The Conference

The Advocate joins its voice with the many in Portland who are extending a hearty welcome to the Bishop, ministers and delegates to the 17th Annual Conference of the First A.M.E. Zion church in session at the newly remodeled edifice, 417 Williams Avenue. We know that the hearts, the homes, and the purses of the people will combine in helping this distinguished group of men and women to put over the biggest program ever attempted in the history of the church. The Advocate expresses its welcome also in the granting of space in which the conference may let the public

Race Consciousness

In the development of race consciousness we are becoming over-afflicted with the color complex. In consequence we are far too sensitive and too prone to describe color as the cause of any adversity we may suffer in our business relations with the white race. We are continually blaming the masses of whites for guilt on the part of some one of them. Yet we are ever blaming them for such attitude against us. There are good white people and there are bad; just as there are good and bad people in our race. In the meantime, let us never forget that if the good white people didn't far outnumber the bad the United States would be a real hell for our group. Let us not judge people by their silence nor their complexion. We have thousands of white friends and if we devoted less time to pleasure and more to business we would have many more. It is just as wise for us to judge the high class whites by the conduct of the ignorant and mean products of their race as for the whites to judge us by the colored denizens of the slums and the shiftless, worthless theiving ones of our group.

J. Finley Wilson, G. E. R.

For the eighth consecutive term, J. Finley Wilson has been elected to the much coveted office of Grand Exalted Ruler of the Elks. And as a consequence some of the Brothers are mighty sore; some threatening to bolt. This should not be. The Elks' Order is a grand and noble institution and is rendering a great and good service in a number of ways for our group and say what you wish about Finley Wilson, he has accomplished more for the Order than any other man who has held that exalted position. Now that he has been named to lead the herd for another term, it is the duty of every Loyal Elk to fall in line and boost and keep our noble Order in the front rank of Fraternalism.

The Tariff

The United States Congress is in a wordy war over the Tariff Measure. The Tariff is nothing more than an Economic question and one that can be settled only by experts dealing with facts and not theories and every senator regardless of party should work toward formulating a fair tariff that will protect without excluding others from the market. Putting the tariff in politics is a menace to prosperity.

Not At All Disturbed

Congressman De Priest doesn't seem to be at all disturbed over the reported fool mouthing of the gentleman who represents Alabama in the U. S. Senate—Mr. Heflin. In a recent statement that he would throw the Congressman out of the Senate's restaurant, he said: "God bless Old Tom. I wonder if he thinks this is a one man job." We have no doubt that the Senator would certainly need God's blessing were he silly enough to try what he said he would do. Congressman De Priest stands over 6 feet and is large in proportion.

MORE ABOUT "ARROW TIPS"

(Continued from Page 1)
fore all sorts of organizations and deliberately and systematically poisoned all sources of public information—all in the name of "patriotism". And how we swallowed it.

The target at which all this propaganda was aimed was that awful creature the pacifist. It is claimed that in the early days he was in the employ of the National Security League. You recall that organization? A word of criticism against it or its methods was almost equal to a jail sentence.

Well anyhow in 1926, Mr. Shearer was taken over by the shipbuilding crowd who have seemed to become rather careless in meeting their payments—hence the trouble. President Hoover thinks it is important enough to make public comment on it and Senator Borah has brought it up in Congress and is promised an investigation. So the prospects for peace among nations are becoming brighter. Since we are becoming more familiar with the reasons we have so many 150% Americans, the rest of us who are plain, common liberty-loving, peace-loving human beings can take heart. D.A.R.'s and American Legion Leaders please read the history of William B. Shearer, "Super-Patriot".

Cleveland, Ohio, (CNS)—Sept. 19.—Friends of Thomas W. Uncle Sam makes the new bills smaller, but he doesn't reduce their purchasing power! Those little bills represent their exact face value in the prevailing gold market. If a telephone received only incoming messages, and couldn't carry your outgoing messages at all, it would still be worth far more than the few cents a day it costs.
