Daily Fashion Hint

SURPLUS CLOSING FEATURED

Smartness and severity are synonymous terms in the lexicon of fashion, and both are eloquently interpreted in this model in natural color kasha cloth trimmed with novelty braid whose color scheme combines black, red, and old blue. The blouse closes in surprise fashion, being worn with a skirt that is plaited in front and plain in back. Medium size requires 4 1/2 yards 40-inch material and 2 1/2 yards novelty braid.
Fictorial Review Printed Pattern No. 3018. Sizes, 34 to 44 inches bust, 45 cents.

Girls! Your Health!
A Well Woman Carried with her Joy, Mirth, Animation.

Mrs. H. William

Eugene, Oregon.—"Dr. Pierce's Favorite Prescription did me a world of good and I can highly recommend it as a tonic for young girls or women who are run down and nervous. When I was growing into womanhood I was weak and delicate and suffered from indigestion. I was irregular and backward in developing and suffered a lot from pain and distress. My mother gave me Dr. Pierce's Favorite Prescription and it strengthened my nerves, restored me to good health and I grew into womanhood without any more trouble. I think the 'Favorite Prescription' is the grandest medicine that can be given young girls.—Mrs. H. William, 151 Lawrence St.
Girls, health brings beauty. Do not fail to take Dr. Pierce's Favorite Prescription in liquid or tablets. Send 10c to Dr. Pierce's in Buffalo, N. Y., for trial pkg.

Bunkered
Said a medical man: "I was house surgeon in a well-known asylum, and one day had some difficulty in getting a telephone number. The operator said something which I did not quite like. I asked, 'Do you know to whom you are talking?' 'No,' came the voice over the wire—but I know where you are!"

Not Wanted
The house-visiting parson sometimes gets unexpected rebuffs. A zealous curate, doing his rounds in a large eastern city, had his knock answered by a little girl of six or eight, who slammed the door in his face with the remark: "Mother is—souted with a clergyman, thank you!"—Outlook.

Better Flavored Eggs
As a result of work done by the British Duck Breeders' association, the flavor of duck eggs has been greatly improved, it is said. The process of brooding out the strong flavor took years, but now eggs are being produced that are just as delicately flavored as those of the hen.

Mule Family Has Grown.
The bureau of animal industry says that the first mule bred in this country of which it has a record is one bred by George Washington. The first jack brought to this country was presented to him by the king of Spain.

His Indifference
"Some folks are everlastingly kicking b'ez laziness hain't fatal," remarked Gap Johnson of Rumpus Ridge, "but, as for me, I don't 'specially keer if it—yaw-w-w-n!—hain't."—Kansas City Star.

Our Main Endeavor
In these days we are not so much concerned about loving our neighbors as we are about keeping up with them.—Boston Transcript.

No Harm in Moon's Rays
There is no harm in letting the moon shine on a person who is asleep. This is one of the queer superstitions of the world that cannot be explained and the exact origin of which is not known.

Next to Methuselah
From an English story—"No one ever thought of Lady Susan as old, although her sixtieth decade loomed ahead in the not very distant future."

Stingy.
"Is that man tight? Why, he's so tight that whenever you ask him for the time he takes two minutes off of it."—Brown's Jug.

The Mystery of Time
Little Elsie (whispering while grandma dozed)—Mamma, did God make the world or grandma first?

COATS OF UTILITY TYPE;
MILADY'S SHOES COLORFUL

IT is high time to be buying one's new coat for fall, and just what shall it be? It all depends, for there is a most clean-cut distinction drawn this season between informal and formal coats. As to the practical utility coat, and it is the one which interests most of us who are either at school or at business and if at leisure planning health-giving hikes over countryside and moor, the major trend is to handsome and striking novelty woollens, fur-collared and often fur-cuffed, generously pocketed and sturdily built in fashion smart as smart can be.
When it comes to dressy wraps for social occasion, that is a different

and endless story of whims and fancies, of intricacies of design and elegance of fabric sometimes gleaming with gold and silver interweavings, richly fur-laden and garnished with handwork of world-wide attainment.
Tweeds of durable promise recent deep rich colorings this season and the very last word in practical cloakings of irresistible attraction is the plaid or stripes shaded in gradations. There are such combinations available as red ombres in wide stripes, plaids; also small block designs. Then there are soft brown ombres done in complementary tints and the new greens in ombre styling

are exceptionally handsome. Black and white plaids in deep-pile wool are stunning trimmed with either black or white fur.
It seems as if novelty woollens call for fur as unique and it is a fact fur trims are almost without exception included in every cut styling. A fur collar is almost a certainty on every topcoat for sports or utility, and often there are wide fur cuffs, likewise frequently neck to hem revers, but hemline borders are conspicuous by their absence.
The attractive topcoat in the picture aptly defines the popular trend in coats for schoolgirl, business woman and for general practical wear. The fur collar is toned to the browns in the fabric patterning, as is

Mole to Be Popular
Mole, somewhat neglected as a fur recently, is mentioned most favorably as a fall trimming. It combines advantageously with the fashionable greens and reds of the moment.
Striped Jumpers
Jumpers of fine white wool striped in red and beige are worn with the new sports skirts of beige or white wool crepe. These are played in groups to allow free movement.
Ostrich Boas Two-Toned
Ostrich boas are being conspicuously featured in the smartest shops. A number of the best dressed women in Paris have recently appeared with uncurled ostrich boas in two-toned shadings, the colors matching those of the hat.
Tailored Effect
Rows of scalloping, giving the effect of many tunic, trim some of the new chiffon frocks.

Cost of Raising Children
According to statistics compiled by a life insurance company, it costs \$6,167 to rear a girl, and \$6,077 to rear a boy to the age of eighteen. The cost for feeding each for that period is placed at \$2,500, while a boy's clothing is listed at \$912 and a girl's at \$1,102.

Ancient Copper Mines.
The copper mines of Spain were worked by the Phoenicians as early as 1240 B. C., and are still productive. It was in these ancient mines that our modern methods of mining metals were first developed.

Bricks Made of Fiber
Bricks made from the fibers of palm-tree, sea grass and similar material have been recently put on sale for construction work, and are said to give much satisfaction. They are considerably larger than ordinary brick.

Salary Not All Velvet
The official salary of the bishop of London is \$50,000. The greater part of this, however, goes in diocesan and other expenses.

The Difference
A specialist is one who has his patients trained to become ill only in office hours. A general practitioner is likely to be called off the golf course at any time.—Kansas City Star

Counter Attraction
When a dapper and dainty dame enters a street car you may have observed that the highly illuminated cards in the advertising space go to waste.—New Orleans States.

Unreasonable of Them
Lady (to collector)—Now, this is the seventh time you've been here after that money and we've only had them rugs six months. Anybody would think we was running away.

Hard to Understand!
Well-Meaning Lunatic—As a golfer, sir, you will be able to tell me why those men abused me just now. When they hit their ball over there I politely picked it up and threw it back.
