### The U.S. is Full of Signs Like This

Patriotic black Americans find them in hotels, Pullman cars, theatres, employment offices, trade unions—everywhere. They mean no black citizens may enter.

clown, the fool drowning his troubles in spirituals in which he hopes for milk and honey and golden streets in the far off climes of Elysium, the American Negro has always been, and still is, the last hired, the first fired; to the Nordic he is lazy, he is thick-headed, he is made to be last in everything except when on the battle field when he is given the honorable, bullet-stopping position of the front ranks; to the whites he is an expert crap shooter, a jig-dancer, a lover of chicken and a voracious devourer of watermelons.

Patriotism! I should think not. War clouds are brewing, still, in Manchuria. America, meddlesome as usual, will get in the fray if she can. Of course, it will, as usual, be another exclusively "white man's war," that is, until the bullets begin getting thick, then the detested, the segregated, the disfranchised, the lynched, and the economically and education-

ally starved black man will be urged to "fight for your country and glorious democracy."

Patriotism! Hardly!

### "Yer Kain't Git On"

Patriotic street railway bus owners ban Negro citizens when they can. The patriotic theory is that if you are colored you ought to walk.

#### Footing the Bill

A young man with whom I had gone out often, though had not seen for a few weeks because of a disagreement, called to take me out. For some reason I said I preferred just going for a walk. After telling me of the lovely places he had been in the past few weeks and the money he had spent on other girls, he suggested stopping in for something to eat.

Again that strange feeling came over me, so I ordered light. Then it happened—as we were about to leave, I turned and noticed my friend with the blankest expression on his face and an empty billfold. Imagine my embarrassment and humiliation on having to pay the bill in a place where I am well known and where a group of people stood staring at us.

#### Embarrassing Moment

Judge and Mrs. DeFost are visiting "Pops" for the evening. Baby has been put to bed.

Baby—(Calling down the stairs) Pops—Come up here with me.

Pops—Go to sleep, darling, the wife watch over you.

Baby—But, Pops, the angels are biting me.

#### TO REMOVE INK SPOTS ON FLOORS

If ink has been spilled on the floor, a light rubbing with wax will often remove the stain. If the ink mark is deep-seated, however, the spots may be bleached with oxalic acid, and then the floor should be washed well and re-waxed.

### AFRICANS SAY:

"Africans have much in common with us. We sit and wisdom expressed in their proverbs show. It is time for us to get away from the notion that they are in an inferior and barbaric state. In more than one sense, we Americans are less civilized and more barbaric than they."—C. J. BENDER.

### WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rin' to Go

If you feel sour and sick and the world looks pink, don't swallow a lot of pills, mineral water, oil, laxative candy or chewing gum and expect them to make you suitably sweet and innocent and full of sunshine.

For they can't do it. They only move the bowels and a mere movement down to get at the cause. The reason for your downcast feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just stagnates in the bowels, gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. See at all stores. © 1931 C. M. Co.

# "Feeling Awful Good Now, Mommy!"

The Colicky Pains are All Gone...

The dear little fellow can't speak but his eyes and smile tell you that the fuss is all over and he's feeling just dandy now. "Just a little bit of colic," says the doctor, but to baby-boy it was an awful feeling of sickness that he just couldn't understand. Mommy, who has lovingly borne the pain of bringing this sweet little soul into the world, understands however, and she won't ever let it happen to baby again.

She knows that the best way to prevent colic is to avoid gas in stomach and bowels by keeping the entire intestinal tract open and free from waste. This clogging of sensitive little bowels is the great enemy to baby health.

This is just the place where Castoria is useful as Mother's greatest helper. Genuine Castoria is made specially for the needs of babies and children. It is a purely vegetable preparation made by a

great company according to the highest standards, and does its work with the utmost gentleness. Unrecommended preparations may contain harsh drugs or narcotics and should be strictly avoided.

For many years Castoria has helped wise mothers through trying ordeals with colicky babies, with children suffering from digestive upsets, colds and other little ailments. Always keep a bottle on the shelf in case of emergency. If baby needs regulating don't put it off just because he is not actually ill. Smart mothers study the actual causes of illness and take steps to prevent it in advance.

Incidentally, you don't run any chance of making baby more fretful by giving him Castoria. Children never fight it—they like its taste and the relaxed comfort it gives them.
