## COLORED DOCTOR DECORATED BY KING GEORGE NOTED WOMAN DEFENDS NATIONAL PARTY

**ALICE PARK, A MEMBER OF THE NATIONAL WOMAN'S PARTY, SENDS THE ADVOCATE A COPY OF ALICE PAUL'S LETTER TO THE NEW YORK WORLD IN REPLY TO REPORTED DISCRIMINATION MADE AGAINST COLORED SPEAKERS AT THE MILHOLLAND MEMORIAL.**

**Alice Paul Says Woman's Party Is Made Up of Women of All Races, Creeds and Colors and that No Discrimination Was Made by Woman's Party at Grave of Inez Milholland—No Thought of Politics in Arranging Program.**

(Special)  
611 Gilman St., Palo Alto, Calif.,  
Sept. 2, 1924.

My dear Mrs. Cannady:  
The Advocate has just come with its front page story about Alice Paul and the National Woman's Party. I am sending to you at once a copy of the answer to the N. Y. World on the same.

I am a member of the National Woman's Party and have been from its beginning. I am strongly in favor of its major policy.

I know the policy of the old National Woman Suffrage Ass'n from long ago. It had colored members as far back as I remember. In fact I wrote an article for the Boston Gazette more than twenty years ago to contradict a statement that paper made regarding the colored people. The paper had falsely stated that the suffrage organization refused membership to colored people. If more than twenty years ago the old suffragists believed in equal rights and ignored color and race—surely the suffragettes of 1924 can be depended upon to be reasonable.

I am sending the Advocate article at once to Alice Paul.  
With renewed expression of my personal regard for you,  
Yours for us all,

—ALICE PARK.  
Miss Paul Writes N. Y. World  
Letter in part follows:

About Aug. 23-24,  
Washington, D. C.  
Mr. Heywood Brown,  
New York World,  
New York City.  
Dear Mr. Brown:  
I have read your statement about the

Woman's Party. You write: "They did not want a negro to speak at the grave of Inez Milholland, because, as Mrs. Gaeta Wold Boyer explained, 'We want to try and elect some congressmen in Southern states.'" This statement was not made by Mrs. Boyer and could not have been made because we are not trying to elect congressmen in any Southern state.

You attribute the following statement to me: "This was arranged as a demonstration of women and it was no place for colored women to speak." With regard to colored people as speakers, we arranged to have no speakers, and the question of the color of speakers was never discussed by us. The Woman's Party is made up of women of all races, creeds and nationalities who are united on the one program of working to raise the status of women. In our organization there is absolutely no discrimination with regard to race, creed or nationality. If we had planned to have speakers, upon this occasion, the question of their race, their creed or their nationality would not have been considered in selecting them.

We are sorry that this controversy has arisen over our effort to honor one of our fellow-workers. I think that all the women of the Woman's Party who went upon this pilgrimage did so with the single desire of expressing their affection for Inez. They had no thought of political effect or expediency in what they were doing and greatly regret that the effort has been made to use this pilgrimage against the interests of the woman's cause to which Inez gave her life.  
Sincerely,  
ALICE PAUL.

**W. H. Lewis Bolts to the Democrats**  
Former Republican Partisan Leader and Holder of Highest Race Federal Position Thus Protests Refusal of Harding and Coolidge to Restore Former Federal Position to Race—K. K. Also a Reason.  
New York, N. Y., Aug. 30.—William H. Lewis, former Assistant Attorney General of the United States, who has volunteered to head an independent non-partisan movement among colored people of the country for the election of John W. Davis, Democratic nominee, declared that he will oppose the K. K. K. with the C. C. C. (Coming Colored Citizens).  
In commenting on the situation, and why he will support Mr. Davis, Mr. Lewis said:  
"I propose to do this because the Republican party today is the party of LITTLE AMERICA, and Ku Kluxism."  
As a Colored American  
"As a Colored American citizen, I propose to work and vote for John W. Davis, because his record shows him

Catholic, and finally it has set its hand against all foreign born, as if any man had the say as to the race in which he should be born, or in what country.  
**Republicans the Ku-Klux Party**  
The Republican candidate for president has said nothing up to now as to whether he stands for the Klan or against it. Is it still the party of Lincoln, of Grant, and Roosevelt?  
"I see no way of putting down the Ku Klux Klan, except through the instrumentality of the Democratic party. All that has been accomplished in Texas, Louisiana, Oklahoma and Arkansas, has been the work of the Democratic party. I propose to join with the great majority of Americans, including the Irish, Catholics, the Jew, and the foreign born, not only in the interest of self-preservation, but in the interest of my country."  
**Holy Name Society**  
The Holy Name society will hold its national convention in Washington, D. C., Sept. 18-21. It is said that the parade which will be held on Sunday, Sept. 21, promises to have 100 bands in line to furnish music, with 1,000,000 people in the line of march. The headquarters of the society is in Washington, D. C., at 1314 Massachusetts Ave. N. W.

**DR. SAMUEL B. JONES RECEIVES MEDICAL EDUCATION IN THE UNITED STATES—HAS BEEN AWARDED ORDER OF MEMBER OF THE BRITISH EMPIRE FOR MERITORIOUS SERVICE RENDERED DURING A SMALLPOX EPIDEMIC WHICH SWEEPED THE LEEWARD ISLANDS.**

**Dr. Jones Used Wholesale Vaccination Instead of Isolation Method—Proved Very Successful—Received Early Education in Government Schools of the West Indies—Served as Head of Department of English at College in Greensboro, N. C.**

London, Sept. 10.—(Special)—Dr. Samuel Benjamin Jones, who received his medical education in the United States, has been awarded by King George the Order of Member of the British Empire in recognition of meritorious services rendered in combating a smallpox epidemic in the British West Indies in 1923. Dr. Jones, who is medical officer, magistrate and coroner at Anguilla, Leeward Islands, West Indies, attended investiture in Buckingham Palace, appearing before King George to receive one of the British ruler's birthday honors.

When an epidemic of smallpox swept the Leeward Islands Dr. Jones used wholesale vaccination to check the disease—a plan introduced in North Carolina several years ago by Dr. W. S. Rankin, of the state board of health, which was a departure from isolating patients and those exposed to smallpox. Dr. Jones' method was so successful as to attract the attention of medical authorities in England. Several months ago he came to London to take a post-graduate course and while here received notice he would be honored by the King.  
Dr. Jones received his early education in the government schools of the West Indies. He went to the United States shortly after being graduated from college. He stayed in New York several weeks, deciding to live in the South. For two years he taught at Shaw University, Raleigh, N. C., then studied medicine at Loyola University, Chicago.  
In 1915 he became head of the Department of English at the Agricultural and Technical College, Greensboro, N. C., and also served as college physician. In 1916 Dr. Jones married the daughter of Dr. James B. Dudley, the institution's president. In 1917 he returned to the British West Indies with his wife, and became connected with the British medical service there.

**Coolidge Asked to Sanction Separate Black Home in Africa**  
Washington, Sept. 3.—President Coolidge was asked today by a committee representing the Universal Negro Improvement Association to sanction the movement for the founding of an independent negro nation in Africa as a means of lessening "the terrible friction between the races in this country that may eventually threaten American civilization."  
Petitions which the committee said were signed by 4,000,000 Negroes of the United States, asking the President to direct the state department to facilitate the migration of Negroes to Africa were presented. The petition also protested against the treatment said to have been accorded its representatives by United States Minister Hood to Liberia.

**Great A. M. E. Church Organizes Boys; Known as Allen Life Guards**  
Nashville, Tenn.—Rev. S. S. Morris, general secretary of the African Christian Endeavor league of the African Methodist Episcopal church, is busily organizing the Allen Life Guards among boys. The fact that colored boys cannot get a charter for Boy Scouts in the South has added greatly to the enthusiasm with which the Allen Life Guards have been organized. Mr. W. A. Quillian of Atlanta, Ga., has been detailed especially to organize this work. Under Dr. Morris' direction a special manual has been prepared which was adopted by the general conference at Louisville. Special uniforms and other regalia similar to that of the Boy Scouts will be used and troops are being organized all over the country. In Georgia, North Carolina, Tennessee, Alabama, Florida, Mississippi and Texas many troops have been organized and upwards of 100,000 boys have been enrolled. Among the leaders in this movement are some of the most intelligent young men of their localities who are inspiring to the youth. This movement bids well to spread all over the country under the aggressive leadership of Dr. Morris, and with the backing of the African Methodist Episcopal church it will do a great work.

**\$300 in Prizes for Race Cut N.A.A.C.P. Stops "Birth of Nation" in Montclair, New Jersey**  
New York City, Aug. 20.—Showing of the "Birth of a Nation" film has been barred in Montclair, New Jersey, through action of the local branch of the National Association for the Advancement of Colored People, assisted by colored citizens and by Mr. Kirk Brown, a white man, who backed up the protest of the N. A. A. C. P.  
Mr. Brown spoke against the film before the board of commissioners of the town and the N. A. A. C. P. presented a petition signed by 550 colored residents, as a result of which the five commissioners unanimously passed a resolution directing that the film be not shown.  
The resolution adopted by the Montclair commissioners is as follows:  
"Resolved, That in the opinion of the commission the proposed showing

of the picture known as "The Birth of a Nation" is detrimental to public peace, therefore Commissioner Robinson, the director of public safety, is instructed to notify the management of the Clairidge theatre that the pictures must not be shown and to take such steps as may be necessary to carry out his order."  
The leaders in the N. A. A. C. P. fight against the film were Dr. E. S. Ballou, president, and Mrs. Mary Rice H. Allen, secretary of the Montclair branch.

### Garvey Explains His "Persecution"

New York, Sept. 3.—After being indicted and released under \$2500 bond on charges of filing a fraudulent income tax in 1921, Marcus Garvey, president general of the Universal Improvement Association, remonstrated to delegates of the organization, now assembled here, that the indictment was the result of a form of persecution being indulged in by his political enemies.
