FAY KING PRAISES NEGRO HEROISM ON SS. VESTRIS

NEW YORK, Nov. 23.—Fay King, feature illustrator and writer whose work appears in the Daily Mirror of New York City, last week paid full tribute to Lionel Licorish, the Negro Quartermaster who saved 20 lives from the wreck of the Steamship Vestris.

In her drawing, Fay King incorporates the following sentiment: "It is not race, creed or color that counts in life, but man's humanity towards man."

The National Association for the Advancement of Colored People in a letter to the editor of the Daily Mirror, expressed its appreciation of Fay King's feature.

NEGRO IS WILLED \$15,000 BY GAMBLER

New York, Nov. 26.—The will of Arnold Rothstein, the N. Y. gambler who was slain recently, will probably be contested by his parents and his two brothers. Among the beneficiaries of the will is Thomas Farley, colored attendant of Rothstein, who was willed \$15,000 in cash.

"ARROW TIPS" By Kita Reid

The Advocate does not necessarily share in Kita Reid's views, but whether we do or not, her opinions are sane, and logical and well worth reading. It is your privilege as well as ours to disagree with Kita and she invites your opinion upon subjects she discusses from time to time in her column.

This cold weather has just about frozen up every spark of inspiration that I depend on for this column. But I've wanted for a long time to write a dissertation on friendship. So I'll put the thoughts into words as I am sure the Kellogg treaty, the navy bill and Coolidge's message will wait for another week to warm up the weather.

Friends can be put into two groups. There is the one who loves you just for yourself. The one who feels glad when things go well with you and mourns when the world looks black. Then there is the friend who says sweet things to you, who uses you when you can be useful and then drops you when you no longer serve the purpose.

It is astonishing how many of this kind of friends there are in the world. They take all you have to give and when you can give no longer they manage the "cold shoulder" so deftly that you are left out of the next party and then you re-

100,000 TO BE JOBLESS IN TEXAS

Austin, Tex., Nov. 30.—(CNS)—About 100,000 farm laborers in Texas will be out of work in the next eight months, Charles McKerny, state labor commissioner, reported today to Governor Moody. This number consists principally of Mexicans who came into Texas to help gather the cotton crop and will "exist as best they can" until opening of the cotton picking season in August, McKerny said.

BUY CHRISTMAS SEALS

WOULD you buy Christmas Seals if you knew they had helped to reduce the tuberculosis death-rate? In the past twenty years the death-rate has been cut in half—a saving of more than 125,000 lives in the year 1928 alone.

"Buy Christmas Seals," for they are fighting tuberculosis every day of the year.

Christmas Seals give protection to your friends, to your family—and to you!

The National, State, and Local Tuberculosis Associations of the United States

WILLIAMS AVENUE "Y" HAS SUPPLY OF XMAS SEALS

Christmas Health Seals are now on sale. Those who failed to receive their seals through the mail can get them at the Williams Avenue Y. W. C. A. Miss Helena Harper, secretary, has received a supply of the seals from the Oregon Tuberculosis Association and has placed them on sale for the convenience of those wishing to decorate their Christmas letters and packages.

Miss Harper has also received a list of all health materials, literature, etc., that can be obtained free at the office of the Oregon Tuberculosis Association, 210 Fitzpatrick Block, West Park and Oak streets.

The Christmas seals are the only source of income for the association, which for the past several years has been working to build good health and prevent tuberculosis in Oregon.

Out of each dollar's worth of seals purchased, 95 cents remains for use in Portland, while the remaining 5 cents goes to the National Tuberculosis Association to aid in the nationwide campaign against this disease.

BOOK RATE CUT

Joseph C. Manning of New York, author, publicist and humanitarian, writes The Advocate that he will sell the remaining copies of his latest book, "The Fadout of Populism," together with copy of his pamphlet on the Ku Klux Klan for 75 cents per copy. He is making this reduction in price in order to get his literature on the lynching of human justice a wide reading. The Advocate suggests that this book would make a very acceptable Christmas gift. Just send 75 cents plus a little postage by Joseph C. Manning, 516 Manhattan Ave., New York City.

Field Organizer Hall On Coast-to-Coast Tour

Pittsburgh, Nov. 30.—(CNS)—Otto Hall, a field organizer of the American Negro Labor Congress, arrived in this city last night on the first leg of a coast to coast tour which has organization plans for him. He will address several mass meetings while here, as well as take steps to increase the circulation of the Negro Champion, official organ of the congress, while in this city.

Raskob Refers to His Caddy As "Something"

New York, Nov. 30.—(CNS)—"Am bringing home something" constituted the slighting and intended-to-be-funny telegram sent Saturday by John J. Raskob, capitalist and Democratic chief, to his wife from Biloxi, Miss., after he decided to take Frank Ivory, 15-year-old caddy, as house-boy.

Ivory, whom the white oppressor press claims is known as "Black Chile," acted as caddy to Raskob at the Edgewater Gulf Hotel at Biloxi. He was efficient and his humor appealed to the capitalist, who decided to take him home as king's jester.

REVIVAL BEGINS NOTED EVANGELIST AN WIFE ARRIVE IN CITY OF PORTLAND

Rev. Nathaniel Hawthorne Jeltz, D. D., accompanied by his wife, Mrs. L. C. Jeltz, drove into Portland Wednesday afternoon only a few hours behind their schedule. Upon their arrival in the city, to begin a ten-days' revival at Bethel A. M. E. Church, Thursday evening, December 6, they had covered 9000 miles of their 25,000-mile motor car tour — which includes every state in the Union, with a possible exception of Montana.

The present evangelical tour started at the close of the General Conference of Bethel A. M. E. Church in Chicago, in May, and to date, they have held meetings in Michigan, — where the Jeltzes when off tour, make their home; Indiana, Illinois, Iowa, Missouri, Kansas, Colorado, Utah, Idaho, Wisconsin, and Oregon. From here they will go to California.

Rev. Mr. Jeltz is president of the Connectional Evangelical Union of the A. M. E. Church, which has a membership of 583. Although the original organization is 15 years old, it has taken on new vigor and strength since the recent re-organization at the late general conference — when Rev. Jeltz was elected president.

The noted evangelist comes of a family of ministers and had his training at Cooper Theological Seminary, Sterling, Kans., and at the Moody Theological Institute in Chicago. He pastored for four years in Colorado, Kansas and Wyoming, before entering the evangelical field. He hopes to write a book soon and is gathering material for it on this tour. In some sections he is known through his published short stories.

Rev. Mr. Jeltz deplors some of the conditions found in the church today and believes that the institutionalized church has not met with the success it hopes to achieve when first inaugurated.

It is his belief that the young educated, college-bred Negro can be reached by the church only through the intelligent, emphasized re-statement of Jesus' pure teachings. Much of the Christian vigor, devotion and zeal of the race's forefathers must be cultivated or regained by the present generation if the church is to succeed, he says.

Dr. Jeltz will preach the women's and men's special sermons on Sunday, December 16, instead of the 9th, as previously announced. He and the madam are domiciled at the home of Mrs. B. J. Fuller, 946 Tibbets St., during their sojourn in the city.

CHINESE AND NEGRO WOMAN CANNOT WED

Danville, Va., Nov. 30.—(A.N.P.)—L. W. Moon, a Chinese of Greensboro, N. C., is waiting to hear from the attorney-general of North Carolina as to whether or not he can marry his fiancée—a full-blooded Negro woman—of the same place. The young woman accompanied Moon here, and the two were kept waiting for some time in the clerk's office while the law was debated and were finally told that they would have to await until the attorney-general North Carolina replies to a letter asking for his construction of the law.

BYRD WILL NOT OUST ORPHAN STOWAWAY

London, Nov. 26.—A young orphan Negro, who stowed away on Commander Richard E. Byrd's supply ship City of New York, will be allowed to accompany the Byrd Antarctic expedition to the South Pole, said a Central News dispatch from Auckland today. The City of New York reached Auckland carrying the main body of the expedition. Several stowaways were found aboard, but all save the young Negro were landed at the first port.

TO ESTABLISH BUSINESS RELATIONS

New York, Nov. 30.—(Crusader News Service)—Native-born Africans living in New York City warmly welcomed His Royal Highness Prince Eket of Nigeria and Chief Amoah of the Gold Coast yesterday afternoon at No. 200 West 135th St. The reception was under the direction of the Native African Union of America, Inc.

The prince, whose full name is Eket Inyeng Udo, is 27 and unmarried. He arrived on the Republic November 18. Four million subjects are said to be in his domain, which includes the districts of Ibio, Eket and Calabar. Both the prince and Chief Amoah, the latter having been a visitor to these shores last year, are here to develop commercial relations between their respective countries and the United States.

Eli B'usabe Nyombolo, formerly of Pondoland, South Africa, who has lived in New York City for a year and is president of the Native African Union of America, Inc., delivered the welcome address in English. He said there were about 1,000 native born Africans in Harlem and urged a better understanding of the African, who, he said, was often misrepresented as a savage, a cannibal and without a system of government.

Prince Eket and Chief Amoah replied in English. The prince was not in native dress, his trunks having been put on a South American steamer by mistake. Liberia, Nigeria, Sierra Leone, Gold Coast, Portuguese West Africa, Abyssinia, Somaliland and Union of South Africa were represented by native-born Africans.
