The Deschutes Valley has over 400,000 acres of irrigable land, 410,000 acres of yellow pine timber, estimated at 6,000,000,000 feet; 6 thriving villages; unlimited water power for manufacturing plants; good climate and the finest scenery in the Pacific Northwest. Our streams are teeming with trout, our mountains with deer and bear while during the winter and spring months the ducks and geese are frequent visitors on our lakes and rivers.

Cyclones and severe storms, such as visit the East and Middle West are here unknown.

Two lines of rail road are now surveyed through the valley and a prospect of early construction is very good.

To the homeseeker and the investor we have splendid opportunities to offer and we shall be pleased to have you call upon us or address your inquiries to us.
