Mrs. Eliza Winger.

Motherhood

Salem, Ore.—"During my first expectancy my health failed completely. I got run down, weak and so nervous I could not sleep. I could not eat, was nauseated all the time. Also I had severe bearing pains in my side. I was too miserable to do my work, when I saw Dr. Pierce's Favorite Prescription advertised as being good for women during motherhood, and decided to try it. It strengthened my nerves, overcame the nausea, relieved me of the side aches, and I got strong and kept so right up to the last, and my baby was healthy and fine. 'Favorite Prescription' is the best medicine for every prospective mother to take if she wishes to avoid a lot of misery."—Mrs. Eliza Winger, 1390 Waller St.
Obtain Dr. Pierce's Prescription now, in liquid or tablet form, from your druggist or send 10c for trial pkg. of tablets to Dr. Pierce's in Buffalo, N. Y.

"Dyed in the Wool"
Dyeing woolsens is done in three ways—in the wool, in the thread after it is spun, or in the piece after it is woven. To say that a man is "dyed in the wool," therefore, means that he acquired the "color" of his faith or belief in the first or fundamental way.
