PERSECUTION OF RACE TOLD AT SWEET TRIAL

GARVEY SPEAKS FLAYS N. A. C. P. LEADERS

GARVEY MOVEMENT SPEAKER SPENDS TIME IN TRYING TO BELITTLE N. A. C. P.

Northwest Director of The N. A. C. P. Takes Him To Task Sweet Fair To Give Logical Answers

Rev. G. Emory Carter, a graduate lawyer of the University of Southern Illinois, Secretary, so his card informs us, of the Black Cross Navigation and Trading Co., Inc., 36 West 135th St., New York City, personal representative of Marcus Garvey who is serving time in Atlanta Federal prison for using the mails to defraud; erstwhile Evangelist and as many other official capacities as the proverbial cat has lives, spoke here at Mt. Olivet Baptist Church Tuesday night to a fair sized audience on the Garvey Movement.

Those who went to learn what the U. N. I. A., which means, Universal Negro Improvement Association, had done, is doing and is about to do, were sadly disappointed, for instead of the speaker throwing light on his own organization, he undertook to analyze the National Association for the Advancement of Colored People. After attacking the personal worth of the leaders of the Association who live in New York City, he stated that they were teaching amalgamation as the solution of the race problem, and that they are urging emancipation of black males in order to hasten the desired end.

Of course, all thinking people, especially those who know the N. A. C. P. leaders and their work, know such accusation to be unfounded and utterly without truth. He also stated that every leader in the N. A. C. P. is using his office to "feather his nest"; that all of them had purchased cars and homes while Marcus Garvey was a poor man. We happen to know personally some of the national leaders of the N. A. C. P. and while we do not know how much real estate they have acquired, if any from their salaries paid by the N. A. C. P., we know that some of them do not know how to operate an aut. These may have hired drivers, but Mr. Carter failed to give us this information.

Speaking of the Sweet case, he declared that "every Negro who moves into a white neighborhood is trying to get away from his race."

Much to the discomfort of some of the audience about some of the tangible and successful business operations of the U. N. I. A. He was also taken to task about his untrue statement concerning the leaders of the N. A. C. P. Space will not permit our full discussion of them this week but next week's issue will contain a full report of same.

WHY ENFORCE SECRECY?

Washington, D. C. Nov. 26—The memory of King Tut's tomb, who died 3,273 years ago, has been privately X-rayed, and we are informed by press dispatches that there is to be no publication by any newspaper in the world of any facts or photographs relating to the discoveries made by the excavators.

Many archaeologists are permitted to dig up every mummy in the Valley of the Kings, if, for one reason or another, they are allowed to withhold chronological information to those who lived in ancient Egypt from an interested public.

That beautiful piano on which Princess Blaychettai performed Monday, Nov. 16th, was a Stienway Grand and was loaned by Sherman & Clay Co.

Thanksgiving Day was spent rather quietly in Portland. A light rainfall all day kept many at home who otherwise would have gone out. Turkey dinners and dances were the prevailing modes of entertainments.

Mrs. J. W. Ingersoll will lead the devotions and Mrs. V. Grayson will have charge of the music.

The High School Reserves did not meet Thursday, but will meet next Thursday, Dec. 3rd for a lesson in candlemaking.

The Grade School Reserves will bring materials with which to make Christmas gifts at their regular meeting Saturday.

The Bible class did not meet Thursday but will meet Dec. 3rd.

Miss Nellie Allen, a member of the Crystal Club, was the guest speaker on by the Old Rose Club in the contest to help raise funds for the new building. Miss Franklin brought in over an hundred dollars.

DOINGS OF THE ELKS

Six new members joined the ranks of Elksdom Wednesday night, four of them rode the "Goat" while the other two were re-instated. The session lasted until 3 o'clock in the morning.

Rev. John P. Moreland, pastor of Zion A. M. E. church, has been named to deliver the Elks' Memorial sermon at his church on Sunday, Dec. 13.

William Robinson, Grand Organizer of The Elks of California, has recently set up a new Elks' Lodge at Santa Monica, Cal., also one in Imperial Valley. The Grand Organizer, who is an earnest and faithful worker says he is going to establish a branch of the order in every town in California.

TOTTEN, UNION OFFICIAL BARRER FROM PULLMAN PORTERS CONVENTION

A. L. Totten, recently discharged from the Pullman Service because he insisted upon making the Employee Representation Plan function in the interest of the porters, was barred from the convention of the Pullman Porters Benefit Association which began its session in the Pullman building and now in the Y. M. C. A. as advertised. No reason was assigned for denying Totten, duly elected delegate from New York district, holding credentials, signed by Mr. O. E. Robinson, Grand Secretary, his seat.

He was denied a hearing before the Credentials Committee. Many porters who formerly doubted claims that the P. P. B. A. is controlled by the Pullman Company, now, in view of the high-handed deal given Totten, believe it firmly.

It has aroused a nation-wide feeling of indignation among the porters. Totten said that he had received two letters notifying him of his election, that he had had no hint as to the action taken.

The consensus of opinion among the porters is that the P. P. B. A. feared the presence of a Brotherhood man in the convention. It has been a big boost to the Organization Campaign now being carried on by A. Phillip Randolph, General Organizer and A. L. Totten, throughout the West.

CONGO NATIVES AID MISSIONARIES

Washington, D. C. Nov. 26—According to a report just made to the Board of Foreign Missions of the Methodist Episcopal Church, by Rev. R. B. Brinton, missionary in Sandva, Belgian Congo, the natives of the Congo who are pictured as fetish worshippers and dealers in witchcraft, contributed to the upbuilding of the Christian church in their territory this year 12 cents for every dollar given for work in the Congo. In speaking of the zeal of the natives Dr. Brinton said: "At Kapanza, a native teacher named Chimba, hurriedly started with leprosy, has worked three years in translation of religious books into the native tongue. He has translated several hundred hymns which are sung to the same music as in American churches."

Fifteen copies of the Crisis magazine have been distributed among the members of the Longview Branch of the N. A. C. P., thru the courtesy of Messrs. Mm. Gildon and W. A. Newman.

\$25,000 MEMORIAL ARCH DRIVE STARTS NOVEMBER 18—1925.

The Big Drive for the Memorial Arch to be erected at eighty-second and Johnson Creek on the way to Mt. Scott Cemetery, where many boys are buried, started November 18th, at which time everything was turned into motion to raise the full amount so as to build an Arch that will be a lasting monument to Oregon's heroes.

The Arch was designed by F. M. Stokes, Architect, of this city, and turned over to the American War Mothers Arch Committee.

In launching their big drive, the Auditorium has been taken for four days December 8—9—10—11, on which dates an afternoon and evening performance will be held in which a stupendous Prologue will be produced, followed by three of Portland's prominent speakers to represent three minute men. Then will be unfolded one of the mightiest epochs of Mother love ever thrown upon the screen, in which Johnny Carr will act as the Mother and Jennie Walker as the son. All are asked to purchase tickets and help make this a successful event.

Mr. and Mrs. E. W. Morton, 1094 Maryland Ave., are the proud grandparents of a fine baby girl born to Mr. and Mrs. Perry, of Yakima, Wn., on November 25th.

QUARTETTE SINGS ABROAD

The Four Harmony Kings, of which Ivan Harold Browning is first tenor and manager, sailed on the 27th of this month for England. The quartette which is widely known for its excellent harmony will fill a six months engagement with an option for a longer period if desired.

NEGRO POPULATION OF RUSSIA IS LARGE

MOSCOW, Nov. 1—That Armenia and other states of Caucasian Russia have a considerable Negro population is revealed in a statistical report prepared by the Near East Relief. One of the villages of Armenian Negroes is located at suchum, a famous old health resort on the Black Sea.

Armenian Negroes have given small sums for the relief of these people during the post-war and famine periods, but the Near East Relief states that all the Negro colonies in its territory are now prosperous, and are contributing largely to the economic restoration of the country.

A CARD OF THANKS

We wish to thank the many friends in Portland for their loyal support and many courtesies towards us during our short stay in the city of Portland. The entertainment at the home of Mr. and Mrs. E. D. Cannady Sunday afternoon was one of the finest we have had on the Pacific coast. We also pray for a long life for Mr. and Mrs. Flowers and their children. We shall tell everywhere we go, when you want to be entertained, go to Portland. In Seattle, we were entertained at the homes of sixteen whites and three colored, but in Portland we were entertained by nine different nationalities.

BAD MAN ON ROCKPILE

Guy Brown, who conducts a boot black stand on North Sixth Street, assumed the role of "Bad Man" Thursday night at N. 14th when he flashed his pistol and threatened to whip any man who said he couldn't. Aftre a policeman had landed on him several times, he was taken to jail and later sentenced to three months on the rockpile.

Mr. and Mrs. L. E. Johnson, 101 E. 78th St., suffered a severe shake-up on Sunday afternoon, Nov. 15th when a Street car bumped into the rear-end of their Ford coupe, sending it on a rampant up the steps leading to the entrance of a home along the street. The accident occurred when the motorist in charge of the car failed to give Mrs. Johnson time to get her car off the track. It is considered miraculous that the car did not turn over. Neither of the occupants of the car received serious injuries, altho it is said it has not yet been determined just how serious the nerve shock was to them.

U. N. I. A. SAID TO HAVE WIPE D OUT DEBTS MADE BY THEIR FORMER LEADER, GARVEY

Forty Eight Of Its Members Payed Thousands Of Dollars Through Judgments Obtained

(By Preston News Service)
New York, N. Y. Nov. 27—According to an announcement of the law firm of Jacobson and Jacobs, counsel for the Universal Negro Improvement Association, Incorporated, all of the liabilities of the association have been wiped out by paying forty-eight of its members about \$60,000 for which judgments had been obtained. This was learned last Thursday. These liabilities, it is said, had been incurred by Marcus Garvey, the founder and leader, who is now serving a term in the Atlanta penitentiary for mail fraud.

Much of Garvey's popularity, it was said, was due to his willingness and generosity in giving jobs to all who he thought could be of service to him in spreading propaganda for the upbuilding of his movement, and charging their salaries to the association. It is said that these salaries ranged all the way from \$1,500 to \$10,000. When the association failed to redeem the promises of payment made by Mr. Garvey, suits were brought and judgments were obtained.

According to the lawyers the U. N. I. A. is educational and is again flourishing. They pointed out that the association owns a site in West 138th St., on which is a modest building known as Liberty Hall. Mr. Jacobson said that there would be no difficulty in obtaining enough money for the enterprise.

Garvey To Be Deported
It is understood that Garvey is definitely out of the old business of "uplifting" members of his race in this country because the U. S. Government intends to deport him as soon as his prison term is ended.

A man is up against it when he is too proud to be big and too honest to be a politician.

FREE ANOTHER OF 24th INFANTRY

Leavenworth, Kans. Nov. 16—Major Elgar King, Acting parole Officer of Fort Leavenworth Disciplinary Barracks, announced the release of James Gaffney, former member of 24th Infantry, on parole. Gaffney will leave immediately for his home in Charlotte, N. C. This reduces the number of Houston martyrs to twenty-two. Sixty-five were previously sentenced to long terms and life sentences for participation in the Houston riots.

There isn't much use turning over a new leaf unless you put a weight on it.

WOMEN LAUNCH CAMPAIGN TO STOP LYNCHING

White Women of Mississippi Start Determined Fight Against Mob Violence.

Jackson, Miss., Nov. 18—Representative Mississippi women, leaders in many important religious and civic groups have launched a determined campaign against lynching and mob violence in this State. The opening gun was the following statement, which was framed and adopted at a State-wide meeting of prominent women held here on call of the Mississippi Interracial Committee:

"We believe in only the single standard of morals for all races, and unquestionably in the protection of the womanhood of the races. We also believe in the law and that it should under all circumstances be respected and upheld by all citizens. Therefore we deplore mob violence for any crime and desire to register our protest against lynching or any other form of mob violence."

This statement has since been presented before other important gatherings of women and has in every case been adopted without a dissenting vote. It is understood that efforts to crystallize public sentiment against lynching will be pushed throughout the State by the interracial organization. Promoters of the movement say that the mobilization of the women of eleven other Southern States along similar lines has been followed in every case by marked decrease in the number of lynchings.

UNITED STATES SUED FOR LYNCHING BY MEX.

PUEBLO, Col., Nov. 19—(By A. N. P.)—The Mexican government has filed a claim for \$50,000 against the United States as a result of the lynching here of Jose Gonzales and Santos Ortiz, September 13, 1919.

Crude and uncultivated America may be, but we rank high as collectors.

AFRICAN EMIGRANT DEPARTS EXCEED INCOMING ALIENS

Washington, D. C. Nov. 26—From July to September, 1925, 289 native Africans, heretofore considered as U. S. have returned to their native land, as compared with 260 African immigrants who were admitted during the same period. Practically the same ratio exists as to West Indian aliens, 132 of whom returned to their native land during the July-to-September period, as against only 118 who were duly admitted under the U. S. immigration laws. Africa's annual quota of 1200 is now running considerably under the quarterly proportion of 300.

WAGES COMPARED

Washington, D. C. Nov. 26—A large American corporation, with factories also in Europe, recently reported the average daily wages paid. Reduced to dollars at rates of exchange, the same type of labor engaged in production of identical commodities, received: Italy, \$0.96; Belgium, \$1.14; France, \$1.24; Germany, \$1.55; England, \$2.28; U. S., \$5.60. This should be very interesting reading to the nearly one million colored wage-earners who are engaged in the manufacturing and mechanical industries, in which nearly 20 per cent of our workers are permanently employed.

ARROW TIPS (By Kits Reid)

Well I'm thankful that we had turkey on Thanksgiving Day because many of us will eat crow next Thanksgiving Day, if the indication of the subject matter in the newspapers of this week is any indication.

First of all, we learn that the city must borrow money to pay its bills until taxes begin to come in. Kits Reid recommends to the Honorable City Commissioners that leaking at the spigot be stopped. One of the leaks is the "educational" trip to convention which has been the favorite sport of our city fathers and their private secretaries and department heads. Just add up some of those railroad fares, hotel bills and expenses and see what a nice little leak can be stopped there.

Then I'm wondering too, why it is necessary to replace those expensive seven passenger cars so often, and what becomes of the old cars? Every other year, we find a new car being voted to this or that commissioner while the rest of us are compelled to pay 16 cents in order to get to our work in the morning. Mr. Commissioner, how about it?

And, while you are explaining, Mr. Mann, tell us why our water rates are being boosted? There are lots of things about the water department that need explaining. Just why do you recommend a new water tower in our district, Northwest section of town, we cannot get enough water above the first floor in the summer time? You promised all sorts of efficiency when you asked us to vote to you the privilege of issuing bonds for your department. The only efficiency demonstrated so far is the money spending direction. The public-be-damned attitude of course is usually a safe one to adopt. There is always a kick back action to it that is painful. Surliness and insolence have no place in the conduct of a public office altho they do, at times indicate a private trust.

Did you ever see anything more asinine in a public utterance than that delivered by a member of the school board when he said that "any group (of teachers) asking for more pay must indicate where it is to come from, that is, whose salary is to be cut. I would like to ask Mr. Woodward just how he would deal with such a person or group of persons who would have the nerve and the pettiness to do what he asks?"

At last the colleges and universities have succeeded! The pay of our teachers will be regulated by the College degree. Well, it may be all right but my constant prayer in adily contact with humans is "Lord, dear Lord, protect me this day from the college graduates, who are exceptions of course, but the average type has nothing to recommend it but the atmosphere created by the letters conferred by the degree. I would recommend in this connection, a very close follow-up system as far as supervisors are concerned, if the board members want to be fair in granting increases. Some of them do not earn their salt now while others do their work up in such a hurry that they have time left to sell to the University. Is it quite fair?"

Well, well, well! We are no longer to be a democracy according to the latest report of the plans of the President and party managers. We are to be governed entirely by the political party that is responsible for Mr. Coolidge, who says that in order to carry out to success the schemes of the People of his political henchmen, no other faction will be permitted to live in Congress. Dangerous game, Mr. Coolidge, a dangerous game. England is on the verge of revolution because Austen Chamberlain is trying that same trick. The report says that the "wave what usually happens when a wave recedes. It gathers up strength and more water and more everything else and comes back and slaps harder than ever. Don't allow your ostriches to fool you, Mr. President.

Our people must watch that new educational bill very closely. I mean the one which will create a department of education. We must get copies of it and read them to find out if it still retains the discriminatory features against the Negro in the Southern schools that damned the old bills. I shall send to Mr. McNary for copies immediately and then we must ask the National Association for the Advancement of Colored People to be on guard.

Another aid to longevity is the fact that the good die young.

PERSECUTION OF THE NEGRO RACE BARRER AT THE SWEET TRIAL IN DETROIT

Dr. Sweet Takes Stand And Holds Courtroom Spellbound: Walter White Says Public Opinion Swings Toward Defendants

New York, N. Y. Nov. 20—As the trial of Dr. O. H. Sweet and ten other Negroes drew towards its close in Detroit, Dr. Sweet was called to stand and testify and, in a masterful address to the court, held spectators and jury spellbound by his recital of the persecution inflicted upon the Negro race which justifies individuals in defending themselves and their homes from mob attacks. Walter White, Assistant Secretary of the National Association for the Advancement of Colored People, working with Clarence Darrow and the other defense attorneys, rebragard that public opinion had swung from bitter hostility to sympathy for the defendants and that there was good hope of a favorable outcome of the trial. Mr. White's telegram reads as follows:

"At end of third week of trial case is about ready to go to jury. Under continued questioning by Darrow and Hays, witnesses for prosecution repeatedly contradicted themselves and each day the complete falsity of story that Dr. Sweet and 10 co-defendants had fired without provocation became more evident. Defense witnesses without exception stood up under grilling examination by prosecutor. Trial reached its climax when Dr. Sweet took the stand, made a magnificent address telling his story with restraint and simplicity that held courtroom breathless. His story of threats and intimidation and the attack on house in which eleven defendants were penned was most dramatic. Through adroit questioning by Darrow and Hays brought out through Dr. Sweet the story of race riots in Arkansas and Chicago and Washington and of lynchings in the South and of police brutality in Detroit. This line of reasoning demonstrated the wrong background of the Negro which acts as self-defense when attacked by mob. Full and fair reports by local newspapers have swung public opinion which at first was very hostile so completely that the outlook is now very hopeful. Case will probably go to jury Saturday or Monday."

Dr. Sweet's recital made a deep impression not only upon the spectators in the courtroom but upon the newspaper reporters as well. The reporter for the Detroit Free Press wrote:

"Well educated and an acute student of the race problem, Dr. Sweet under the adroit prompting of Attorney Hays, gave a graphic account of the disturbances ranging geographically from Washington to Chicago, and going back to the days when he was attending school. He recited the facts of the Chicago race riots, holding the jury and spectators silent and unmoved by his vivid picturing of morbid details, and the fear that gripped him as the result of what he read.

"Speaking clearly and without hesitating for a word or phrase, he told of seeing a Negro carried through the streets of Washington in an automobile and badly beaten by a group of white men. He told of reading in a magazine how a number of Negroes were evicted from their homes, near where he was born, of how others were widdled with bullets—of how his grand, long suffering, widowed mother of redress as a result of racial intolerance."

NORTHWEST DIRECTOR N. A. C. P. SPEAKS IN LONGVIEW

Mrs. F. D. Canady, Northwest Director of the National Association for the Advancement of Colored People delivered an address before the Longview Branch of the Association Sunday evening, Nov. 22nd at 7 o'clock.

She was greeted by a splendid audience. The speaker confined her remarks to the advancement of the People of her political henchmen, no other faction will be permitted to live in Congress. Dangerous game, Mr. Coolidge, a dangerous game. England is on the verge of revolution because Austen Chamberlain is trying that same trick. The report says that the "wave what usually happens when a wave recedes. It gathers up strength and more water and more everything else and comes back and slaps harder than ever. Don't allow your ostriches to fool you, Mr. President.

Mrs. Maud Bates sang beautifully and was accompanied on the piano by Mrs. Finston. Mr. Taylor, a promising young Longview man presided over the meeting; Mr. Gildon, the president of the Branch gave a few encouraging remarks. Mr. Newman commented upon the speaker's remarks and made a motion which was unanimously accepted, to give Mrs. Canady a rising vote of thanks. By motion on the part of Mr. Robert Johnson, chairman of the Executive committee, a team sport for the speakers expenses of the trip down, was presented to her.

Mrs. Laura Dymond and Mrs. Canady's two sons accompanied her. In Kelso for a brief hour before meeting they were the guests of Mr. and Mrs. Gildon at a delicious lunch.

The party returned home Sunday night.
