Upper left is Snakehips Freddy Taylor, whom Snakehips Earl Tucker (upper right) and originator of the dance, accuses of stealing his dance (Center), shows Chilton and Thomas, stars of the "Wonder Bar," who warned dancers to lay off their routine. Lower right is Louis Armstrong, who has more imitators than any other performer.

WEAKNESS TIRED FEELING

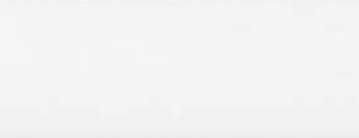

A TIRED feeling that hangs on, day and night, whether you work or not, often goes away following the use of Cardui. With improved strength, monthly periods quit bringing so much of the suffering that women dread, and pains due to a run-down condition are overcome in a wholesome, natural way.

"I suffered so much with severe pain and a weakness in my back. At times, it seemed I could not stand it. When I would have to stand on my feet the pain was very bad. I would get so weak I knew I must take something. I had heard so much of Cardui, I decided to try it. After taking two bottles, I felt all right. I can highly recommend Cardui."—Mrs. Cora Smith, Montgomery, Ala.

Thousands of other women have said that Cardui helped them. Build up your strength with the assistance of Cardui, a harmless medicinal tonic that women have taken for over fifty years.

Cardui is sold at drug stores.

Age-Old Feud Between Actors Looms in Harlem

By MATT HUGHES

The old theatrical war that for years has been raging along the Grand Canyon of Broadway is equally as ferocious in the hotter spots of Harlem.

The fight between originator and imitator has always been a battle royal in the theatrical world.

The latest outbreak came in Harlem when Earl Tucker, former Baltimorean, and originator of the weird torso twister, the "snakehips," recently refused to go on at Connie's Inn. At the Pearl last week where he rioted the gang he said:

"I refused to go on while Freddie Taylor, my imitator, was present because he has made it a habit to copy every new move I add to my routine. I have no objection to this sort of thing, but I think as the originator I'm due credit, and this Taylor refuses to give me."

"Since Taylor was a free agent at the club I did not feel as if I was obliged to go on."

Rector and Bojangles

This recalls the battle in 1929 between Bill Robinson and Lew Leslie when the former threatened to sue the "Blackbirds" producer because he permitted Eddie Rector to use his famous dance on the stairs in Europe.

Robinson refused to make the trip

to Paris with the Blackbirds troupe. Leslie put Rector in the cast to do the same routine which was one of the hits of the show. Quite a legal angle followed.

Many variations of the dance used by Bojangles are presented on the stage.

The Lucky Seven Trio, one of the classiest combos on the stage, do a dance of this nature only instead of using steps they use three large dice.

Sunshine Sammy is the only performer who uses Bojangles's dance regularly with the latter's permission. He always prefaces his performance, however, with the announcement that he is giving an imitation of Bill Robinson.

Louie Armstrong

No artist has been imitated as widely in recent years as Louie Armstrong. Both amateur and professional performers have aped the style of this famous artist.

Already the radio is flooded with quartets trying to steal the style of the Mills Brothers. These boys manage to keep a few jumps ahead of their closest rivals by hard work and their uncanny ability to affect novel and unexpected arrangements.

Miller and Lyles contended that Freeman and Gosden stole their style when they created Amos 'n Andy for the radio.

Ethel Waters

Although she towers at the top of feminine artists, Ethel Waters, because of her distinct originality and personality, has few, if any, imitators. It takes more than the copping of a song to imitate the

Ethel. She stands alone.

While both white and colored performers have used the signature song of Cab Caloway to rare advantage, few can panic the audience with "Minnie the Moocher," like this lad.

The gag war has raged for years along Broadway. Leading comedians are bitter enemies today because one lifted the wisecracks of the other. The tendency to steal material is so pronounced among the big shots that Eddie Cantor, George Jessel and a few other leading Jewish comedians have a pact whereby they wire their new gags to each other the moment they are invented so that their particular clique can use them before the outsiders steal them.

A simple way to remove wrinkles from garments is to moisten common starch with water, apply on the wrong side with a cloth, and then iron.

Household Hints

By S. H. B.

To guard against burglars or sneak thieves, here is a simple and expedient method of protection of pantry or other accessible windows which have to be opened for ventilation. Drill holes in the sill about six inches above the middle sash and insert two and one-fourth inch screws, driving them in hard, leaving an inch extended.

Either sash can be opened from top or bottom, the screws preventing any further opening.
