MISSIONARIES FOR THE SOUTH

The custom of sending missionaries to Africa and other foreign lands to enlighten and christianize the heathen ought to be stopped until the church dispatches missionaries to the Southland of the U. S. A. to help civilize those heathen white people who lynch and burn colored people for pastime.

Where white women fight with colored women to nurse wounded black soldiers who wish to be nursed back to health under the health giving hands of their own.

Where the haughty, proud, ignorant, illegitimate Caucasians march proudly under pillow cases and sheets; for a beast can be ashamed and will hide their faces.

Where well built strong healthy black Americans tremble in front of weak, puny, narrow-jawed white men.

Yes, churches, please send your missionaries south of Mason Dixon line for compared to the white south the African Hottentot is a highly developed man.

There are too many sheiks, mashers and street corner loungers of the Washington street variety in Portland for the safety of the decent women. If the authorities would spend as much time chasing these parasites as they spend placing their calling cards in vacant autos along the streets, they would be rendering more good to the community.

The election of Magnus Johnson, Labor party candidate to the United States Senate from Minnesota, is no victory for the Democratic party even though the Republican candidate was defeated, as the Democratic candidate was third in the race, and Johnson has always voted with the Republicans on general questions.

The Republican party has enlisted the aid of the women (white) but as usual the colored brother and sister will be expected to jump in the band wagon and pull for the party nominees. It would be well for the leaders to remember Magnus Johnson.

President Harding has the deepest sympathy and the earnest prayers of the whole nation in his illness.

No excuse for so many widowers, bachelors and widows in Portland, when there is such splendid and plentiful material to choose from.

Lots of men and women in Portland are asking for work and praying to God they won't find it.

It is to be regretted that our leading (?) women still find time and the inclination to "pan" their fellow sisters to every newcomer and every outsider who comes into our midst.

BAHAI ASSEMBLY NEWS Room 312 Central Building Public Invited Every Friday Evening

On last Friday it was the good fortune of all who attended to hear a very illuminating address by Miss A. Glenn of Seattle from the subject "A New Call to Old Ideas." Miss Glenn is an active Bahai and makes a splendid representative of the teachings of the brotherhood of man. Miss Glenn explained some of the principles of the Bahai philosophy and told how the nine leading teachers of religion have appeared in the different ages and instructed the people in the language which the people could best understand and which was adapted to their respective civilizations. "When Christ made his advent and gave his law of love, the people of that time had advanced in powers of perception and therefore an eye for an eye and a tooth for a tooth were no more," she said, and added: "Baha O'llah and Abdul Baha taught the people in accordance with their present day powers of perception."

their departure from the world. Mrs. Glenn said: "They leave physically but leave a renewal of the age-old ideals or principles of Godlike perfection." The Bahai philosophy will erase all boundaries, she said, not only of states but of nations, as the spirit of the age is stealing over them unawares. The speaker said that many are clinging to their old traditions and missing the beautiful spirit of the age while others are enjoying it. "Heretofore we have not recognized the oneness of humanity but we have now; we have learned that we are really not only a part of each other but are really each other, and whatever we do to each other, we are doing to ourselves." She compared the Bahai revelation to the diamond and said that as the diamond possessed all the colors, yet it becomes a perfect white stone, so the Bahai religion represents a blending—a universalizing of all religions into a perfect one.

Miss Clinta Nunan and Mr. A. Peterson told of their trip to California where they spent a most pleasant time as the guests of Mr. and Mrs. John Bosh at Goyersville, California. Miss Nunan's description of her visit with her brother Paul Allen at Laguna Beach, whom she had not seen for more than 13 years, was most interesting. And perhaps the most significant thing about it was, she found that her brother was meditating on and studying the same philosophy as she was, although up until she came he had not heard of the Bahai philosophy.

Mrs. C. Wass presided over the meeting. Mr. Bowman read the prayer and Mrs. D. G. Hunt rendered the musical numbers. Miss Glenn is visiting with Mrs. George W. Latimer, 397 East 28th street, North, for several weeks. Dr. E. C. Pierce, 431 Benton street, will address the assembly on "Psycho-analysis" Friday evening, the 10th.

NOTED PULPIT ORATOR COM-PARES GARVEY WITH ST. PAUL

(Continued from page 1) the kingdom of Israel. It was no more a crime against civilized society for Garvey to be proclaimed the spiritual head of an African state than it was for Christ to declare Himself King in Caesar's empire. It was no more a crime for Garvey's business to fall than it was for the business of any other individual or corporation to fail while doing its best to survive. The career of Garvey no more deserves a federal prison than the life of Christ deserved the crucifixion on Calvary. If equitable justice is denied Garvey, America is made less safe for democracy in general and the black race in particular everywhere. When public sentiment silences the humblest Negro's cry for freedom and equality of opportunity, the whitest country servants and patriots of the public dare not speak their highest and holiest thoughts or vote their convictions."

The preacher then quoted at length from a book of his own and from several noted works of white men showing that the oppression of the black man in Africa was a blot upon civilization and was contrary to God's will, and that God in his own time would solve the problem. Africa must be redeemed, and sooner or later Garvey's idea must be carried out. It was the duty of every Negro, man or woman, in these United States to raise his or her voice in loud protest against the incarceration of Marcus Garvey and not cease clamoring and protesting until he was released.
