A BIBLE THOUGHT FOR TODAY

THE KINGDOM OF GOD cometh not with observation: Neither shall they say. Lo here, or, lo there! for, behold, the kingdom of God is within you.-Luke 17:20, 21.

#### MOTHER'S DAY

Tomorrow, Sunday, is Mother's Day. We hope every man, woman and child whose mother is still living will remember her in some beautiful way on this, HER day. We know many who are remembering her on that day for we have printed many beautiful, gorgeous personal Mother Day cards for a large number of persons. Flowers also make a most acceptable gift and if she is away a nice letter-just to let her, the dearest person in all the world, know that she is not forgotten. If she is dead, wear a flower for her. And best of all, let us who have mothers living honor them and treat them with loving care and consideration. We never seem to be able to appreciate our mothers half so much until they are gone, never to return again. Let us add to her days by doing all we can to make her life cheerful and her burden light.

## DR. HENRY WALDO COE

We note among the names of those making a campaign for the office of Delegate to the Republican National Convention for the nomination of candidates for President and Vicepresident of the United States, our very good friend and citizen, Dr. Henry Waldo Coe. Dr. Coe is well known to the people of the state for his estimable worth and character and for his varied philanthropies. Several statues of an historical nature grace our public parks, the gift to the city by Dr. Coe. Amongst them is the equestrian figure of the late Theodore Roosevelt of whom Dr. Coe was a lifelong friend and admirer. It is not necessary for us to attempt to tell our readers about Dr. Coe, for his life and his work have acquainted the people with him, and it is our belief that he will be among those who receive the endorsement of the people at the polls May 16th.

The race for United States Senate has narrowed down to Baker and Mc-Nary and supporters of both candidates are working night and day to put over their man. Baker has made a tour of the state and spoke in all the principal towns. His supporters claim he has converted many voters to his cause, while on the other hand, Senator McNary has remained in Washington and hopes to be re-elected on his record of seven years in the Senate. Tuesday, May 16th, will decide the case.

## THE PRIMARY ELECTION

The Advocate is justly proud of the fact that the large majority of colored voters have made themselves eligible to vote at the Primary election, May 16th, by fulfilling all the necessary requirements. Now the urgent duty lies before them: to cast their ballot for those men whom they honestly believe to be best fitted for the offices they seek.

Now, The Advocate has made a few recommendations to its read-We have tried to be fair. We know there are some good men whom we have not recommended, but there may be some not good, whom we have recommended, but we have made the recommendations believing in the men, and believing them to be fair, honest and just, wholly capable of filling the respective offices they seek. Another thing: It is not necessary for the voter to vote for the entire number of candidates allowed for some offices. For instance: the State Legislature. Thirteen Representatives out of the large number announced for that office are to be chosen. Vote ONLY for those men you believe to be O. K., whom you know or who have been recommended to you by those who know them, and in whose judgment you have confidence, whether that number be one, two, five or seven. Then that will give a better chance for your candidates to win. But by all means, VOTE!

#### JOHN B. COFFEY

We believe that John B. Coffey, should be, for Coffey's former record maries, May 16th. in that law making body was one of honest endeavor and ability. Mr. Coffey is a plain, honest man who the people. The Advocate recom- of State Representative and prommends him to its readers as one of lses, if elected, to give the people the few it recommends to vote for faithful and economical service. Mr. May 16th.

## A FRIEND TO THE RACE

Charles F. Murphy, the boss of l'ammany Hall, the greatest political eader the Democratic party of New York ever had, is dead. In his death the colored people of that great state lost one of their most powerful and influential friends. It was Mr. Murphy who gave more colored men jobs of importance and responsibility than any other man; it was he who caused so many colored men to change their politics and vote the Democratic ticket.

#### KIRKWOOD FOR REPRESENT-ATIVE

the 18th Representative District, Mulntomah County, on the Republican ticket, promises the people "ef- recommending to our readers to vote; ficient, courageous and conscientious public service." What more do the people want, what more do they need? If Mr. Kirkwood fulfills his promise, and we believe he will, the people will have been justified in Langoe, candidate for State Represending him back for another term sentative from the 18th Representain the Legislature. Mr. Kirkwood is tive Discrict, Multnomah County, for president of the Union Savings and many years and we admire him for Loan Association and has made a his honesty, integrity, ability and success with his own business and is broadmindedness. W. C. North, prominent business will work for the best interests of man of the city, is seeking the office North is the type of man who has made a success of his own business and can be trusted to give to the people of the state service in a businesslike manner. Mr. North is iden-

Kirkwood, who is seeking the laws are not passed in that body. Believing in Mr. North's worth and ability and in his spirit of fair play, we name him as one of those we are for at the Primary election May 16.
