Wednesday Big Day for Live Candidates in Advocate's Free Gift Distribution — Leaders Run Close. Big Vote Ends Wednesday

Wednesday night at 11:00 o'clock sees the close of the last big vote schedule of the race — this ends the biggest remaining vote offer of the campaign. After Wednesday, subscriptions count for many less votes and points. For this very reason the time between now and 11:00 P. M. Wednesday is by far the most important of the home stretch.

Whoever goes out in front these next few hours will have the best chance of all toward landing the big automobile and gold cash prizes.

What Will You Do?
What are you going to do these last few days of the big vote schedule? Are you going to take advantage of them and win or are you going to rest on your oars and lose? It all depends on what you do between now and Wednesday night at 11:00 o'clock.

Take Warning!
Rule No. 16 from the rules and regulations published at the beginning of the campaign:
"There will be several big prizes awarded, besides a 10 per cent cash commission to all ACTIVE non-prize

winners, but it is distinctly understood that in the event ANY candidate becomes INACTIVE, failing to make a weekly cash report, he or she will, at the discretion of the management, become disqualified and thereby forfeit all right to a prize or a commission."

URNS DOWN A GOLD STAR MOTHERS TO SAIL

PROTEST RACIAL DISCRIMINATION

Madison, Wis., June 3—Membership in Delta Sigma Rho was refused more than a week ago by Otto S. Zerwick, white, '32, because of the racial distinction drawn by the fraternity constitution. Zerwick was a member of the varsity debating team. He had been offered a membership and accepted a pledge, but on learning of the restrictions against Negroes (he asked that the pledge be broken).

Madison, Wis., June 3—A resolution censuring Delta Sigma Rho, national speech fraternity, for its constitutional barring of Negroes, which resulted last week in preventing the Wisconsin University chapter from electing G. James Fleming to membership, was adopted unanimously last Friday by the State Assembly. The resolution was introduced by Assemblyman Ben Rubin, Milwaukee, and among other things declared that racial discrimination "is contrary to the spirit of the American constitution and the ideals of the university." Upon motion of Prof. Harold Groves, also a member of the assembly, the resolution was taken up for immediate consideration and passed. It now awaits the action of the state senate.

The clause in the national constitution of the speech organization which has caused so much furor in university circles and throughout the state says that "no Negro, regardless of his other achievements, may become a member of the fraternity."

From all information available this anti-Negro clause was put in the constitution about 25 years ago, at the same time when the two other national honorary speech societies took the same action. Here at the University of Wisconsin the stipulation was all but forgotten, and Fleming's case was the first one that has arisen under it.

REBUKES SNOBBISH "WAR MOTHERS"

Sacramento, Calif., (CNS)—Madame Ernestine Schumann-Heink, world-famous singer and lovingly styled the mother of American musicians, on the spur of the moment yet in dramatic and forceful manner, rebuked war mothers here because of their protests concerning appearance of foreign-blooded children at a recital marking dedication of a memorial auditorium.

City Manager James Dean told Mme. Schumann-Heink some of the mothers had protested the scheduled appearance last night of Chinese Japanese, Negro, Portuguese and Italian children on the stage. The women thought such a "melting pot" aggregation was not representative of the American race.

Last night the singer turned her back upon her adult audience and, facing the bank of well-scrubbed black, yellow and white faces, crooned a mother's lullaby especially for them. Then the children sang "The Star Spangled Banner" with her.

When Mme. Schumann-Heink finished singing and after the applause died down she stepped to the footlights and said:

"As a war mother I know what it means to suffer. I have five sons, four to Uncle Sam and one to his fatherland.

"It is up to the war mother to teach

MANY LIVES SAVED AS RESULT OF UNSELFISH DEVOTION

New York, (CNS)—June 3—The third party of Gold Star Mothers and Widows, numbering 40, sailed for France at noon, Friday, May 29, on the steamship America Skipper, from Pier 4, Hoboken, New Jersey.

This party, known as "Party E2," consisting of four groups, go to the graves of their soldier dead buried in the American Cemetery Meuse-Argonne and St. Mihiel or to pay memorial tributes of respect to the soldier dead, seven of whom were lost at sea; three of whom received army sea burial, and two others, who were buried in "Navy out side waters."

Colonel Benjamin O. Davis, highest ranking Negro officer in the United States Army, detailed as military instructor at Tuskegee Institute, Alabama, is the official escort of the mothers on this trip, the first of the 1931 series. Miss Mary E. Williams, director of the Nurse service bureau of Tuskegee Institute Health Center, Tuskegee, Alabama, accompanied the mothers as official nurse.

DEPRIEST SAYS JOIN DEMOCRATS

CHARGE REPUBLICANS FAILED TO KEEP FAITH WITH NEGRO

Greensboro, N.C. June 3—Oscar Depriest, the raging volcano of the House of Representatives, laid the lash on the G.O.P. here last Monday night, before a huge audience of southerners, including the mayor of this city, and outstanding white politicians of the state, and literally declared that the Republican Party wasn't worth a cuss to the southern Negro. That its past treatment of the southern Negro was not calculated to add to the party strength, but rather to discourage the affiliation of the Southern Negro with the Republic Party.

Negroes Should Join Democrats
The grey-haired gentleman from Illinois raised the roof when he emphatically declared that the only hope of the Negro in politics in this section of the country depended upon his forming a connection with the Democratic party, the ruling powers of this section, and using this contact to his own advantage.

He declared that the Republicans of the south "do not want the Negro in the party" and that Negroes ought to connect with the party which can do him the most good. Congressman Depriest took a grand slam at the good old G.O.P. and at the Federal Civil Service Rules which he is firmly opposed to and he is fighting with all vigor for a readjustment of the rules. He averred the rules were a distinct detriment to the chances of Negroes in securing appointments under these departments, and struck with force against the "photograph" system of booking applicants, holding that this eliminated the chances of a Negro in securing government positions. This drew rounds of applause.

Derides Pritchard Incident
Depriest was broad in his derision of the Pritchard incident in Washington, giving the impression that Pritchard made a fool of himself by his actions, and failed to hurt Depriest any.

their children the love of law—and not make a difference between black or yellow or brown or white skins.

"Don't make a difference in race or creed. You make war among yourselves—through your children."

SHOW GREAT HEROISM IN FACE OF DEATH

MANY LIVES SAVED AS RESULT OF UNSELFISH DEVOTION

Miss Pauline Smith writing for the United Press in the News-Telegram of May 28th had the following to say regarding the Negro porters on the crack Empire Builder when a tornado swept it off the track late Thursday, May 27. Miss Smith was an eye witness to the disaster: Our coach was lying in its side and it was a miracle that no more were killed, I believe I should have been killed had I not held tight to the side of the car as we went over, and that was the only thing that saved me.

The Negro porters on the train were wonderful, although some of them were badly hurt, they would not leave the car and they did everything possible for the women passengers, forgetting their own injuries in an effort to ease pain and administer whatever first aid they could. One porter I remember distinctly, he had a deep gash on his head and the blood was streaming down his face, but he seemed to pay no attention to it and went on bandaging injured heads and helping otherwise.

I am sure that Mrs. Hannan (Mrs. Emily Hannan, Seattle) who was watching for us, would have died if it were not for this porter, she was seriously injured and he made her as comfortably as possible and helped others take her from the car.

Boston, June 3—(U.P.)—Joseph P. Kennedy, diminutive South End Negro, had exactly \$1.11 in his overalls pocket today when he learned that he had won \$145,000 through Cameronian's victory in the derby.

He had gone to work as usual this morning at the Morgan Memorial, a welfare organization which has employed him for the past six months repairing baby carriages at wages of \$12 a week.

There was no one to question the Robinson victory over Klamaths muscular Negro flash.

Mar-rane and the Board of Supervisors of Ivry, France, a city of fifty thousand population, have cabled their International Labor Defense, protesting the judicial lynching of the eight Negro boys who were sentenced to be electrocuted on July 10 by the state of Alabama. The cable reads:

"We board of supervisors of Ivry Seine fifty thousand people protest the death sentences passed upon Negro workers we demand prosecution of lynchers and immediate freedom Negro workers stop we will not allow another Sacco Vanzetti case."

TOOK THEIR ROW WITH THEM

Harrisburg, Or., June 2—Three men, one colored, one uncolored and one Italian, came into town Saturday and camped near the O.E. warehouse. A card game, presumably poker, helped to pass the time until trouble broke out among them. The Italian came down town and tried to find a gun to kill the colored gentleman but nobody had one to spare for that purpose. He appealed to Marshal Own, saying that he had been robbed; to arrest the colored man. The marshal interviewed the others and learned that the Italian had cheated the other out of \$2 which was all he had, when the colored man reached over, took the money and kept it. The marshal advised them to leave town, which they did, two of the cowcatcher and on the blind baggage of the first train out.
