WEIGHT CONTROL

Summer effects people differently fill in each tomato. Arrange in a bakwhen it comes to the question of ing pan. Bake in a moderate oven of now being prepared by the governin the summer months than during until tender. Two or three times dur- ments of the world powers." the cooler seasons, they will put on ing the baking baste them with some weight, while others begin to lose as of the dressing. on as warm weather comes. To most of those who are interested

in their weight, the question of weight control becomes one of self-control, and exercising the intelligence will be the most effective way to lose the sur-plus pounds or to gain thm as the case may be. Without altering the usual meals served to the family, it is possible to curtail or increase the calorie intake of the individual members. If an person lives a well-regulated life and eats a diet adequate in every othr essntial xcept calories, weight reuction can be accomplished with no wise slices. Parboil and place in one children and at least a pint for adults; been mixed with cheese & parsley, at least two servings of vegetables, Place butter cut into bits over the top. of meat, fish, cheese or eggs; one ser- requires about 25 minutes. ving of a whole grain cereal and en-

It is in this last class that the person wishing to reduce, limits his choice. Likewise the person wishing to gain in weight should increase the a-mount of high calorie value.

The quality of both diets will be equally good if based on the above meal planning pattern. It is the calories that make the difference. A low calorie recipe which will fit into the typical family menu is:

Baked Tomatoes

6 firm medium tomatoes 1/2 cup well seasoned French Dressing

2 thsp. cracker crumbs 2 thsp. melted butter 1/4 & up thep, grated cheese

Wash and cut a thin slice from the top of each tomato, then hollow them

out slightly. Place 1 tablespoon Fren-

1 The climax is more or less stereotyped and to be expected. David captures the slayer of his father who was less there. Organize the marine workers there. Question: How much did the North- man; the valuable jade once owned pons- we must have organization and It is nothing if not a wet blanket. It In the meanwhile that two fisted, western Electric Company pay last by his father becomes his possession, and, of course, Ruth learns every of his remarks.

Mauritz Hallgren, long connected with liberal literary activity and at the present time covering official Washington for the NATION, exposed the war-plans of the Administration. He enumerated the "peace conference" failures of the past, and explained how larg sums of money are being stolen from public funds to build war machinery. He also outlined the possibilities of blood shed and horror of the next war, with improved chemical equip

Richard Lovelace outlined the part which the victims of the past war E must play in the drive to fight future 4 wars. He told about the Economy Act, and its curtailment of veteran benefits, driving thousands of disabled men to desperation. "It is indeed startling that the government has out nearly half a billion dollars from disabled veterans' benefits, and has appropriated just about that amount in lumps sums for war preparations," he said. "In the name of the thousands of young men who fought and died in the last war; in the name of the thousands of crippled, disabled men who ch Dressing in the hollow of each returned from that war to grim future, tomato. Combine the cracker crumbs, I urge you to conduct a constant fight, cheese and melted butter, and use to pledging your every effort and sup-

The U. S. Congress Against War and the various local conferences being held in preparation call for the most active unity on the part of all American peoples-workers, farmers. and intellectuals-Negro and white. All the speakers pointed out that only by such united participation in the campaign could the horrors of impending wars be protested. It is hoped by all those interested in the anti-war drive that Negro workers, profession Peal cucumbers and cut into cross- als, and business people will answer injury to health. The important point cup of water for 3 or 4 minutes. Drain to remember in any diet, whether it and place in buttered baking dish. be a reducing, a normal, or ab uilding Combine beaten egg yolks, milk, sait into the fight, and attending the Conto up one, is that each day it contain the & pepper. Pour over the cucumbers, gress in New York as delegates, armed following essentials: Milk, a quart for Cover with bread crumbs that have with a determination to do their part been mixed with cheese & parsley. toward preventing another "Jim-Crow" one green or yellow; two servings of Bake in a slow oven (350 F) until blood-bath-in which the world will fruit, one citrus or tomato; a serving crumbs brown & butter melts. This again be bathed in the blood of Negro and white workers.
