(By E. H. HOLMES) SPOKANE, WASHINGTON East 2208, So. Crescent Avenue

Spokane, Wash.—(Special to Advocate.)—Spring showers falling daily in Eastern Washington lend assurance of plenty of moisture for farmers.

Several ex-service men of the race have received loans from the government on their bonus and are happily prosperous in these stringent times. Willie Saunders got his and went East to Kansas. Shorty Williams beckoned with a new outfit from hats to shoes has worn the taxicab out. Hughie Pitta, Tony Biggs and one or two others are waiting patiently on Uncle Sam to remit.

John Thompson and son, J. H. Thompson, Jr., have returned from the legislature, where they have been employed. Mr. Thompson, Sr., long at the head of the Republican Club, was caustic in his criticism of those who engineered the meeting of the club during his absence that deprived him of the presidency. Mr. Thompson has a large following, especially among the women members of the club, who are not pleased at the action.

QIV SELLON TVOOTI club who put over the coup during his absence. A hung jury voted five times 7 to 5 to acquit Jim Young upon a jointist

Mr. C. Curtley has opened a barber shop on Riverside avenue near Browne street that is being well patronized by the women.

Mrs. Fields and Miss Chase have taken over the Good Eat Place, 107 East Third avenue, where they will cater to old customers and friends.

Mrs. Walter Kincaid is expected home from Chicago shortly.

Bethel A. M. E. Church and Calvary Baptist Church will observe Holy Week next Sunday. A series of meetings will be held all next week with Rev. G. S. Allen, pastor of Bethel A. M. E. Church, and Rev. E. B. Reed, pastor of Calvary, officiating alternately.

Mrs. Charles Simmers entertained Mrs. C. W. Davis at luncheon last Tuesday.

The Great Northern is stopping its dining cars from the Empire Builder at Spokane, and putting on cafe cars on its local train Spokane to Seattle.

MORE ABOUT SLAVE

(Continued from Page 1) to the protests of the slave. He was seized and held while the drug was put to his nose.

In a short while he had grown quiet and inert and lay that way for so long that the white boys and girls became alarmed.

Accordingly, some of the boys went 10 miles to procure Dr. Sydney Reese, who, after more than an hour, came to the house and revived the slave.

The story of this affair came to the notice of Dr. Crawford Long, another physician of Athens, to whom came the idea that if either rendered one so insensible it might be used to prevent the pain of a surgical operation.

Therefore, in 1842 Dr. Long removed a small glandular tumor from the neck of a white man by the name of Venable, this being the first operation to be performed with the use of an anesthetic. The second person to be operated on by Dr. Long with the use of ether was a Negro boy whose toe was amputated.

Long spent the rest of his life painstakingly accumulated evidence to show the efficacy of ether anesthesia. He himself was never involved in the controversy for priority and died quite honorably when an old man.

PICKENS ON ADVICE

By WILLIAM PICKENS

According to the enemies of William Hale Thompson, who has been renominated for mayor of Chicago, "Big Bill" must have made a pile of money out of his position during the last few years, but all the money he may have made, honestly or otherwise, could not buy the one little word which I am going to say about him here without his cash, his consent or his co-operation.

I do not have to "advise" Negroes to vote for Thompson; that is just what they are going to do, whatever I or anybody else may "advise." All I have to do here is to try to explain to obtuse-minded people just why those Chicago Negroes are going to vote for Thompson.

If I wanted to be facetious, I would say: The Negro will vote almost solidly for William Hale Thompson, not because he endorses any of the vices which Thompson's enemies accuse him of, but because the Negro has "horse sense" enough to appreciate the difference between words and deeds. So far as the Negro is concerned, and where the Negro's interests are directly at stake, Thompson performs the decent thing while his opponents mouth it.

THE MOTION PICTURE SITUATION

(By Chester A. Lyon) Article No. 11 We have learned in the other articles written, that the duties of the Board of Censors in Portland shall be to determine and decide whether any motion picture or part thereof violates Section 7 of this article and to grant absolute or conditional approval thereof or disapprove the same.

Now we are ready for Section 7, which reads—Board Shall Refuse to Approve Certain Films—The board and its viewers shall refuse to approve of any film which (1) shows anything of an obscene, indecent, or immoral nature; (2) presents any gruesome, revolting or disgusting scenes or (4) tends to corrupt the public morals. Having the city ordinance well in mind now, let us see what the people of Portland think of its enforcement. For many years I have been approached by hundreds of people wanting to know if it were not possible to improve the censorship of motion pictures of Portland. While fully realizing the great need for improvement, I have never seen my way clear to enter such a campaign, until the month of December, 1929. Since then, with the splendid co-operation of the good people of Portland, I have given as much time as possible in furthering a campaign for good pictures.

On December 9, 1929, the petition addressed to the Mayor of Portland was put into circulation, bearing the names of leading business men and civic leaders. When the petition was circulated throughout the city, people became interested. In three months we find that every grammar and high school principal in the Portland public schools—78 of them—signed the petition and backed the movement to bring about good motion pictures. By April 15, of last year, over 500 people volunteered to circulate petitions. All articles in the future will deal with the "follow up" work as carried on, up to the present time.

The original Paris model was made in navy crepe with a turquoise yoke, but it's just as smart in bright green with chartreuse, brown with pink, chestnut with light green, or grey with yellow, not to mention the old favorite black with white.
