

# Is Suicide the Only Way Out?

mann Keyserling, philosopher, who says:

No marriages are so disastrous as those which have been entered upon for love. Not merely because "love is essentially unjust, prejudiced, exclusive, covetous, and lacking in charity," but fundamentally because love is entirely a securing a legal outlet for their sexual energy; they drink of it as a honeymoon of happiness.

Marriage as happiness, when "every one is by nature polygamous, and woman more so than man?"—when man and woman

both as individuals and as types, are fundamentally different, incomplete carnal satisfaction; they are forever incapable of mutual

understanding?—and when the more highly developed an individual is, the more differentiated and sensitive he is, the harder it becomes for him to find happiness in marriage?"

To guard against infidelity (says Keyserling) the basic strategy is physical; the partners must learn to give each other the completest carnal satisfaction; and if this wisdom is not provided by instinct it should be studied and learned.

Suicides, then, could be reduced by the adoption of this line of reasoning and philosophy in love and marriage.

### A New Solution

Writing in the Saturday Review recently Sidney Hampden says: "The time may well come when a man who walks into a government office and says: 'I am no use to society, and a burden on my family. May I fill out a form for a painless death?' will be reckoned a good citizen and not a criminal."

## THE HUMAN THING TO DO

A thoughtful hostess supplies her guest room with books. A good detective story, a modern novel, a book on poems and one or two standard works are a good assortment for the average house.

Never open a letter in company unless you know it is urgent, then you may do so, after asking the consent of those present.

When a woman stops to talk to any one at his table, a gentleman must rise and remain standing whether she is speaking to him or not.

There is no excuse for lumpy gravy. Add a pinch of salt to the flour used for thickening before mixing it with water.

## End GRAY HAIR

Instantly, Effectively, Safely

"I tried your hair dye the first time this morning and found it much better than anything I have used before. It is perfectly natural and cannot be detected from the natural color."

## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning

If you feel sore and weak and the world looks gray, don't swallow a lot of acids, mineral water, or laxative pills or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just stays in the bowels. That builds up your stomach. You have a thick, bad taste and your breath is foul. Your skin often breaks out in pimples. Your head aches and you feel worn and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "top notch" again. They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

Don't take any other pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. 25c at all stores. © 1931 C. M. Co.
