FRIDAY, MARCH 30, 1906.

The situation in the Commission fight is shaping itself so that the people are beginning to see the real situation. The Prineville Ring do not intend that the west side be given any representation in the Co. if the Ring can prevent. It is their intention to get the west and north sides of the county into factions over the commissioner their purpose being that the Ring may elect their commissioner and thus again have the use of the county money that should be used for the development of the county and the establishment and improvement of the highways to which the people are entitled.

We are next to your little game and serve notice right now that there will be no factional fights in this side of the county and we ask the good people of the county, with out respect to party, to assist us in destroying the power of this Ring.

We believe the people of the County are tired of slates and rings and will assist us to put them out of business. We have talked with these in position to know and are informed that the voters generally in and about Prineville are with us in this movement and we wish to say to them that we appreciate their assistance in this matter.

REDMOND NEWS

Winter is over again and a gentle rain is falling.

Mr. H. Ehret of Newberg, Ore. is visiting his brothers of this place.

Redmond will soon have another building which will be 50 x 75 ft., two story high. The props are Mr. Landorback of Nelson, Missouri and Mr. Geo. Wood of Oklahoma.

Mr. Geo. Wood left the later part of last week for Shaniko to meet his family.

More than a dozen settlers have arrived at Redmond in the last week.

Rev. Mitchell preached here last Monday night and gave us an instructive and interesting sermon his text was, "What is Your Life."

Prof. Elias Nelson left for Idaho, where he has been appointed as Supt. of the Idaho State Agriculture College. The good wishes of the Redmond people go with him in wishing him success.

Mr. H. Baner and family of Missouri arrived in town. Mr. Baner is working for the D. L. & P. Co.

Mr. F. C. Rowlee has purchased a Caspian Stump Puller and has it in operation at the Sherwood Bros. ranch.

S. E. Hodges, candidate for the nomination to the office of sheriff on the Republican ticket, served as deputy sheriff of Crook county under two sheriffs. He is a man competent and capable of fulfilling the duties of the office, and his wide acquaintance throughout every portion of Crook county, taken with his qualifications, makes it certain that if he receives the nomination he will poll a full party vote.

Mr. Hodges has been a resident of Crook county for many years and is interested both in real property and livestock. He has always stood with the county in its advancement and has taken more than the average interest in the progress and development of this section in recent years. His reputation and standing among all the voters of the county are such that nomination means his election to the office. The party vote will not be split in favor of some other candidate. And his election is equivalent to a strict business administration of the sheriff's office and prompt and courteous attention to all the demands made upon a public official.

A Voter.

Laidlaw, March 26, 1906
Editor Chronicle.

The approaching primary election brings several of the candidates for county offices, as visitors to our progressive town all desirous of making friends and votes.

One of these, Wm. Johnson a candidate for the nomination to the office of County Clerk, spent a day or two lately with us, looking after his interests. I was very happy to meet an old friend and renew an acquaintance of many years standing.

A former school Supt. of Crook County, he is well known to all old settlers as a faithful public servant, an honest conscientious citizen and who, if elected County Clerk, will give us a clean impartial and capable administration of the office.

I heartily commend him to the consideration of all progressive citizens of Crook County.

B. F. Nichols.
