By Charlotte Perkins Gilman Well known Feminist, Author and Lecturer

GIVE WAY

Shall we not open the human heart, Swing the doors till the hinges start, Stop our worrying, doubt and din, Hunting Heaven and dodging sin? There is no need to search so wide, Open the door and stand aside-Let God in!

Shall we not open the human heart To loving labor in field and mart, Working together for all about, The glad large labor that knows not doubt?

Can He be held in our narrow rim? Do the work that is work for Him-Let God out!

Shall we not open the human heart, Never to close and stand apart? God is a force to give way to God is a thing you have to do God can never be caught by prayer, Hid in your heart and fastened there-Let God through!

### THE SELLWOOD BEE

Our worthy contemporary, the Sellwood Bee, after issuing for nineteen years as a four-column newspaper, has recently grown to six columns; also changes in its form, making it look like a brand new paper. Accept the congratulations of The Advocate, Editor Thompson.

### A HARD CUSTOMER

The colored man who goes into business expecting to have an easy snap getting and holding the patronage of his group, will soon not only meet disappointment, but will learn that of all his customers, colored people are the hardest to deal with. There are many proofs of the unjust demands of our group. When they go into a colored man's place of business they want service and want it quick, and no excuse. First, they think up a brand of goods they feel sure the colored brother has not in store and when informed to that effect he walks out vowing he will never attempt to patronize his own again. On the other hand, if he goes into a white man's place of business, or a business operated by the other races, and asks for a particular brand of goods, and they have it not, and offer a substitute, he readily accepts it with thanks, and goes his way rejoicing. If he goes to a colored rooming house and things are not up to the standard, he bolts out for a Chinese or Japanese rooming house and, regardless of how dirty or how unkempt it may be, he becomes a steady roomer, without complaint. The Greek and the Chinese get most of the colored people's patronage in their restaurants, etc. However, it is high time colored people learn something of the struggles and opposition which the colored man in business must undergo to succeed, and remember that he does not always go into the business for mercinary purposes, but in many cases to give the race representation and a respectable standing in the business world. Colored men and of real men and women and help the struggling business man of his own race so that his business might grow and in time give employment to others of his race.

#### OFFICERS RESCUE PREACHER FROM MOB

Knoxville, Tenn., June 4.-Rev. D. E. Thompson, pastor of the Clinton Chapel, A. M. E. Zion Church, was severely beaten, dragged through the streets and narrowly escaped lynching at the hands of a mob of colored men and boys numbering more than one hundred and fifty, on last Friday night about 9:30 o'clock.

Only the timely arrival of police heard. It is stated that as the mob gifts of the largest possible amount passed a home near the corner of of used clothing to your church,

tepped out and turned on the porch light. Members of the mob are said to have ordered the light out and all o get back into the house.

D. J. Watson, 338 Minnesota Ave.; Newt Hensley, 1613 Dunbar; Bert Hartsell, 1620 Dunbar, and Thomas Knighten, Boyd street, all well known local colored men, were arrested by police officers acting under Captain Keisling, and charged with leading the mob. The men were taken to the city jail along with Rev. Thompson. The four furnished bonds and the preacher was held during the night for safe-keeping and until some friends arrived and took him away. Insisted That He Not Be Exposed

Shortly after leaving the office of the justice-of-the-peace, Rev. Thompson visited the office of the East Tennessee News and in an arrogant air insisted that no publicity be given the shameful affair.

"How would you suggest fixing it?" bondsman the fifty dollars I promised him." were some of the questions the preacher advanced. He was finally asked, "what do you think the father of the girl will do about the affair?" Rev. Thompson answered: 'Well, she's of age, and nobody cares what he thinks."

Women Threaten Miss Branner The young woman in the case, Miss Branner, is employed as a clerk in leged to have been killed in Dixie, a the grocery store near the corner of College and University streets. It is city, infurated whites formed a mob stated that threats were directed at and drove several Negro families out her by a group of women who are and burnt their homes, churches and said to have attempted to form a schools. mob and administer punishment to her. It is stated that she has been carefully guarded as though in fear of bodily harm.

# A Refugee Waif In The Near East

The Greek Government has appealed to the Near East Relief for help in caring for 200,000 children Owing to the strain of its regular orphanage program for 60,000 youngsters upon its resources that were over taxed following the Smyrna disaster, the relief or-ganization has been unable to provide for these children.

Where is the Near East and what is Near East Relief? The Near East is the Bible lands. The Near East Relief is an American organization incorporated by an act of Congress and co-operating with similar organizations in other countries to salvage as many as possible of the survivors of Turkish massacres and deporta-

What has the Near East Relief to its credit in the Near East? It has saved. How do we know our money gets there? First, because the work is being done, and second, because the accounts are audited by public accountants and reports made to a national congress and to the National Information Bureau which advises community chests whether or not to give to a given organization. Because men like John R. Mott, ex-Governor Allen of Kansas, Bishop Cannon and other nationally known men who have visited the Near East compliment the organization on its efficient, economical administration. If we limit our support this year, what will be the result? What does Portland do? After the Community Chest had thoroughly investigated the Near East Relief, they appropriated \$33,000 per year and because this was about half Portland's quota they have approved a further appeal to Sunday schools and churches.

Is there a need this year, and if so, women should think and act the part why? A half million people are homeless in Greece. They are a part of a million and a quarter driven from their homes in Asia Minor last year. A third of a million people are slowly starving to death. Epidemics threaten among 150,000 women, children and old men in the refugee camps. There are at least 95,000 refugee children in Greece

needing help now. "I wonder if you can possibly imagine what it meant to order the child feeding stopped in Constantinople in February, when there were six inches of snow on the ground when the order was issued," writes Barclay Acheson-of Portlnad, now in Greece. Why must the Near East officers prevented the mob carrying Relief be backed to the limit? Beout their plans.
