STRAIT-TEX
TRADE-MARK
HAS ENJOYED SUCH UNEXPECTED SUCCESS IN THE PAST YEAR THAT WE HAVE DECIDED TO ADD A FEW MORE BEAUTIFYING PREPARATIONS TO OUR LIMITED BUT EFFECTIVE LINE

- The following is our complete list
- Strait-Tex Hair Refining Tonic**
\$1.00 per bottle
Refines kinky, frizzy, coarse hair to perlelle; medium hair to good.
 - Strait-Tex Hair Grower**
25c per jar
Not only promotes growth of the hair, but makes it soft, pliable and lustrous. An excellent preservative.
 - Gloss-Tex Brilliantine**
50c per bottle
Makes the hair soft and glossy and keeps it in good condition without leaving it oily or gummy.
 - Strait-Tex Herbs**
\$1.00 per jar
Is a vegetable preparation that actually straightens and restores the original color to gray or faded hair. Color permanent—positively will not rub off, no matter how often the hair is shampooed. Three shades: Black, Brown and Chestnut-Brown.
 - Kokomo Shampoo**
40c per bottle
Is made from pure coconut oil; cleans the scalp and roots of the hair in a natural, healthy manner.
 - Bronze Beauty Vanishing Cream**
50c per jar
Is a soothing, greaseless vanishing face cream that will not grow hair.
 - Bronze Beauty Lemon Cream**
50c per jar
Is nourishing, softening and stimulating to the skin; is filled with a triple strength of oil of lemon—making it a mild, bleaching cream.
 - Bronze Beauty Face Powders**
50c per jar
Are suited to all complexions. Can be successfully used on dry or oily skins. The shades: *High Brown* and *Bronze Glow* are favorites.
 - Mollyglosco**
\$1.00 per jar
Is a special hair straightener for men; positively guaranteed to straighten the most stubborn hair in from 15 to 20 minutes without the use of hot irons. Will not injure the scalp or turn the hair red.

Daily Fashion Hint
DEEP POINTS OF FASHION
The mode points the way to everything that is smart in the way of fabric, line and trimming in this frock. The clever placing of the sash bow at the left side accentuates the color contrast, which is one of the points of smartness to be featured. Crêpe satin, printed velvet or any of the novelty silks may be used to develop the dress. Medium size requires 5 yards 40-inch material and 2 1/2 yards of wide ribbon.
Pictorial Review Dress No. 2326. Sizes, 34 to 46 inches bust. Price, 35 cents.

WORLD HAPPENINGS OF CURRENT WEEK

Brief Resume Most Important Daily News Items.

COMPILED FOR YOU

Events of Noted People, Governments and Pacific Northwest, and Other Things Worth Knowing.

Marshall H. Coolidge, 64, a kinsman of President Coolidge and a manufacturer and lumberman identified with the business affairs of Minneapolis for 30 years, died Sunday, following a long illness.

Intermingled hissing and hand-clapping from members of the Minneapolis Rotary club greeted a plea by Bishop Edgar Blake of Paris for American recognition of soviet Russia in an address before that body Saturday.

The Hon. Francis John Lascelles, half brother of the Earl of Harewood, was found dead at his home at Romsey, England, Saturday, with a gun beside his body. The Earl of Harewood is the father-in-law of Princess Mary.

While crowds choked a downtown business street in San Francisco, a man held up Henry Holladay, paymaster of the Williams & Berg Tailoring company, in the elevator of the building and escaped with the week's payroll, consisting of \$2600 in silver and currency.

Radio messages received at Edmonton, Alta., Sunday, reported Mayo, the second largest town in the Yukon territory and the most important point on the Stewart river, practically destroyed by fire. The blaze started Saturday night and continued unabated all day Sunday.

Advices received at Calgary, Alta., Saturday, by the Canadian Pacific railway showed a heavy fall of snow at Coronation, northeastern Alberta, and at Kerobert, in northwestern Saskatchewan. A light snow was reported from Kardisty and other northern Saskatchewan points.

The baby death toll of Mrs. Helen Auguste Geisen-Volk's East Eighty-sixth street "baby farm" has reached 23, it was announced by the New York authorities Saturday. The woman, an ex-German Red Cross nurse, and widow of a Prussian army officer, was held for investigation by the grand jury.

The committee which has been in charge of the world flight of the Argentine aviator, Major Pedro Zanni, announces that the resumption of his flight from Japan across the Pacific may be delayed owing to failure to obtain permission from the soviet government for him to land at Petropavlovsk, Kamchatka.

A squad of Mexican soldiers from the 64th regiment stationed at Nogales, Sonora, Mexico, and a detachment of Nogales, Sonora, police left Saturday morning to join cowboys and ranchers in a search for George Jarri, American rancher, who has been missing from his home near Quijano, Sonora, since last Thursday.

The coast guard is ready to settle down to a summer's work in its campaign to break up the rum fleet off New York. Its efforts may bear fruit sooner, but it was said Sunday that Rear-Admiral Billard, coast guard commandant, would be satisfied if appreciable disintegration of the fleet should begin within a month.

Ninety per cent of the liquor traffic that formerly came into New York city through "rum row"—the ocean refilling stations off New York bay—has been stopped by the blockade instituted by the federal government. But the remaining 10 per cent is finding a way to fool the coast guard and the fast boats at its command.

A Claron Nelson, ex-superintendent of the western division of the air mail services, piloting a commercial plane, and two passengers, Grant Christensen and Russell De Loge, both 15 years old, were killed at Woodward flying field at Salt Lake City Sunday, when the plane went into a tail-spin and fell from an altitude of 100 feet.

Captain T. J. J. See, professor of mathematics in the United States navy and government astronomer at Mare Island, California, announced before the California Academy of Sciences here Sunday the final results of a series of discoveries which, in his opinion, reaffirms the geometry of Euclid and routs the Einstein theory of relativity. Captain See told the academy.

Important archaeological discoveries have just been made at the Haroun in Argos, Greece, according to word received by Professor Edward Capps of Princeton university. Professor Capps is chairman of the managing committee of the American school of classical studies at Athens, under whose auspices the excavations are being made. Twelve chamber tombs of various periods have been found containing a vast amount of material, as none had ever been plundered.

STATE NEWS IN BRIEF.

Salem.—The Killisnor Packing company, with headquarters in Portland, has filed notice of dissolution in the state corporation department.

Harrisburg.—Bridges work here is progressing rapidly with full crews busy on both banks. False work is almost completed across the river.

Pendleton.—The mercury hovered near the danger mark Friday night, but did not get down to freezing, according to government reports. The minimum in Pendleton was 34.

Hood River.—Although the recent apple bloom was declared the lightest that had ever prevailed here, growers in all parts of the valley are raising their estimates on the 1925 apple tonnage.

Salem.—Southern Pacific agents from all parts of western Oregon held a conference here Saturday preparatory to the opening of the 1925 tourist season. J. A. Ormandy, general passenger agent, and F. E. Taylor were the principal speakers.

Salem.—Julius Schmitt and Frank Optiz, arrested recently near St. Paul while making a delivery of liquor, were fined \$500 each in the justice court Saturday. The sentence also carried a jail term of one year.

La Grande.—The infant daughter of Mr. and Mrs. George Childers of Minam, a mill town 35 miles northeast of here, was drowned in the Minam river about noon Saturday. Her body was found a mile below Minam later in the day.

McMinnville.—For the first time in several years one-third of May has passed without any marriage licenses having been issued in Yamhill county. There were 13 issued by the county clerk during April, however, as compared with only nine during April a year ago.

Salem.—Linn Chapman of The Dalles, who has been engaged in the orchard business since 1890, reported this week that the 1925 prune crop was hard hit and that the yield would be the lightest for 30 years. This applied specially to Italian prunes, Mr. Chapman said.

Corvallis.—A pig feeding contest for club members of Oregon, Washington and Idaho will be conducted by the Portland Union Stockyards company at the livestock exposition this fall. Premiums for the event will amount to \$1075, provided by George A. Pierson, president of the stockyards company.

Hepburn.—Much interest was manifested in the local history contest held here. The high school and grades competed for honors in divisions. They were allowed to include events happening up to the time of the flood in 1903. Many pioneer settlers aided the students by giving lectures at the school.

Salem.—Two wooden gavelts made from a Washington elm for ornamentation of the desks of the presiding officers of the senate and house of representatives of the Oregon legislature were received Saturday by Sam A. Koser, secretary of state. The gavels were a gift from the board of park commissioners of the city of Cambridge, Mass.

Eugene.—A heavy rain that began here early Sunday gladdened the hearts of Lane county farmers. The rain continued for several hours and again began to fall late in the afternoon. The ground had become very dry and crops needed the moisture. The precipitation amounted to .40 of an inch. All spring-sown grain now promises to yield well.

Grants Pass.—The newest section of the Redwood highway to be opened to travel was dedicated Sunday with a celebration at the mouth of Patrick's creek on Smith river, 70 miles from Grants Pass. A crowd of 600 from Grants Pass and Del Norte county were present for the exercises which marked the opening to travel of 14 miles of the highway paralleling Smith river.

Albany.—Delays in obtaining rights of way for eliminating curves and low places in the Santiam highway between Albany and Lebanon are suggested, E. E. Humphlette's statement of preliminary surveys shows. Mr. Humphlette has completed the survey of the road but said that because of the low grade in many places land would have to be bought to build the road up to grade.

Salem.—There were 642 accidents in Oregon due to industrial activities during the week ending Thursday, according to a report prepared by the state industrial accident commission. Of the 642 accidents reported 520 were subject to the provisions of the workmen's compensation act, 120 were firms and corporations that have rejected the law, and two were from public utilities not subject to state protection.

Portland.—Softness of the lumber market continued during the last week. The weekly report of the West Coast Lumbermen's association, covering returns from 123 mills, also reflected conditions none too satisfactory, with a marked reduction in sales bookings. In the week ending May 2, the mills sold only 100,293,477 feet, the lowest total reported in many weeks. In the previous week sales aggregated 119,915,587 feet, and for some time they had not fallen below 110,000,000 feet.

PRESSES TO SPEED ON U. S. CURRENCY

More Paper Money Than Ever Before to Be Printed.

RESERVE IS WANTED

Life of Certificates Expected to Be Increased by Seasoning Before Issued to Public.

Washington, D. C. — The treasury has made plans for printing more paper money in the next fiscal year than ever has been turned out by the American government in any other 12 months in history.

Orders have been prepared for the purchase of 200,000,000 sheets of distinctive silk fiber paper, from each sheet of which eight pieces of currency are made, and, beginning July 1, the government bureau of engraving and printing will be run at maximum capacity to meet the nation's paper money requirements.

Never in any one year before have the orders for money paper exceeded 150,000,000 sheets. Coincident with announcement of the printing program Assistant Secretary Dewey made known that the treasury would take its first step July 1 toward building up a reserve of currency. By this method, it is hoped, the life of the paper money may be prolonged. An opportunity will be had for "curing" the money before it goes into active service, and this process is expected to keep it from fraying, cracking and otherwise going to pieces so easily.

The life of the \$1 bill is now only about eight months, whereas treasury experts figure it should be about a year. In pre-war days the average dollar bill would wear about 14 or 15 months. Mr. Dewey is convinced that higher prices, use of automobiles, the necessity of commerce and industry and modern ideas and habits compel the carrying of more money. Thus, the silver dollar has fallen into disuse and the dollar bill and bills of larger denomination have come into greater use with the result that they wear out more quickly.

The treasury has not been able since the world war to print money fast enough to permit establishment of a reserve. Mr. Dewey says the bills now ware printed and placed in circulation within ten days, while tests have proved that they should not pass through the printing stages in less than a month and should be "cured" or "seasoned" two or three weeks longer. With the gigantic program outlined for the next fiscal year, it is his belief that current demands can be met and a return to the proper process of handling the bills accomplished.

Tax Appeal Hearings Set.

Portland, Or.—The United States board of tax appeals, created by the revenue act of 1924, will hold hearings in Portland from May 21 to June 4, according to word forwarded to the Portland Chamber of Commerce, which has been instrumental in arranging for the hearings here.

Appeals from the government levies on incomes, excess profits, gifts and estates will be heard at that time. It is understood that a number of prominent taxpayers of this district are planning to make appeals to the board. Arrangements have been made to hold some of the hearings in the old postoffice building, while others will be in the Oregon building.

For the information of those interested, the firm of Leon Bullier and Henry E. Reed has prepared a summary of the opinions of the board affecting interests in real estate from the date of organization of that body to April 15.

Botanical Feat Won.

Washington, D. C. — A well-blown flower of the vine aristolochia, better known as the goose or pelican flower, has been produced at last in the conservatories of the botanic garden. The vine is native to the West Indies and the feat of making it bloom here represents ten years of effort by George W. Hess, director of the garden. The head and back of a duck appear outlined in white, in this peculiar flower, which is purple within.

Evolution Up to Court.

Dayton, Tenn.—J. T. Scopes, charged with violating the newly enacted Tennessee law against teaching evolution in schools of the state, later Saturday was held for action by the Rhea county grand jury by three justices of the peace who conducted a preliminary hearing. The defense was built upon a theory that the law enacted by the recent legislature was unconstitutional.

75,500,000 Marks Paid.
Berlin.—Germany's payment to the reparations account made through the agent-general for reparations during April amounted to 75,500,000 marks. Of this amount Great Britain received 25,500,000 marks, of which 16,500,000 marks were credited to payments under the recovery act. France's share of the April payments was 33,000,000 marks.
