PICKENS BREAKS UP ALLEN-FOR-SEN. MEET NEGRO AGENT SLAIN IN GUN BATTLE IN SOUTH

ALLEN'S MEN ARE ROUTED

New York, August 7.—William Pickens, field secretary of the N.A.A.C.P., now in Kansas campaigning against the election of Senator Allen, reports that 3,000 people attended his meeting in Wichita with an overflow meeting on the outside and that one fourth of the audience was white.

Among those who heard him were a number of Allen leaders and workers, including his manager in that section.

At Pickens' meeting in Topeka 2,000 attended. Senator Allen and Henderson spoke at a meeting on the next night with only 300 present. At this meeting, after Henderson, Allen's nominee for a government job, and Allen had spoken, the audience began to shout for William Pickens. When the chairman ignored the call of the audience for Pickens, who was present, the audience refused to hear any further speakers and broke up the meeting.

NEGROES REFUSE TO ACCEPT LEADERSHIP OF WHITES

New York, Aug. 7.—The colored committee of the White Plains Y.M.C.A. is insisting on choosing its own leaders and at a meeting on Tuesday, July 29, refused to accept the leadership selected for it by the members of the white board. The members of the colored Y.M.C.A. committee informed the board that they must reserve the right to select men in whom they have confidence and that they wished leaders of the type of the committee members who were dropped by the board; because they moved into a white neighborhood. This impasse has grown out of the summary discharge of secretary Samuel Morsell because he lodged with Dr. Collymore, who moved into a white neighborhood and the dropping of Dr. Collymore and Dr. Williams from the board, because they refused to move from the white district when their presence was protested.

Dr. Collymore informs the N.A.A.C.P., that he has been acting in his behalf, that he is assured of the renewal of his fire insurance, which was cancelled, and that the opposition has quieted.

FEAR WRECKS MANY POLITICAL CAREERS

As the legislative assembly will convene the early part of next year, thoughtful students of political science trust that the personnel will not yield to pressure, and discard principles they so warmly advocated prior to their election, as was done the last session.

It is fear that causes the delinquent members to take such a retrogressive step. Strong hints are given that the advocacy of certain measures will result in political disaster. They surrender to this fear and as a matter of

ATLANTA BOSSES REVIVE K.K.K.

Atlanta, Ga., Aug.—(CNA)—The desperate efforts of the southern bosses to forestall the organization of Negro and white workers on a militant basis in the South have crystallized in the formation of the "Caucasian Crusade." This organization is simply another version of the Ku Klux Klan, differing from the latter only in the fact it has widened its program of attack, especially directing its viciousness against Communists and all militant workers, black and white. Its ideological aura is Nordic "supremacy" and white chauvinism.

THINK GARVEY GREATER THAN LOWLY NAZERENE

New York, August 6.—(CNA)—That Garvey is giving the Jewish carpenter a run for his money, is shown by the titles of songs heard at the UNIA meeting here last Sunday. Instead of the usual "Where HE leads me, I Will Follow," it is "Where Garvey Leads Me, I Will Follow." Another song is entitled: "Come, Let Us Praise the Holy King, Marcus Garvey."

But this isn't all. The white Israelite, too, must give way to the black Jamaican. "The African Boat is Coming and Garvey is our Captain."

Despite statements to the contrary, this proves that Garvey leaders are still seeking an African heaven to escape an American hell.

MANY ORGANIZATIONS TO BE REPRESENTED AT ELKS CONVENTION

New York, August 5.—Many prominent Elks are planning to reach Detroit a few days ahead of their annual meeting in order to attend the sessions of the National Negro Business League. In a letter to Albon L. Holsey, secretary of the Business League, Hon. J. Finley Wilson, Grand Exalted Ruler of the Elks, says, "I have called a meeting of our Executive Board to meet in Detroit a week ahead of our meeting in order that the members may have an opportunity to attend the sessions of the Business League."

WHITE LAD SAVES COLORED BOY

New York, Aug. 7.—When he was trapped in the mud in a Central Park lake while swimming Wednesday, Calvin Storms, 11, was rescued by Sam Sturey, 11 year old white lad.

PORO CO. MOVES

CONFECTIONERY IS MOVED

"I notice that the banks have branches on the East side but the main business remains on the West," thus Erastus Richardson answered the question of an Advocate reporter the other day why he did not follow the Golden West over to the East side of the river.

Mr. Richardson, who for the past five or more years has successfully operated a confectionery store in the Hotel Golden West corner of Broadway and Everett streets, moved a little over a week ago after the hotel moved to Interstate street on the East side.

Mr. Richardson serves a variety of confections including soft drinks, candies, cigars, cigarettes, etc., and handles leading newspapers and periodicals, including THE ADVOCATE. A special feature is his mid-day hot lunches. Nothing less than the best is served at his place and for this reason and his devotion to business, Mr. Richardson has attracted a large patronage from both the colored and white people.

PARIS FRANCE WANTS NATIONAL ASSOCIATION BRANCH

New York, Aug. 6.—The National Association for the Advancement of Colored People is in receipt of a letter from Paris, France, in which the correspondent asks that a branch of the Association be started in that city.

The writer, Sotero Quereido, states: "We are already quite a large number of colored people here, and the time has come for grouping ourselves together. Will you please send full particulars and literature telling of the scope and work of the Association?"

MOORE SIGNS UP FLYWEIGHT FIGHT

Promoter George Moore has signed up a six-round special event for next Monday night's fight card at the auditorium that promises to be a whitening. Jackie Evans, the Kansas City flyweight sensation, will meet Perry Israel, Portland's pride of flyweights, in six rounds. The double main event features Joe Marcy vs. Matt Calo and Eddie Edleman vs. Paddy Walther, both 10-rounders. Popular prices will prevail.

HIGH JUMP RECORD BROKEN BY NEGRO SOLDIER

The running high jump record of Fort Benning was broken at the 20th Infantry Field and Track Meet of July 23rd. The old record stood at 5 feet 7 inches. The new record made by Private Jack Myers of Company "E" raises the old figure to 5 feet, 9 1/2 inches. Private Myers is from Detroit, Michigan, where he held the City Championship in 1925 for the high jump.

WINS VICTORY

New York, Aug. 7.—Mr. B. F. Lavelier, chairman of the Legal Redress Committee of the Mount Vernon, N. Y. Branch, reports that as a result of the activity of that Committee discrimination which had been practiced by Loew's and Proctor's Theatres in Mount Vernon has been discontinued.

MASS PROTEST HELPS NEGRO WORKER

Wilmington, Del. August 1.—(CNA)—Mass protests and demonstrations resulted in a reprieve for Theodore Russ a twenty-two year old Negro chauffeur condemned to die here on July 25. Russ was arrested last February after a fight with a bootlegger in which Russ got the better of the bargain. Instead of being charged with assault Russ was charged with attempted rape of the bootlegger's wife. In Delaware rape is a capital offense, and Russ was tried, convicted, and sentenced on perjured evidence. He was condemned to die on July 23. On July 23, however, hundreds of Negro and white workers, after a series of less successful meetings, staged a mammoth demonstration eleven o'clock at night in front of the governor's mansion. Earlier in the evening a mass meeting took place. At the conclusion of the meeting the workers arose in a solid body and went to picket the governor's residence. The governor, who was forced to go on a fishing trip, was preceded by the militant demonstration of Negro and white workers to grant Russ a reprieve of twenty-eight days, until August 22.

"It is important to note," says the American Negro Labor Congress in an official statement, "that Russ is condemned to die on the very day of the third anniversary of the murder of Sacco and Vanzetti. Only by greater protests and more demonstrations can we prevent this legal lynching, and thus save Russ from the fate of the two Italian labor organizers."

BELIEVE IT OF NOT, FIRES AT GROUND; HE MISSES BADLY

There was a prowler on his back porch, and the night was dark. So dark!

So Henry Marks, colored, of 287 Williams ave., stealthily got his pistol and just as stealthily crept down the stairs.

The prowler was still there and to frighten him, Henry Marks fired three shots. He fired into the ground, he told police.

But his marksmanship needs correcting. He has been invited by police authorities to utilize the target range in the basement of central police station.

All three shots, although aimed downward, headed for an apartment house across the street. Two struck the brick wall, and the third galloped through the window of the ground floor suite of Mrs. E. N. Wernoth and imbedded itself in the wall.—The Portland News.

LAND OWNER JAILED OVER RAID POSSE HUNTS FOR OTHERS

BOOTLEGGING ACTIVITIES SAID TO HAVE BEEN THE CAUSE OF ALL TROUBLE

By Kits Reid

The Advocate does not necessarily share in Kits Reid's views, but whether we do or not, her opinions are sane, logical and well worth reading. It is your privilege as well as ours to disagree with Kits and she invites your opinion upon subjects she discusses from time to time in her column.

I was talking to a friend the other day whose work brings her in rather close contact with public affairs. We were discussing the \$25,000 publicity fund that is being raised here to advertise Oregon. "Well," said she, "I would think it might be a good plan to spend some of that money to keep the people here who are here now rather than bring more people to Oregon to see our empty factories and stores. A little reducing of rents might keep the small storekeeper in business and a little higher wages would make of the discouraged worker an active buyer. Somehow, the idea of sending a quarter of a million into Eastern publicity pockets does not

Washington, Aug. 6.—(CNA)—The announcement that Huston will step down and out from the chairmanship of the Republican National Committee may please a lot of people but Ben Davis of Georgia makes a comment and asks:

"Rascals of the Democratic National Committee had the guts to stand the gaff with Huston; what's the matter with Huston?"

A CORRECTION
In last week's issue, through a misunderstanding over the telephone, it was stated that Mr. Warner Terrell of Boise, Idaho went "slumming" last Monday night. It should have read, "went swimming last Monday night." Mr. Terrell is the grandson of Mrs. R. J. Carden and not her nephew as was also stated.

Macon, Ga., Aug. 2.—A. L. Patterson, prominent Macon land owner, was jailed here today on a charge of murder growing out of a spectacular gun battle on his property last night in which a special prohibition officer and an alleged colored run-mer were slain.

The dead agent was Herman Warr, shot twice in the chest when he and Deputy Prohibition Administrator Fred Dismuke of Macon led a raiding force which captured 40 gallons of liquor allegedly en route to Macon. In the same battle, Sam Knight, a Negro, was killed.

Bloodhounds from the Milledgeville state prison were employed today to track down another Negro, Frank Duhart, alleged run-mer who was believed badly wounded in the fight but who managed to slip away in the darkness. A witness of the fight told authorities he saw Duhart limping down a road declaring he had been shot.

Patterson, held incommunicado, denied any contact with the gun battle on his property, prohibition agents said. He insisted he knew nothing of the alleged bootleg operations which last night's raid was organized to break up. Agents, however, insisted he was present and engaged in the battle.

Dear Mrs. Cannady:
I am inclosing my check for two years subscription to "THE ADVOCATE."

You remember I wrote you some time ago pledging my support to your splendid paper. I have just sold my peach crop, which was the heaviest of any individual ranch in the San Bernardino area. From the receipts I make it my first duty to fulfill my obligation to the "Advocate", a household fixture in our household.

I might say that every one who comes here to buy peaches, and they are many, from far and near, say that the variety of Clingstone on this ranch is the finest in Southern California. And if you could see them you

MASKED BAND SLAYS "G. O. P." LEADER

Mt. Vernon, Ga.—(CNS)—S. S. Mincey, the 70 year old Negro Republican leader of Ailey, Georgia, died here Tuesday July 29, after reporting he had been kidnapped from his home by a band of masked and robed men (all white) carried into Thomas County and beaten.

He was found semi-conscious and revived only long enough to give a fragmentary account of the attack. He told officers one of the demands made by the attackers was that he give up his post as county Republican chairman. Before he died he told of being struck over the head with a rifle before being taken forcibly from his home. Physicians said that blow resulted in concussion of the brain and caused his death. He was not able to name his assailants.
