

SENSE AND REASON

RALPH C. CLYDE
FODDER MEMBER OREGON LEGISLATURE AND PORTLAND CITY COUNCIL

Here is something unusual! A candidate for public office who does not load you down with a fist full of election cards.

His name is William F. Woodward, and the reason that he is not scattering cards is that he has not had any printed.

"Bill" figures he has been here for

William F. Woodward

a long time, and if the people want him for state senator, they will elect him. It they don't want him, he predicts all the cards on earth would do him no good.

Nowadays when the courts are usurping legislative, governmental, and administrative powers, it is refreshing to note that Judge Stevenson, of the Multnomah Circuit Court, is sticking closely to the text.

In the case of Carey & Harlan contract with the city, Judge Stevenson wisely ruled that the question presented was not judicial, but legislative, and that court had no jurisdiction in the matter.

As a result of a survey made by Senator Edwin F. Ladd, shortly before his death, it was learned that England, Italy, Greece, Hungary, Chile, and numerous other countries, do not permit their courts to set aside or amend laws adopted by their legislative bodies.

The United States tolerates this usurpation by the U. S. Supreme Court, which continues to function in a legislative capacity as well, although this usurpation is contrary to the Constitution of the United States. (Article III)

It is no wonder that if one looks cross-eyed at a justice of the Peace one can be thrown in jail for thirty days, or if one incurs the ill-will of State Supreme Judges one can be forced out of one's profession "For Life."

The commendable decision of Judge Stevenson is respectfully referred to judicial benches.

FOR

GOVERNOR

"I aspire to the office of Governor because I should like to be of service to the state in which I was born—which my ancestors helped to develop, and in which my children will live after me."

"I will enforce the laws with sincerity and justice and will appoint no man to enforce a law who does not observe the law."

"I will use ceaseless vigilance to prevent waste in state expenditures. I will be ready to spend a tax dollar for progress if convinced that the state will receive full value for it."

"I believe in the steady completion of our highway system. I shall continue to oppose interfering with the duties of the State Highway Commission for the purpose of log-rolling. The state will pass the peak of its road bond retirement in 1932, and I hope that greater aid may then be given our program of market roads."

"If elected, I will not be obligated to make any appointment in return for political support."

"I will make every appointment on the basis of merit."

"I will work for the greater development and welfare of Oregon."

"These things I shall take upon myself as a serious duty and a solemn pledge to the people of the State."

Do you think the county should pay a man a large salary and that man not stay on the job all the time?
Do you think the president of a bank, of a savings and loan company, the president of a loan or finance company can do his duty to the taxpayers if he is elected commissioner?
YOU KNOW HE CAN NOT!
