THEN AND NOW

(By Oregon Journal)
"Then one of the twelve, called Judas Iscariot, went unto the chief priests,

"And said unto them, what will ye give me, and I will deliver him unto you? And they covenanted with him for thirty pieces of silver."
"He, then, having received the sop, went out; and it was night."
"And from that time he sought opportunity to betray him."

"THEN AND NOW"

(By Little Buccatonna)
Much is thought and taught Of things Celestial,
But the Glory of the Present We are now at home to tell.

God so loved the world He gave His only Son Right, wrong or otherwise For loving this earth that God condemns no one.

Where Jesus goes we cannot come, A message all should know; For upon this rock we build our home.

Composed part of land and part of Sea,
The home of living material,
This Paradise looks good to me

MORE ABOUT THE LYNCHINGS IN SO.

Continued From Page Two
The Advancement of Colored People, argued at a recent Senate hearing that lynching is not simply murder; that it is murder plus something else. The mob apprehends the victim, tries and condemns, and then executes him.

Moreover, he contended, even if we define lynching as ed with the fact that murder at the hands of a mob presents a question which the States have not been able to cope with. And that is why the National Association for the Advancement of Colored People is asking for the passage of the Dyer Anti-lynching bill.

Argument for Federal Bill
Anti Lynching Crusaders place the responsibility for the recent increase in the number of lynchings upon the Dyer Bill.

"It is now evident beyond argument," declared the Board of Directors of the National Association for the Advancement of Colored People, "that the States themselves either can not or will not stamp out lynchings. When the Dyer Anti-lynching Bill was pending in the Congress, lynching sharply declined, apparently because there was fear of Federal intervention. This evil which disgraces America before the murder we are still confronted with will never be ended until an aroused public sentiment definitely serves notice upon Congress that effective steps must be taken to stamp out this crime."

The main attempt to justify lynching has been based upon the contention that only by summary method of mob murder could colored men be deterred from attacking white women. But the figures of the National Association for the Advancement of Colored People show that among the crimes thus punished murder leads the list, and that the alleged or real causes include the most trivial offenses.

They point out that the strongest rebuttal to the statement that "the usual crime" that provokes lynching is that colored women have been lynched. From the figures it is apparent that other incidents than the so-called "usual crime" form a large majority of the causes back of lynching of Negroes.

Daily Fashion Hint

FROCKS SIMPLE AND GRACEFUL

To the left is pictured the type of frock one often sees fashionable women wear at smart, week-end affairs. It is developed in white silk crepe, and features a novel handling of the vestee of all-over lace. Below the three-piece band, arranged at a lowered waistline, the dress is laid in inverted plaits on either side of the front. Medium size requires 4 1/2 yards 36-inch crepe and 1/2 yard all-over lace.

The second model is designed to meet the needs of either the slender or the well-developed figure. It is smart in the polka-dotted or the small-patterned fabrics, with a touch of embroidery on the patch pockets. A convertible collar of plain material finishes the neck, and the sleeves may be worn short as pictured, or long, with turn-back cuffs as the featured trimming. Medium size requires 3 3/4 yards 36-inch figure and 1/2 yard plain material.

First Model: Pictorial Material. Printed Pattern No. 3353. Sizes, 14 to 18 years and 34 to 44 bust, 45 cents.
Second Model: Printed Pattern No. 3389. Sizes, 42 to 52 bust, 45 cents. Transfer No. 12959, blue or yellow, 40 cents.
