ATLANTA BUILDS MONUMENT TO WASHINGTON

FIRST TIME IN HISTORY OF THE SOUTH MONUMENT TO NEGRO ERECTED ON PUBLIC PROPERTY

Both White And Colored Citizens Meet Together To Honor Great American Educator.

(By C. O. L. C.)

Atlanta, Ga., May 25—Before an audience of 10,000 people, in which both races were represented, Atlanta today honored both itself and Dr. Booker T. Washington by the unveiling of a heroic bronze monument to the great educator on the grounds of the Booker T. Washington High School. High tribute was paid to Dr. Washington by both white and colored speakers, Dr. Plato Durham of Emory University and Dr. J. W. E. Bowen of Gammon Theological Seminary delivering the principal addresses.

In presenting the monument to the city, Prof. Charles L. Harper, Principal of Washington High School, spoke of the monument from the standpoint of art, as a project in inter-racial cooperation, as a tribute to the life and principles of Booker T. Washington, and as an inspiration to

The surprise party was arranged by his three daughters, Misses Dorothy, Geraldine and Bernice. A number of presents were presented Mr. Williams who was fully an hour recovering from the shock of the surprise.

The Olivet quartet sang a number of songs; ice cream, cake and punch were dispensed and every one had a fine time.

EDITOR RUN OUT OF ARKANSAS FOR PUBLISHING FACTS IN ATROCIOUS LYNCHING CASE

Little Rock, Ark., May 15—(ANP)—Because he dared to write a true account of the horrible lynching of Carter, which took place here recently in the shadow of the largest Negro church in this city, Theodore Holmes, Little Rock correspondent of the Associated Negro Press, was run out of the city by whites immediately following the publishing of the story by various members of the ANP. Holmes was advised by friends of both races to leave town after open threats had been made against him by those who "wanted only to know his address." These threats declared, it is reported, that the treatment accorded Carter would be mild in comparison to that which would be meted out to Holmes if he remained within the confines of Arkansas.

N. W. HOSTESS

According to information received by Mrs. E. D. Cannady, Oregon hostess to the Pan-African Congress, no one has authority to appoint a hostess to the Congress except the Circle for Peace and Foreign Relations, the organization sponsoring the Congress and only one individual from each state is appointed for that honor. The Committee acknowledged with great pleasure the splendid support given by Oregon and especially was interested in the "interesting manner in which Oregon is helping.

The letter, received by Mrs. Cannady requested her to send names of individuals and organizations she would like to have invited to attend the Congress and stated that a most interesting group of women were cooperating all over the country to make the Congress a grand success.

CHORUS GIVES FINE PROGRAM

On Friday evening, May 20, the Mount Olivet Baptist Church Jubilee Chorus appeared in a return engagement at the Public Auditorium. The program which consisted of spirituals, plantation melodies and jubilee songs, while on the order of the first concert, was altogether new and a little differently arranged. Many who heard both concerts said the last one was superior in several ways to the first one. There were beside the chorus of 35 mixed voices, a male and a mixed quartet. Mrs. Mable Cooper, soprano; Dr. E. L. Booker, Mr. G. M. Payne and Rev. E. C. Dyer were soloists. One of the happy features of the program was the solo with basso accompaniment by Mr. G. M. Payne; another, the tenor solo by Dr. Booker, "O! My Lord's So High" specially arranged by Shirley McCanns for this concert. The noted tenor, Roland Hayes hummed the son for Shirley McCanns, during his last visit to the city as he remembered his late mother.

MEMORIAL DAY

Before the next issue of The Advocate is out, Memorial Day, May 30th will have come and gone.

Great preparations are in progress as we go to press by people every where to pay fitting tribute to the memory of the soldiers and sailors who yielded up their lives in the defense of this great country. This, not only for the heroes who died for the Union in the Civil war but also for those who gave up their lives in the Spanish American War, the Indian and Mexican wars and the world war. On this day the graves of these departed soldiers will be bedecked with flowers of many kinds and cannons will fire salutes; parades of war veterans will march along the streets of many cities and towns; flags will wave and women and children will join in paying homage to our dead heroes. And not only will the heroes of war be honored but heroes of peace and those of the battles in private life will be fittingly remembered. And this is as it should be.

THIS IS THE THIRD AND FINAL INSTALLMENT OF PROF. HONLINE'S ADDRESS.

"My first shock was received when I read of ancient civilizations dating 5000 years B. C. when my St. James' version of the Bible gives the date of the birth of man as 4004 B. C.

"Shock No. 2 was received when I started studying astronomy. It was very simple when I used to think of 'twinkle, twinkle little star, how I wonder what you are' etc., but when

Prof. M. A. Honline

I learned that there were stars so far away that it would take 200,000 years for their light, travelling at a rate of 186,000 miles per second, to reach the earth, then it wasn't such a simple proposition. At Harvard University scientists studying the stars have discovered that there are stars beyond the 'milky way' that it would take a million years for their light to reach the earth, travelling at a tremendous rate of speed.

"Shock No. 3 came when I learned that it had taken six million years for certain geological formations.

Another says that man wasn't created on a Friday morning; that it was on a Wednesday evening, and instead of it being at 9 A. M., it was at 7 P. M. October 28, 4004 B. C.
