"Legal Light" BY J. H. JAMISON, LL. B.

CHILD STEALING

Every person in the State of Oregon who maliciously, forcibly takes or entices away any child or minor under sixteen years of age with the intent to detain and conceal such child from its parents, guardian or any other person having the lawful charge of such child, upon conviction is subject to be punished by imprisonment in the State penitentiary not less than one and not more than twenty years or by a fine not exceeding \$10,000.

KIDNAPPING

Every person who, without lawful authority, forcibly seizes and confines another, or inveigles or kidnaps another with intent either: (1) to cause such other person to be secretly confined or imprisoned in this state and his will shall be punished by imprisonment in the State penitentiary not less than one or more than ten years.

The crime of kidnapping is committed whenever, by false and fraudulent representations or other means adequate to that end, the person inveigled is caused or induced to surrender himself to the guidance or control of those whom the party guilty of the inveiglement expected to take him, or cause him to be taken out of the state, and a prosecution therefor cannot be maintained in any other county than the one in which such inveiglement took place.

In the utmost sanctity, in the utmost secrecy, in the utmost haste, and in the utmost haste, you may be the cause of the spreading of the Cause, others will be chosen. Then let us strive so that this crown may be placed upon our heads—that we may be the resuscitators of souls, that we may be the sight-givers to the blind, that we may be the remediers of the sick, that we may raise up the people. Otherwise, God will guide the people who will hoist the standard of God, who will ignite the Lamp of God, who will conquer the cities of the hearts, who will show forth the potency of the Word of God.

Hampton Institute, Va., April 7.—An announcement of supreme interest, not only to the alumni and friends of Hampton Institute, but to all those interested in the development of the Negro musician, was made today by President Arthur Howe when he stated that the new head of Hampton Institute's School of Music is to be Clarence Cameron White, noted Negro violinist and composer. He is at present studying in Paris on a Rosenwald fellowship and will return to the United States in the summer to begin his new duties on September first.

Mr. White first attracted attention as a gifted violinist while a student at the Oberlin, Ohio, Conservatory of Music. He then spent several years abroad as a private pupil of M. Zacharewitsch, one of Russia's most famous violinists and studied at the conservatory in Cologne-Taylor, noted Negro composer. On his return from Europe he settled in Boston, where he became one of the leading musicians of that city, both as concert soloist and as teacher.

Since then he has gained an enviable reputation in this country both as soloist and composer, being acknowledged the most finished violinist his race has produced in America. For distinguished achievement as a violinist and composer, he was awarded a first prize and a gold medal by Harmon Foundation of New York, and Atlanta University conferred upon him the Master of Arts degree.

Are you welcome? Many attractive persons are not welcomed at social gatherings because their breath is bad. Don't be one of them. Make sure that your breath is sweet and inoffensive by gargling with Listerine. It combats infections which cause odors in the mouth and instantly destroys the odors themselves.
