attached to the bar of the parachute, broke when the victim attempted to leap from the balloon.

Like the collision in which the collier drove her nose into the hull of the Empress of Ireland and sent 969 persons to almost instant death, it is the unexpected that so often happens.

At Baltimore radium is reported to have effected a complete cure of cancer of the throat in the case of A. L. Glass, a railroad official of Florida. Last January Mr. Glass experienced an irritation of the throat which gradually grew worse. After an unsuccessful operation, the trouble was declared to be an incurable case of cancer. Mr. Glass was under the radium treatment for a period of two months.

With splendid aggressiveness, the medical scientists are striving to solve the problem of the red plague, and some day, they will succeed. One by one, they are taking the terror out of the main maladies of man.

CHILDREN INTERESTED

That campaign of the State Superintendent of Public Instruction, calculated to enlist the interest of the boys and girls of the rural schools in agricultural and domestic work is going along swimmingly. The city-man does not realize this except as he reads about it in the papers, but people of family who live in the country hear of it at first hand, and everything they hear about it is enthusiastically uttered.

It is amazing how eagerly the little tots, no more than 7 or 8 years old, take up with the

club idea. There is no manner of doubt that Mr. Churchill has hit upon a most effective propaganda for the uplift of the child ambition in the rural districts.

Furthermore it is to be said that the campaign so inaugurated does not lag. The method of its conduct is attractive and interesting, and so far as reaching all the schools is concerned it is most thorough and effective. We take pleasure in repeating our prediction that the good to result from this movement will be incalculable. It cannot be otherwise.

Those who have been brought in close touch with the presentation of this plan to the children are impressed with the fact, that it is not the immediate reward of a prize or a trip to the State Fair at Salem that is all-engrossing. There is a sense of dignity attached to it that they all appreciate. We fancy the pleasure of it will be enhanced as the club experiment is put to the practical test, and the community sentiment of the schools for achieving better things would be greatly improved.

HOW TO AVOID AN AUTOMOBILE BACK

The automobile is coming into such general use that any advice to its users is of general interest. A great many people in cranking their cars, strain their back or "droy a stitch" and if this is once started it usually happens more easily another time. Many people after riding for any length of time, are tired in the back when they get out. If this is kept up, the pain or weakness increases, until many times the person is laid up with what is called lumbago or rheumatism. Both of these conditions are commonly due to the wrong way of using the muscles of the back. In cranking keep the back straight like "the oarsman's back." Bend from the hips, but do not bend in the middle, or the waistline. In sitting in the car keep the back straight also. Get the hips well back against the back of the seat, and if the upholstery make the shoulders droop, put a robe, a cushion, a book, or anything at the hollow of the back to prevent this. Do not slouch in the seat and do not sit on the lower end of the spine. This reverses the normal curves of the spine and must mean strain, with at times much crippling.—Journal of the American Medical Association.

If Villa ever gets to the gates of Mexico City, there is no mediation we know anything about that will save Huerta. The only course left the dictator will be to find a secret way to the big timber.

Enrico Caruso is again sued for breach of promise. It might pay Enrico to get some strong and reliable financial concern to underwrite his affections.

A Boston butcher has been arrested for putting saw dust in his sausage. His defense ought to be that sausage is breakfast food.

English doctors countenance faith healing. We are willing to bet they do not consider it efficacious in the case of the militants.

They are made in all the latest styles and leathers and we know you will find a pattern here that will just suit you in every way.

These splendid Oxfords are made for us by BROWN SHOE COMPANY, Inc., one of the greatest manufacturing concerns in the world.

Pioneer Lady Dies

Mrs. Mahala Congleton, a pioneer lady of this valley, died Sunday, June 14, at the home of her son, George Lynch, a few miles up Bullard canyon from Lakeview. The deceased was ill but a short time, death being due to old age. She was 92 years, 8 months and 29 days old. Mrs. Congleton has been a resident of Lake County since 1879. She had married twice and leaves two sons, George Lynch, of this place and James Lynch of Florida, and a daughter, Mrs. L. F. Washburn of Willow Ranch to mourn her loss. The funeral services were held in Lakeview, Monday, June 15, from the M. E. Church, burial following in the I. O. O. F. cemetery. She lived a long and useful life, and the end was as peaceful as the close of a beautiful summer day. May she rest in peace.

Paisley Citizens Object

The Press says that the Paisley Fourth of July committee has held meetings recently to enter a strenuous protest against the meeting of the Water Adjudication Board in Lakeview July 1. An effort is being made to get the hearing in Paisley instead of Lakeview as nearly all parties interested in the matter are at that place. It is cited that this will bring a great number of the Paisley citizens to Lakeview and it is stated that unless the change can be made it is not likely a celebration will be held at our neighboring town.

Northern Lake News

Father M. C. Murphy of Lakeview will hold Catholic Church services here at the hall Sunday at 11 a. m. Decoration Day was fittingly celebrated at the hall Saturday with a long and pleasing program. A Flagg for the love of "Old Glory."

Will Finance Company

We understand that E. Nelson, of the Lakeview Development Company in this valley has arrived from the East and is figuring on re-financing the company, and has under contemplation the putting in of a large size reservoir and power plant on Lassen creek. It is to be hoped that something of the kind will be done, as there are several thousand acres of good land tributary to the proposed reservoir that can be put into grain alfalfa or fruit if water can be procured, instead of being allowed to lie waste.

ADDITIONAL BRIEFS

T. J. Curtis, who has a homestead in the south end of Drews Valley, was in town Saturday. Summer began in earnest Sunday and the thermometer has reached about the 90 point every day since. The evening services of the Methodist Church next Sunday evening will begin at 8 o'clock instead of 7:30 as heretofore. J. Hallinan, woolbuyer, arrived here last week from San Francisco and is spending several days investigating the local market. J. P. McAuliffe, well known Lake County sheepman, has invested in a Ford car, having purchased it from Wm. Jennings, who with J. B. Auten is local dealer. E. O. Derrham, Luke Walker, A. J. Madox and O. H. Sonner of Klamath Falls passed through Lakeview enroute to Reno the first of the week to receive three Reo automobiles. Dr. B. Daly Saturday left for Portland to meet a party composed of members of the State Highway Commission, newspaper representatives and others who made the trip through Central Oregon by auto, arriving in Lakeview at noon today. Corsets: Improve your shape by wearing Warner's Rust Proof Corsets.

Presbyterian Church

C. General Agency, 767 Gas & Electric Bldg., Denver, Colo., or 440 Phelan Bldg., San Francisco, Calif. Ju 18-14

NOTICE OF CONTEST

Department of the Interior, United States Land Office, Lakeview, Oregon, June 5, 1914. To Herbert S. Pillsbury, of General Delivery, Portland, Oregon, Contestee: You are hereby notified that Chas. Olson, who gives Bend, Oregon, care of C. S. Benson, as his post office address, did on May 13th, 1914 file in this office his duly corroborated application to contest and secure the cancellation of your homestead entry, Serial No. 03121 made March 8th, 1910, for N 1/2 SW 1/4, N 1/2 SE 1/4 Section 13, Township 26 S., Range 18 E., Willamette Meridian, and as grounds for his contest he alleges that said entryman never established residence upon said tract, never cultivated or improved the same to any extent whatever and has wholly abandoned said tract and said entry for more than two years last past. You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be cancelled thereunder without your further right to be heard therein, either before this office or on appeal, if you fail to file in this office within twenty days after the fourth publication of this notice, as shown below, your answer under oath, specifically meeting and responding to these allegations of contest, or if you fail within that time to file in this office due proof that you have served a copy of your answer on the said contestant either in person or by registered mail. If this service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy showing the date of its receipt, or the affidavit of the person by whom the delivery was made, stating when and where the copy was delivered; if made by registered mail, proof of such service must consist of the affidavit of the person by whom the copy was mailed stating when and the post office to which it was mailed, and this affidavit must be accompanied by the postmaster's receipt for the letter. You should state in your answer the name of the post office to which you desire further notices sent to you.

Paisley Pick-Ups

The road contractors along the new river road are now at work in earnest and should have the road completed soon after July first as their contracts called for. The prospects of a road have already been the means of starting quite a settlement on the grassy flats along the bottoms which are near the right of way. F. H. Williams has sunk the well on the W. Y. Miller place to a depth of 187 feet. The basalt rock was struck at a depth of 131 feet and nothing but rock was encountered after that depth. The water in the well stands around the 100 foot level but there is an excellent supply. Shoes: "Star Brand" Shoes are better. There is comfort, worth and wear in every pair.

A SPANKING GOOD TEAM should have spanking good harness. Come here and see what we mean by that term. We are showing both single and double harness that is worthy of the best horse or horses ever bred. It is perfect in appearance, perfect in fit and perfect in quality.
