

MT. OLIVET CHURCH by Edgar Williams

Sunday, April 17th was Easter Sunday. The services were in charge of the Sunday School and the B. Y. F. U. Scripture lesson was read from the Book of John 20:1-23, by Dr. Dyer, Text, 21st verse: "Then said Jesus to them again, Peace be unto you, as my Father hath sent Me, even so send I you. Subject: Prince of Peace. The sermon was that pointed out all the important events in Christ's life, from His birth to His resurrection. Dr. Dyer depicted the joy which Christ brought into the world at His birth; the many miracles which were done in His ministry here on earth. There were many people in that day as in this day still out of the Ark of Safety, but the church was marching on to the New City of Jerusalem, pleading with an open heaven and outstretched arms for the sinner to come. Every one seemed to have caught the Easter spirit. You could hear a pin drop during the delivery of the sermon. And the many remarks after service showed the splendid effects of Dr. Dyer's sermon. A very goodly number of members were out to hear the sermon and also many visitors.

JEWISH RABBI AT BAHAI CONVENTION DEMANDS EQUALITY OF RACES

(Continued from page one) made the world safe for mutual understanding. There is only one unshakable basis for an expanding civilization and that is the reciprocal recognition of each nation, each religion and each race's right to its destiny, and to understanding of its culture and ideals. We must abandon the sentiment of Emerson, that to be great one must be misunderstood, and instead of that to say, "to have peace is to be understood."

Must Prevent Conflict

"Whatever else we may do, we must prevent an interracial conflict. A battle or a war between white and brown, or white and colored races would be the last staged in the tragedy of humanity. Thoughtful men must, therefore, get together, not merely to talk platitudes about tolerance, but also to multiply the vehicles for developing healthy national and international sentiment, and for creating a program of education that shall begin in the cradle, march through the public school system, and not cease until victory of spiritual unity shall have been attained.

ROMANCE VALLEY

In a rift of the shining mountain, where the skies are a millstone, lies the valley of Double Rainbows. With Mt. Hood peak keeping guard, The valley of Double Rainbows, Has a charm that is all its own. For its arches are builded of vapors, While others are builded of stone. So long to ride there in the morning, Through the gold of the fast rising sun, Neath the span of the double rainbow When the early spring shower is done. By Hugh V. Haddock.
