

UNEMPLOYMENT IN TRINIDAD STIMULATES EMIGRATION
(Lincoln Service)

TRINIDAD, B. W. L., Oct. 24.—Owing to lack of employment and hard times existing here since the first of the year, emigration to the United States from Trinidad, Tobago and Guyana has been increasing enormously. Steamers of the Lamport and Holt Line and the Furness-Withy Company leave with every berth filled with emigrants. Both lines are booked up until February. This wave of emigration is mostly of the colored race, and of the better sort, many of them craftsmen and skilled laborers.

BRAZILIAN POLICE TO REGULATE SERVANTS

RIO DE JANEIRO, Brazil, Oct. 24.—Outstripping all of its competitors, such as the cost of living, taxes and unemployment, the servant problem has been turned over to the police for regulation by executive order. Servants were not only hard to secure and retain but the rule obtained that the ingratiating applicant for a servant's berth was usually an experienced and clever thief, who decamped with every movable article in the house. The new order requires that all servants hold cards of identification from the police and that they must register before accepting employment. The decree applies to domestic service of all kinds—cooks, butlers, maids, laundry girls, gardeners, nurses, seamstresses, waiters in hotels and restaurants, bartenders, janitors and even office boys.

PRESIDENT CONFERS WITH EQUAL RIGHTS LEAGUE

WASHINGTON, D. C., Oct. 24.—President Coolidge listened to an appeal by a delegation from the National Equal Rights League. The delegation made up of a dozen colored men and women from various sections registered a protest against the segregation of members of their race in public vehicles and other public places in Washington.

The President was also asked to give his attention to the disfranchisement of the Negroes in Southern States; to place colored men and women in charge of the Veterans' Hospital at Tuskegee; to pardon or parole 70 colored soldiers, serving terms at Fort Leavenworth penitentiary, and to hold up diplomatic relations with Mexico, until the Obregon government has removed the ban on the emigration of colored citizens of the United States into that country.

COLORED PEOPLE ORDERED OUT OF OREGON TOWN

Arthur Maxwell and Joe Jones, two colored citizens of Klamath Falls, Oregon, have been run out of Klamath Falls during the past few days, according to reports received here. It is said the Ku Klux Klan is responsible for anonymous letters which were received by the men prior to their leaving. Jones and Maxwell were both arrested September 25 in a raid by Sheriff Low and pleaded guilty to possession of intoxicating liquor. It is also said that all colored people in the town who own pleasure cars have been ordered to leave town.

The Advocate along with many others extends its sympathy to the bereaved mother and wife, who was so devoted to her husband and his work.

WHAT WASHINGTON THINKS OF THE OREGON INCOME TAX ACT

(Portion of editorial reprinted from the Tacoma, Washington, News-Tribune) If Oregon enacts this law, a golden opportunity is provided for the State of Washington, even though we are loath to take advantage of the folly and misfortune of a neighbor. An income tax law will put Oregon in the same class as North Dakota and will make outside capital run shy when it comes to investing in her industries.

If Washington maintains its poise amid the flood of semi-socialistic and destructive legislation that is now proposed and rejects the income tax measure, it will share with Southern California the influx of capital to the coast. Let it join Oregon in such a law and the Pacific Northwest automatically will sign an industrial suicide pact.

As a sample of how this income tax talk affects Eastern capital, incidents may be cited regarding a well-known Tacoma concern. This company had made plans to double its capacity this year, adding many more employees to its staff when Eastern investors, who were to finance the improvement learned of the proposed income tax law they promptly withdrew their capital and took it to more favored fields.

Tacoma will lose a score or more of families which it would have had if the proposed addition had been made.
